Rapture Fever Why Dispensationalism Is Paralyzed:

Rapture Fever Gary North,1993 The Rise and Fall of Dispensationalism Daniel G. Hummel,2023-05-04 A fascinating history of dispensationalism and its influence on popular culture politics and religion In The Rise and Fall of Dispensationalism Daniel G Hummel illuminates how dispensationalism despite often being dismissed as a fringe end times theory shaped Anglo American evangelicalism and the larger American cultural imagination Hummel locates dispensationalism s origin in the writings of the nineteenth century Protestant John Nelson Darby who established many of the hallmarks of the movement such as premillennialism and belief in the rapture Though it consistently faced criticism dispensationalism held populist and briefly scholarly appeal visible in everything from turn of the century revivalism to apocalyptic bestsellers of the 1970s to current internet conspiracy theories Measured and irenic Hummel objectively evaluates evangelicalism s most resilient and contentious popular theology As the first comprehensive intellectual cultural history of its kind The Rise and Fall of Dispensationalism is a must read for students and scholars of American religion

After Dispensationalism Brian P. Irwin,2023-05-03 What God wants his people to know about the end times Christians fixation on the end times is not new While eschatological speculation has sometimes resulted in distraction or despair Scripture does speak about the end So what does God most want us to know and do with prophecy In After Dispensationalism Brian P Irwin and Tim Perry sympathetically yet critically sketch the history beliefs and concerns of dispensationalism Though a minority view in the sweep of church history and tradition dispensationalism is one of the most influential end times systems today and there is much to learn from it And yet sometimes it gets sidetracked by overlooking the prophets main concerns Irwin and Perry reexamine the key texts and show that Ezekiel Daniel and Revelation primarily give a word of hope to God s people

Israel, Rapture, Tribulation Michael Earl Riemer,2021-05-23 Jesus is coming soon for all signs point to His arrival again The Last Days are upon us again The Great Tribulation is about to start again We will see the Lord coming in clouds of glory for we are the last generation again Even before William Miller pronounced these kinds of tidings for 1843 and when it didn t occur he assured his followers it would happen on October 22 1844 this refrain was common from Christians down throughout the ages However since the time of Miller and especially since 1948 when the nation of Israel was given birth the chorus of Christian voices proclaiming End Times and Last Days is a constant message The problem all those who have preached this since 70AD have been wrong always 100% of the time In the Revelation of Jesus given to Saint John he assures the seven Churches the time was near it was in fact at hand The letter closes with the assurance of that fact the Lord was coming soon for Jesus states Surely I come quickly Revelation 22 20 So that leaves us with two perplexing and bewildering conclusions Jesus was wrong about His soon coming and those who preach this have also been preaching a tall tale a cock and bull story However the early Christians did not believe what is being taught across today s pulpits concerning this teaching They knew those events would happen in their lifetime not 2 000 years in the future

they took Jesus at His word and it saved their lives In this book you will find the doctrine believed by early Christians and the reason the modern Last Days doctrine has always been wrong and how it was fulfilled You will also find the message taught by Jesus and presented throughout the Holy Scriptures hope and victory for Christ s Church

Will Catholics Be Left Behind? Carl Olson, 2009-09-03 This powerful and timely book written by a former Fundamentalist is a thorough critique of the popular Fundamentalist notion of the Rapture the belief that Christians will be removed from earth prior to a time of Tribulation and the Second Coming It examines the theological historical and Biblical basis for premillennial dispensationalism the belief system based around the Rapture and popularized in the best selling Left Behind books and taught by Bible prophecy writers Tim LaHaye Hal Lindsey Jack Van Impe and many others Written for both the lay person and the serious student this book combines an engaging popular approach with detailed footnotes and exhaustive research Beginning with the big picture it focuses first on key concepts such as eschatology the Parousia and the relationship between the Kingdom and the Church It then examines the Book of Revelation providing insights into the nature and purpose of that difficult final book of the Bible Another chapter looks at the concept of the millennium and how it has been understood by various Christians over the centuries Olson then shows how Left Behind creator LaHaye s many works on Bible prophecy are filled with attacks on Catholicism and often rely on sensationalism shaky scholarship and subjective interpretations of Scripture Olson a former dispensationalist who now edits Envoy magazine also presents a history of apocalyptic belief and theology beginning with the Early Church Fathers and including the Montanists St Augustine Joachim of Fiore the Protestant Reformers and the American Puritans He shows how John Nelson Darby an ex Anglican priest developed the premillennial dispensationalist system which hinges on the Rapture in the 1830s and how Darby relied upon faulty assumptions about Jesus Christ the Church and the Bible The second part of the book A Catholic Critique of Dispensationalism focuses on three important topics the relationship between Israel the Church and the Kingdom the interpretation of Scripture and the nature of the Rapture event Filled with a wealth of information drawn from both Protestant and Catholic sources this section provides a complete rebuttal to the premillennial dispensationalist system and the left behind theology The book concludes with a reflection on the Catholic understanding of the end times salvation history and the final judgement Glossaries of key persons and terms are also included A strong but fair critique of a dangerous and popular belief Will Catholics Be Left Behind provides Catholics and Protestants lay people and clergy and students and scholars with important answers and information about the roots and meaning of the Rapture Millions of Americans believe the Lord will snatch them up any day now leaving the rest of us to the horrors of a seven year tribulation The hitch is that the Rapture has no pedigree As Carl Olson shows no Catholic or Protestant believed in it prior to the nineteenth century It is an authentic Fundamentalist invention Karl Keating Author Catholicism and Fundamentalism In this extraordinary book Carl Olson uses a surgeon s scalpel to cut through the mass of confusion that dominates contemporary reflection on the Last Things Achieving far more than a refutation of

millennialist errors and other disordered apocalyptic theories he illumines the Church's majestic vision of time and eternity and demonstrates that Jesus Christ is the Lord of History and its end Michael O'Brien Author Father Elijah **Blueprint for Theocracy** James C. Sanford, 2014 This investigation sheds new light on the confrontational stance the religious right has taken toward contemporary America by examining the nature and origins of its highly charged ideas It traces its belief system commonly called the Christian Worldview to four Christian thinkers Abraham Kuyper Cornelius Van Til Rousas John Rushdoony and Francis Schaeffer known for their anti-modernist authoritarian and in some cases openly theocratic ideas Although virtually unknown to most Americans these men have been treated like patron saints by the religious right Their ideas seriously discussed within the movement and codified in Christian Worldview documents during the 1980s have been widely disseminated to followers through textbooks and seminars evolving over time into standard talking points The book then examines how the ideology buttresses the movement's controversial right-wing agenda It explores how the Christian Worldview advances a concept of total truth that is unique to biblical Christians and enables them to redefine freedom law government and even history and science in their own infallible terms A vision for the future and plan of action are formed on the basis of these certainties The book concludes by discussing the danger the ideology poses to pluralist society and offers intelligent ways of confronting it The Army of God: the Church Carl Wells, 2008-11-26 There is no available information at this time *For Zion's Sake* Paul Richard Wilkinson, 2008-12-01 By locating Christian Zionism firmly within the Evangelical tradition Paul Wilkinson takes issue with those who have portrayed it as a totally unbiblical menace and as the roadmap to Armageddon Charting in detail its origins and historical development he argues that Christian Zionism lays the biblical foundation for Israel's restoration and the return of Christ No one has contributed more to this cause than its leading architect and patron John Nelson Darby an uncompromising champion for Christ's glory and God's truth This groundbreaking book challenges decades of misrepresentation and scholarship exploding the myth that Darby stole the doctrine of the pre-tribulation Rapture from his contemporaries By revealing the man and his message Paul Wilkinson vindicates Darby and spotlights the imminent return of the Lord Jesus Christ as the centerpiece of his theology New Religious Movements and Religious Liberty in America Derek Davis, Barry Hankins, 2003 New nontraditional religious movements are the most likely groups to offend mainstream culture and the least likely to have representatives in government to ensure that their liberty is protected These new religious movements are sometimes ostracized and subject to various forms of discrimination As America becomes increasingly pluralistic with more and more groups contributing to the nation's religious mosaic new religious movements may well play an increasing role in the course of religious liberty in America just as groups such as the Jehovah's Witnesses did formerly This book explores the problems and possibilities posed by new religious movements for religious liberty in America **The Persecution of Christians Concerns Us All** Thomas Schirrmacher, 2018-05-10 In this situation I can highly recommend Dr Thomas Schirrmacher's new book It gives a clear and logical insight in many of the

questions even people who consider themselves nonreligious people now ask It can best be read with an open Bible and some open daily newspaper It will give a surprisingly new insight into what it means to live in a time like this From the preface by the Very Rev Johan Candelin Director of the Religious Liberty Commission of the World Evangelical Alliance Suffering comes in many forms but the one that Scripture tells all Christians to expect is persecution for one's faith As Thomas Schirrmacher's theological study will demonstrate the Bible has a tremendous amount to teach us about persecution Without a Biblical understanding we are unlikely to fully grasp the nature of the spiritual battle I am delighted therefore that his book puts the Bible's teaching on persecution centre stage Preface by Julia Doxat Purser Socio Political Representative the WEA represents churches with 600 million members altogether He also is a member of the board of the International Society for Human Rights Schirrmacher regularly testifies in the German parliament and other parliaments in Europe as well as in the EU in Brussels the OSCE in Vienna and other international bodies His has written 102 books three of his newest books are Fundamentalism Racism and Human Trafficking He has earned four doctorates in missiology and ecumenical theology in cultural anthropology in ethics and in sociology of religion and received two honorary doctorates from the USA and India

The Return Thomas Ice, Timothy J. Demy, 1999-02-01 Foreword by Charles C Ryrie This work presents a biblically based reasoned examination of the second coming **The Kingdom of Christ** Russell Moore, 2004-10-18 In this scholarly work Russell D Moore relates the history leading up to the new Kingdom consensus among evangelicals from the time theologian Carl F H Henry called for it fifty years ago He examines how this consensus offers a renewed theological foundation for evangelical engagement in the social and political realms While evangelical scholars and pastors will be interested in this sharp insightful book all evangelicals interested in public policy will find it useful in discovering how this new Kingdom perspective works out in the public square **The Covenantal Kingdom** Ralph Smith, 1996 **It Was at Hand** Michael E.
