

# Ratifying the Constitution

---

## ❧ Ratification

- ❧ The process of ratification was tightly contested in all states
- ❧ Delaware approved first in 1787
- ❧ Rhode Island was last in 1790

# Ratifying The Constitution

**Michael Seilmaier**

## **Ratifying The Constitution:**

**Ratifying the Constitution** Michael Allen Gillespie, Michael Lienesch, 1989 How the United States Constitution was ratified by Delaware Pennsylvania New Jersey Georgia Connecticut Massachusetts Maryland South Carolina New Hampshire Virginia New York State North Carolina Rhode Island Ratification Pauline Maier, 2010-11-23 The defining book of the American Revolution era and a winner of the George Washington Book Award Ratification chronicles the pivotal moments and key figures in transforming the US Constitution from an idea into a transformational document and the Constitutional Convention into a working government When the delegates left the Constitutional Convention in Philadelphia in September 1787 the new Constitution they had written was no more than a proposal Elected conventions in at least nine of the thirteen states would have to ratify it before it could take effect There was reason to doubt whether that would happen The document we revere today as the foundation of our country's laws the cornerstone of our legal system was hotly disputed at the time Some Americans denounced the Constitution for threatening the liberty that Americans had won at great cost in the Revolutionary War One group of fiercely patriotic opponents even burned the document in a raucous public demonstration on the Fourth of July In this splendid new history Pauline Maier tells the dramatic story of the yearlong battle over ratification that brought such famous founders as Washington Hamilton Madison Jay and Henry together with less well known Americans who sometimes eloquently and always passionately expressed their hopes and fears for their new country Men argued in taverns and coffeehouses women joined the debate in their parlors broadsides and newspaper stories advocated various points of view and excoriated others In small towns and counties across the country people read the document carefully and knew it well Americans seized the opportunity to play a role in shaping the new nation Then the ratifying conventions chosen by We the People scrutinized and debated the Constitution clause by clause Although many books have been written about the Constitutional Convention this is the first major history of ratification It draws on a vast new collection of documents and tells the story with masterful attention to detail in a dynamic narrative Each state's experience was different and Maier gives each its due even as she focuses on the four critical states of Pennsylvania Massachusetts Virginia and New York whose approval of the Constitution was crucial to its success The New Yorker Gilbert Livingston called his participation in the ratification convention the greatest transaction of his life The hundreds of delegates to the ratifying conventions took their responsibility seriously and their careful inspection of the Constitution can tell us much today about a document whose meaning continues to be subject to interpretation Ratification is the story of the founding drama of our nation superbly told in a history that transports readers back more than two centuries to reveal the convictions and aspirations on which our country was built **The Writing and Ratification of the U.S. Constitution** John R. Vile, 2012-07-13 The Writing and Ratification of the U S Constitution Practical Virtue in Action examines the events surrounding the development of the U S Constitution Setting these events within the context of the colonial conflict with Britain and the experience with state

constitutions under the Articles of Confederation John R Vile discusses the delegates who attended the Constitutional Convention of 1787 the major plans and proposals that delegates offered and the arguments that delegates made both in the Convention and in subsequent state ratifying debates that ultimately led to the adoption of the U S Bill of Rights Vile contends that the Convention and subsequent ratifying conventions were not mere exercises in political theory but practical attempts to formulate a workable government that all the states would ratify Focusing chiefly on records of debates at the Convention the book is a legal brief identifying key facts issues arguments and compromises and providing a unique window into the contestation surrounding this keystone American political moment This book is perfect for scholars and students in the field of American political history and development

**Ratification of the Constitution of the United States** United States. Congress. House,1833 *The Ratification of the Federal Constitution by the State of New York* Clarence Eugene Miner,1921 To Form a More Perfect Union Craig R. Smith,1993-08-24 This book presents research on the emergence of the Bill of Rights from the constitutional ratification debates through to adoption of the first ten amendments of the Constitution Its aim is to answer the following questions when did Americans first see the need for a Bill of Rights Who provided the inspiration for its enactment What were the circumstances that led to the proposing of a Bill of Rights And why is it important for us to understand how our Bill of Rights came into existence This study begins in Europe in 1456 with the historical framework that traces the evolution of the Bill of Rights it ends with the ratification of ten amendments to the new United States Constitution in December of 1791 Co published with the Center for First Amendment Studies The Documentary History of the Ratification of the Constitution: Ratification of the Constitution by the States: New York (2) Merrill Jensen,2004 **The Framing and Ratification of the Constitution** Leonard Williams Levy,Dennis J. Mahoney,1987 *Ratification of the Constitution U.S. Acts of the Several States Ratifying the Constitution of the United States of America* ,1833 *Religion, Ethnicity, and Politics* Owen. Ireland,2010-11-01 **Federalists and Antifederalists** John P. Kaminski,Richard Leffler,1998 For a quarter of a century between 1763 and 1788 Americans intensely debated the nature of government and the need to protect individual liberties The debate climaxed in the arguments over the ratification of the Constitution Through a selection of essential documents from 1787 and 1788 this new edition gives readers the flavor and immediacy of the great debate in all its fire brilliance and political intensity Organized by topic this is a convenient reference and teaching tool This updated edition contains an entirely new section on the debate over class structure property rights and the economy under the proposed Constitution an ideal introduction to a debate meaningful today **Ratifying the Republic** David J. Siemers,2004-08-01 This book explains how the United States Constitution made the transition from a very divisive proposal to a consensually legitimate framework for governing The Federalists proposal had been bitterly opposed and constitutional legitimation required a major transformation The story of that transformation is the substance of this book *Ratification of the Constitution U.S. Acts of the Several States, Ratifying the Constitution of the United States of*

*America* ,1833      **A Detailed History on the Trans-Atlantic African Slave Trade** Oswald Woode,2023-11-22 This African slave trade history is a detailed account of Africa s slave history that started in the fifteenth century It was started by the southern European Portuguese monarchs the family of royal lineages Portugal s golden age of discovery in sea exploration led Portugal to Africa by sea by the 1430s Then later in 1492 Christopher Columbus accidentally landed on the Native Indian American continent Columbus s trip was sponsored by Spanish royal families That was the period when the Roman Catholic nations Portugal and Spain were the dominant European nations Spain liberated her whole territory from Islamic occupation in late 1400s The Catholic Church was also very involved in signing treaties with their Roman Catholic spheres of influence nations By then Portugal already monopolized the African trade in African goods and human slave trade in the Portuguese dominated African territories Portugal first started shipping the African slaves to Europe With Spain s possession of the Americas this changed the African slave trade greatly The American territory promoted the biggest international African slave trade and economic gains for European prosperity to this day By the sixteenth century Catholic religious theocracy became challenged by other northern European powers The reformation movement in northern Europe led to the breaking away by northern European realms from the dominant Catholic religion and established their Protestant Christian religions These new emerging northern European realms also challenged Portugal s domination and grip of Africa s territories and Africa s slave trade and goods Based on the treaties signed between Portugal and Spain by Catholic popes Portugal was supplying the slaves and Spain was procuring and shipping the African slaves from Portugal s control and forced African slave labor to develop Spain s Americas through extended overseas colonies and Portugal s Brazil new colony Meanwhile Spain s takeover was contracting with European mercenaries the conquistadors to capture the American land from the Native Indians the original occupiers of the Americas The paradigm or blueprint of this African slave trade pattern already established by the Portuguese was later replicated by other European realms in Africa and the Americas and they continued the lucrative African slave trade for more than two hundred years The establishing of extended overseas territories or colonies by Europeans to build their economies both at home in Europe and the Americas using forced African labor goods and repatriation of European colonists to establish the new overseas extended to the Americas This book is information rich with the African slave trade history dynamics the European realms names of monarchs that participated European slave wars rivalries slave laws European merchants African noblemen and merchants slave ships religions European and African rituals Main African territories overseas sea routes used African chiefs merchants European slave ships ship captains accounts numbers of slaves shipped per trip goods exchanged major African tribes stories of names of slave warriors slave contracts European slave treaties African slave harbors slave rebellions on land on ships the making of American colonies America s Independence and Latin American countries the making of the first British Crown Freed slaves returned to the colony of Province of Freedom Sierra Leone etc      **Ratification of the Constitution U.S. Acts of the Several States, Ratifying**

**the Constitution of the United States of America. In the House of Representatives of the United States, January 19, 1833** United States. Congress. House, 1833      We the People ,1987      **THE GREAT REHEARSAL** CARL VAN DOREN, 1948      Parallel Accords Ronald Lampman Watts, Darrel Robert Reid, Dwight Herperger, 1990      **The Ratification of the Constitution** ,1988      *Religion, Ethnicity, and Politics* Owen S. Ireland, 1995-01-01 In September 1787 the Constitutional Convention in Philadelphia proposed a new Federal Constitution to replace the beleaguered Articles of Confederation Each state then had to call a convention of its own to vote on ratification Pennsylvania like many states was deeply divided over the new constitution For six months Federalists and Antifederalists fought a bitter and on occasion violent political battle with the Federalists ultimately prevailing In this detailed study of Pennsylvania the first in fifty years Owen S Ireland argues that the overwhelming majority of voters in Pennsylvania favored ratification While many modern views of the ratification conflict in America explain the Federalist success as a victory of the patrician minority over the plebeian majority Ireland finds that political divisions were based less on class sectional and occupational differences than on partisan attachments rooted in religious and ethnic conflicts The state Constitutionalist party dominated by Presbyterians opposed ratification while the Anglican led Republicans supported it Voters from Scots Irish and German Reformed backgrounds joined the Antifederalists and those from virtually every other ethnic and religious group supported the Federalists Ireland has long concentrated his scholarly work on assembling and analyzing quantitative data on politics and politicians in late eighteenth century Pennsylvania Here he uses the results of this research as the foundation on which to build a narrative of one of the most dramatic and significant events of the Revolutionary era
