Rational Discourse And Poetic Communication Methods Of Linguistic Literary And Philosophical Analysis:

Rational Discourse and Poetic Communication Roland Posner, 1982 **Poetic Language** Tom Jones, 2012-07-04

The first study of poetic language from a historical and philosophical perspective In a series of 12 chapters exemplary poems by Walter Raleigh John Milton William Cowper William Wordsworth Gerard Manley Hopkins Wallace Stevens Ezra Pound Frank O'Hara Robert Creeley W S Graham Tom Raworth Denise Riley and Thomas A Clark are read alongside theoretical discussions of poetic language The discussions provide a jargon free account of a wide range of historical and contemporary schools of thought about poetic language and an organised coherent critique of those schools including analytical philosophy cognitive poetics structuralism and post structuralism Via close readings of poems from 1600 to the present readers are taken through a wide range of styles including modernist experimental and innovative poetries Paired chapters within a chronological structure allow lecturers and students to approach the material in a variety of ways by individual chapters paired historical periods that are appropriate to different courses Language, Literature and Critical Practice David Birch, 2005-08-18

Using a wide ranging variety of texts the author reviews and evaluates a broad range of approaches to textual commentary introducing the reader to the fundamental distinction between actual and virtual worlds in critical practice The Fictions of Language and the Languages of Fiction Monika Fludernik, 2003-12-16 Monika Fludernik presents a detailed analysis of free indirect discourse as it relates to narrative theory and the crucial problematic of how speech and thought are represented in fiction Building on the insights of Ann Banfield's *Unspeakable Sentences* Fludernik radically extends Banfield's model to accommodate evidence from conversational narrative non fictional prose and literary works from Chaucer to the present Fludernik's model subsumes earlier insights into the forms and functions of quotation and aligns them with discourse strategies observable in the oral language Drawing on a vast range of literature she provides an invaluable resource for researchers in the field and introduces English readers to extensive work on the subject in German as well as comparing the free indirect discourse features of German French and English This study effectively repositions the whole area between literature and linguistics opening up a new set of questions in narrative theory **Literary Pragmatics**

(Routledge Revivals) Roger D. Sell, 2014-10-14 Up until the mid 1980s most pragmatic analysis had been done on spoken language use considerably less on written use and very little at all on literary activity This has now radically changed Pragmatics could be informally defined as the study of relationships between language and its users This volume first published in 1991 seeks to reposition literary activity at the centre of that study The internationally renowned contributors draw together two main streams On the one hand there are concerns which are close to the syntax and semantics of mainstream linguistics and on the other there are concerns ranging towards anthropological linguistics socio and psycholinguistics Literary Pragmatics represents an antidote to the fragmenting specialization so characteristic of the humanities in the twentieth century This book will be of lasting value to students of linguistics literature and society Roger D

Jakob von Uexküll's and Juri Lotman's works **Aesthetics of Renewal** Martina Urban, 2009-05-15 Martin Buber's embrace

of Hasidism at the start of the twentieth century was instrumental to the revival of this popular form of Jewish mysticism

Hoping to instigate a Jewish cultural and spiritual renaissance he published a series of anthologies of Hasidic teachings

written in German to introduce the tradition to a wide audience In Aesthetics of Renewal Martina Urban closely analyzes

Buber's writings and sources to explore his interpretation of Hasidic spirituality as a form of cultural criticism For Buber

Hasidic legends and teachings were not a static canonical body of knowledge but were dynamic and open to continuous

reinterpretation Urban argues that this representation of Hasidism was essential to the Zionist effort to restore a sense of

unity across the Jewish diaspora as purely religious traditions weakened and that Buber's anthologies in turn played a vital

part in the broad movement to use cultural memory as a means to reconstruct a collective identity for Jews As Urban

unravels the rich layers of Buber's vision of Hasidism in this insightful book he emerges as one of the preeminent thinkers on

the place of religion in modern culture Bibliography of Semiotics, 1975-1985 Viktoria Eschbach-Szabo, 1986-01-01 This

bibliography of semiotic studies covering the years 1975 1985 impressively reveals the world wide intensification in the field

During this decade national semiotic societies have been founded all over the world a great number of international national and local semiotic conferences have taken place the number of periodicals and book series devoted to semiotics has increased as has the number of books and dissertations in the field This bibliography is the result of a dedicated effort to approach complete coverage *Linguistics and Language Behavior Abstracts* ,2002 **Discourse Analysis of Biblical Literature** Walter Ray Bodine,1995 In committing themselves to the study of texts linguists have taken a long stride in a literary direction As discourse analysis brings the tools of linguistic analysis to bear on stretches of material larger than the sentence they come into close contact with the artistry of literature In the last third of this century scholars of the Hebrew Bible are gravitating in the same direction Perhaps even more consciously they are studying their texts as literature Cross pollination between these two groups is now in order The present volume is intended to help that happen It originates with biblical scholars and is addressed to our colleagues Its purpose is to introduce to them the developing field of linguistics known as discourse analysis In addition to students of the Hebrew Bible those who study ancient Near Eastern literatures the New Testament and early Jewish writings should find the following essays immediately relevant Students of literatures from other times and areas should also be able to benefit because of the pervasive emphasis on methodology Preface *Aims and Prospects of Semiotics* Herman Parret,Hans-George Ruprecht,1985 Annotation The two monumental volumes making up this collection of essays hold the names of the world's most renowned and respected scholars in the field of semiotics and does more than full justice to the extraordinary career of Algirdas Julien Greimas Before this mer boire of some seventy five essays kicks off the editors present a state of the art introduction which is followed by a unique bio bibliography of A J Greimas that trails the career of the master writer in unparalleled fashion through the years
