The Documentary History of the Ratification of the Constitution: Ratification of the Constitution by the States: New York (2) Merrill Jensen, 2004 **The Documentary History of the Ratification of the Constitution** Merrill Jensen, John P. Kaminski, Gaspare J. Saladino, 2003 This landmark work in historical and legal scholarship draws upon thousands of sources to trace the Constitution's progress through each of the thirteen states' conventions. Provided by publisher To Form a More Perfect Union Craig R. Smith, 1993-08-24 This book presents research on the emergence of the Bill of Rights from the constitutional ratification debates through to adoption of the first ten amendments of the Constitution. Its aim is to answer the following questions: when did Americans first see the need for a Bill of Rights? Who provided the inspiration for its enactment? What were the circumstances that led to the proposing of a Bill of Rights? And why is it important for us to understand how our Bill of Rights came into existence? This study begins in Europe in 1456 with the historical framework that traces the evolution of the Bill of Rights; it ends with the ratification of ten amendments to the new United States Constitution in December of 1791. Co-published with the Center for First Amendment Studies *The Documentary History of the Ratification of the Constitution and the Bill of Rights, Volume 41* John P. Kaminski, 2025-10-07 A new volume in the venerable constitutional history series. The fifth in a five-volume series examining the intense debate over the drafting and ratification of the first Ten Amendments to the Constitution. The Bill of Rights No. 5 is the latest and final work in the landmark Documentary History of the Ratification of the Constitution series. The Bill of Rights series represents a profoundly important documentary record of the effort to protect human rights during the Revolutionary War Era. The volume includes state bills of rights and excerpts from state constitutions that protected rights; actions taken under the Articles of Confederation to protect rights; and the debate over rights in the Constitutional Convention of 1787 among a wealth of other documentation. The series will greatly aid those interested in learning how Americans of the Founding generation established a strong federal system of government while at the same time safeguarding the rights of the people. Begun in 1976, The Documentary History of the Ratification of the Constitution series is a reference collection that aims to preserve the state-by-state debates about the ratification of the United States Constitution **Ratification** Pauline Maier, 2010-11-23 The defining book of the American Revolution era and a winner of the George Washington Book Award, *Ratification* chronicles the pivotal moments and key figures in transforming the US Constitution from an idea into a transformational document and the Constitutional Convention into a working government. When the delegates left the Constitutional Convention in Philadelphia in September 1787, the new Constitution they had written was no more than a proposal. Elected conventions in at least nine of the thirteen states would have to ratify it before it could take effect. There was reason to doubt whether that would happen. The document we revere today as the foundation of our country's laws, the cornerstone of our legal system, was hotly disputed at the time. Some Americans denounced the Constitution for threatening the liberty that Americans had won at great cost in the Revolutionary

War One group of fiercely patriotic opponents even burned the document in a raucous public demonstration on the Fourth of July In this splendid new history Pauline Maier tells the dramatic story of the yearlong battle over ratification that brought such famous founders as Washington Hamilton Madison Jay and Henry together with less well known Americans who sometimes eloquently and always passionately expressed their hopes and fears for their new country Men argued in taverns and coffeehouses women joined the debate in their parlors broadsides and newspaper stories advocated various points of view and excoriated others In small towns and counties across the country people read the document carefully and knew it well Americans seized the opportunity to play a role in shaping the new nation Then the ratifying conventions chosen by We the People scrutinized and debated the Constitution clause by clause Although many books have been written about the Constitutional Convention this is the first major history of ratification It draws on a vast new collection of documents and tells the story with masterful attention to detail in a dynamic narrative Each state s experience was different and Maier gives each its due even as she focuses on the four critical states of Pennsylvania Massachusetts Virginia and New York whose approval of the Constitution was crucial to its success The New Yorker Gilbert Livingston called his participation in the ratification convention the greatest transaction of his life The hundreds of delegates to the ratifying conventions took their responsibility seriously and their careful inspection of the Constitution can tell us much today about a document whose meaning continues to be subject to interpretation Ratification is the story of the founding drama of our nation superbly told in a history that transports readers back more than two centuries to reveal the convictions and aspirations on which our country was built
