Rape Crisis And Recovery:

Rape Ann Wolbert Burgcs, Lynda Lytle Holmstrom, 1979 Recovery Helen Benedict, 1994 How will patterns of human interaction with the earth's eco system impact on biodiversity loss over the long term not in the next ten or even fifty years but on the vast temporal scale be dealt with by earth scientists This volume brings together data from population biology community ecology comparative biology and paleontology to answer this question Rape Ann Wolbert Burgcs, Lynda Lytle Holmstrom, 1979 **Attitudes Toward Rape** Colleen A. Ward, 1995-06-22 This innovative book looks at popular perceptions of sexual violence and asks such key questions as How is rape defined Who is responsible for sexual assault How can rape be prevented The author critically examines feminist and psychological theory and research on attitudes towards rape Drawing on case studies survey research experiments fieldwork and action oriented research from Europe North America and Asia Ward combines qualitative and quantitative approaches to understanding sexual violence She highlights the negative consequences for rape victims of biased and prejudicial perceptions of sexual violence including those of legal medical and helping professionals and discusses the impact of these attitudes on victims self perceptions The book concludes by suggesting strategies for changing ideas about sexual assault including for example action oriented research which is designed to raise consciousness and improve services for victims Recovering From Rape Linda E. Ledray, 1994-08-15 If you have been sexually assaulted you are probably experiencing a mix of fear anger and depression If you are a relative friend or lover of someone who has been assaulted you too may be deeply affected by the incident and by the survivor's reaction to it However working together survivors and their loved ones can recover and may even be able to turn the recovery into an opportunity for positive change and growth This comprehensive handbook offers emotional support and practical guidance in overcoming the trauma of rape It explains what to expect at the police station at the hospital and if necessary in court and it helps readers learn the most effective ways of dealing with their feelings immediately following an assault during the subsequent few months and beyond The experiences of survivors recounted throughout the book reassure readers that others have pulled through Dr Ledray helps survivors realize that no matter what they did wore a low cut blouse accepted a ride from a stranger invited an acquaintance home they did not deserve to be raped She guides them from guilt or disbelief through bitterness and despair to the decision to take back control of their lives **Domestic Violence**, 1980 *Violence Against Women* Carolyn F. Wilson, University of Wisconsin--Extension. Women's Education Resources, 1980 Post-Traumatic Therapy And Victims Of Violence Frank Ochberg, 2013-06-17 Frank Ochberg one of the pioneers in the field has brought together nationally and internationally recognized experts who have treated thousands of victims in such subspecialty areas as rape incest and battering as well as Vietnam veterans and refugees They provide a wealth of knowledge about Post Traumatic Therapy PTT within these populations PTT is not just a series of techniques but a clinical philosophy that requires empathic understanding of the victim collaboration between therapist and client and recognition of

empowerment as a therapeutic tool PTT centers on stress and coping focuses on the strengths of the victim and is integrative with respect to biological psychological and social fears *Post-traumatic Therapy and Victims of Violence* Frank M. Ochberg,1988 First Published in 1988 Routledge is an imprint of Taylor Francis an informa company Sexuality Counseling Kay Frances Schepp,2013-08-21 First published in 1986 Sex education is a necessary component of sexuality counseling A practitioner needs to be a sensitive effective educator in order to help people remedy sex related problems and prevent future ones This program is about professional counseling and assumes that the reader has training or intends to obtain it in an established helping profession Emergencies in Mental Health Practice Phillip M. Kleespies,2000-01-27 Focusing on acute clinical situations in which there is an imminent risk of serious harm or death to self or others this practical resource helps clinicians evaluate and manage a wide range of mental health emergencies Authors examine how to distinguish crises that are emergencies from those that are not and provide basic instruction in crisis theory and emergency interviewing The volume then provides guidelines for intervening with suicidal patients potentially violent patients and vulnerable victims of violence as well as patients facing life and death medical decisions with careful attention to risk management and forensic issues Also addressed are emergency related conditions including self mutilation alcohol and drug related crises adverse reactions to psychotropic medication and psychological symptoms of medical conditions Finally chapters consider the effects of emergency intervention on clinicians and offer suggestions for managing stress

Understanding Victimology Peggy M Tobolowsky,2000-01-01 Understanding Victimology **People v. Stanaway; People v. Caruso, 446 MICH 643 (1994)** ,1994 92269 **Rape and Sexual Assault** Rebecca T. Klein,2013-07-15 It is estimated that almost 1 3 million women and girls in the United States are raped each year Fifty four percent of rapes go unreported and 97 percent of rapists are never incarcerated for their crimes This guide to coping with rape and sexual assault takes readers by the hand and guides them through the survival process whether the reader is a victim or the friend of a victim Beginning with what to expect when reporting the crime and ending with becoming an activist in order to help others this guide is a must read for any individual who needs information and support **Trauma and Recovery** Judith Lewis Herman,2015-07-07 In this groundbreaking book a leading clinical psychiatrist redefines how we think about and treat victims of trauma A stunning achievement that remains a classic for our generation Bessel van der Kolk M D author of *The Body Keeps the Score* Trauma and Recovery is revered as the seminal text on understanding trauma survivors By placing individual experience in a broader political frame Harvard psychiatrist Judith Herman argues that psychological trauma is inseparable from its social and political context Drawing on her own research on incest as well as a vast literature on combat veterans and victims of political terror she shows surprising parallels between private horrors like child abuse and public horrors like war Hailed by the New York Times as one of the most important psychiatry works to be published since Freud Trauma and Recovery is essential reading for anyone who seeks to understand how we heal and are healed **Handbook of**

Women, Stress and Trauma Kathleen A. Kendall-Tackett, 2013-01-11 The Handbook of Women Stress and Trauma focuses on the stresses and traumas that are unique to the lives of women. It is the first text to merge research from the fields of trauma and women's health and development. Using a lifespan developmental approach, the text begins by addressing specific issues women face in their lives, drawing upon theories of development and exploring how women's relationships with others buffer or sometimes cause stress and trauma. Combining aspects of female development with empirical data from the fields of women's health, family violence, and stress and coping, this volume helps sensitive care providers to the specific needs of women exposed to traumatic events.

The Long Journey Home Andrew J. Schmutz, 2011-10-01 Maybe the only thing new about sexual abuse is quality discussion from several professions: psychology, theology, and pastoral care. Here are the insights of over two dozen psychologists, theologians, and those in pastoral care, all targeting the issue of sexual abuse. Designed as a resource for Christian educators, therapists, pastors, social workers, group leaders, and survivors, *The Long Journey Home* combines current research in mental health with rich theological reflection, global concern with fervent pastoral wisdom for the local faith community. Whether you are a counselor, professor, pastor, or spouse of a survivor, you hold in your hand a fresh resource of information and advocacy for those suffering from the devastating effects of sexual abuse and rape. The breadth of material, biblical insight, discussion, questions, and helpful resources gathered here just may be the tool of a generation.

Recovery from Trauma, Addiction, Or Both Lisa M. Najavits, 2017-08-20 Leading trauma and addiction specialist Lisa Najavits, creator of the evidence-based Seeking Safety treatment model, has trained thousands of therapists in innovative techniques to help people heal and reclaim their lives. Now she puts an array of science-based self-help strategies directly in the hands of readers. This motivating book is packed with compassionate stories and carefully designed reflection questions, exercises, and practical tools that can be downloaded and printed for ease of use. Dr. Najavits explains the links between trauma and addiction and guides people experiencing either or both to make meaningful changes. Each concise chapter offers practical ideas that readers will return to again and again to keep themselves safe while building skills for coping with painful past events and finding a brighter way forward. Mental health professionals see also the author's *Seeking Safety: A Treatment Manual for PTSD and Substance Abuse*, which presents an evidence-based treatment approach developed specifically for PTSD and substance abuse.

Narratives of Recovery from Mental Illness Mike Watts, Agnes Higgins, 2016-07-15 *Narratives of Recovery from Mental Illness* presents research that challenges the prevailing view that recovery from mental illness must take place within the boundaries of traditional mental health services. While Watts and Higgins accept that medical treatment may be a vital start to some people's recovery, they argue that mental health problems can also be resolved through everyday social interactions and through peer and community support. Using a narrative approach, this book presents detailed recovery stories of 26 people who received various diagnoses of mental illness and were involved in a mutual help group known as GROW. Drawing on an in-depth analysis of each story, chapters offer new

understandings of the journey into mental distress and a progressive entrapment through a combination of events feelings thoughts and relationships The book also discusses the process of ongoing personal liberation and healing which assists recovery and suggests that friendship social involvement compassion and nurturing processes of change all play key factors in improved mental well being This book provides an alternative way of looking at mental illness and demonstrates many unexplored avenues and paths to recovery that need to be considered As such it will be of interest to researchers academics and postgraduate students in the fields of psychiatry psychology nursing social work and occupational therapy as well as to service providers policymakers and peer support organisations The narratives of recovery within the book should also be a source of hope to people struggling with mental illness and emotional distress Everything You Need to Know About Healing from Rape Trauma Cheryl Branch Coppin, 1999-12-15 Identifies the nature causes and victims of rape discusses common misconceptions about it and offers advice on healing from sexual assault
