Rational Ancestors Scientific Rationality And African Indigenous Religions:

Rational Ancestors James Leland Cox,1998 This text explores the ways in which science as a confession of faith interacts with the faith of indigenous Africans to produce a horizon of understanding Part One contains the author s own analyses and application of theories relevant to the study of African indigenous religions Parts Two and Three are comprized of edited versions of the oral literature and ritual descriptions obtained by phenomonlogy students in the University of Zimbabwe in 1991 and 1992

Indigenous Religions Graham Harvey,2000-01-01 Indigenous religions are the majority of the world s religions This Companion shows how much they can contribute to a richer understanding of human identity action and relationships An international team of contributors discuss representative indigenous religions from all continents The book is in three parts Persons Powers and Gifts Relevant to everyone interested in human religiosity today

Critical Reflections on Indigenous Religions James L. Cox,2016-04-22 The study of indigenous religions has become an important academic field particularly since the religious practices of indigenous peoples are being transformed by forces of globalization and transcontinental migration This book will further our understanding of indigenous religions by first considering key methodological issues related to defining and contextualizing the religious practices of indigenous societies both historically and in socio cultural situations Two further sections of the book analyse cases derived from European contexts which are often overlooked in discussion of indigenous religions and in two traditional areas of study South America and Africa

Karanga Indigenous Religion in Zimbabwe Tabona Shoko,2016-04-22 Tabona Shoko contends that religion and healing are intricately intertwined in African religions This book on the religion of the Karanga people of Zimbabwe sheds light on important methodological issues relevant to research in the study of African religions Analysing the traditional Karanga views of the causes of illness and disease mechanisms of diagnosis at their disposal and the methods they use to restore health Shoko discusses the views of a specific African Independent Church of the Apostolic tradition The conclusion Shoko reaches about the central religious concerns of the Karanga people is derived from detailed field research consisting of interviews and participant observation This book testifies that the centrality of health and well being is not only confined to traditional religion but reflects its adaptive potential in new religious systems manifest in the phenomenon of Independent Churches Rather than succumbing to the folly of static generalizations Tabona Shoko offers important insights into a particular society upon which theories can be reassessed adding new dimensions to modern features of the religious scene in Africa

A Phenomenology of Indigenous Religions James L. Cox,2022-02-24 This book compiles James L Cox s most important writings on a phenomenology of Indigenous Religions into one volume with a new introduction and conclusion by the author Cox has consistently exemplified phenomenological methods by applying them to his own field studies among Indigenous Religions principally in Zimbabwe and Alaska but also in Australia and New Zealand Included in this collection are his articles in which he defines what he means by the category religion and how this informs his precise meaning of the

classification Indigenous Religions These theoretical considerations are always illustrated clearly and concisely by specific studies of Indigenous Religions and their dynamic interaction with contemporary political and social circumstances This collection demonstrates the continued relevance of the phenomenological method in the study of religions by presenting the method as dynamic and adaptable to contemporary social contexts and as responsive to intellectual critiques of the method

The Wiley-Blackwell Companion to African Religions Elias Kifon Bongmba, 2012-03-12 The Wiley Blackwell Companion to African Religions brings together a team of international scholars to create a single volume resource on the religious beliefs and practices of the peoples in Africa Offers broad coverage of issues relating to African religions considering experiences in indigenous Christian and Islamic traditions across the continent Contributors are from a variety of fields ensuring the volume offers multidisciplinary perspectives Explores methodological approaches to religion from anthropological philosophical and historical perspectives Provides insights into the historical developments in African religions as well as contemporary issues such as the development of African initiated churches neo traditional religions and Pentecostalism Discusses important topics at the intersection of culture and religion in Africa including the arts health politics globalization gender relations and the economy

Identity Crises and Indigenous Religious Traditions Elijah Obinna, 2017-02-10 This book highlights the complex identity crises among many Christians as they negotiate their new identities religious ideas and convictions as both Christians and members of Nigerian African societies of indigenous religious traditions and identities Through an interdisciplinary interpretation of religious practices and educational issues in teaching and ritual training the author provides tools to help analyse empirical cases These include the negotiation processes among Christians with focus on the Presbyterian Church of Nigeria PCN and members of the Ogo society within the Amasiri Afikpo North Local Government Area Ebonyi state in South eastern Nigeria Identifying the power dynamic identity role and influence of indigenous religions on Christians and the Ogo society this book reveals the limited interactions between many Christians and members of the Ogo society Questions explored include what makes the Ogo society an integral part of the socio religious life of Amasiri and what powers and identity does it confer on the initiates how is the PCN within Amasiri responding to the Ogo society through its religious practices such as baptism confirmation local auxiliary ministries and organisational structure and how does the understanding and application of conversion within the PCN impact on its members response to the Ogo society Demonstrating how complex religious identities and practices of Nigerian African Christians can balance mission influenced Christianity with indigenous religious traditions and identities this book recognises the importance of appropriating the powers of indigenous cultures ingenuity and creativity in the construction and preservation of community identities As such it will be of keen interest to scholars of Christian theology indigenous religious practice and African lived religion

African Pilgrimage Retief Müller, 2016-04-01 Years after the end of Apartheid South Africa remains racially polarized and socially divided In this context pilgrimage and travelling rituals serve to help those who

often find themselves at the bottom end of the social ladder to make sense of their world This book describes a South Africa that is made up of a number of different fragmented worlds The focus is on the Zion Christian Church one of the largest religious movements in southern Africa and a good example of indigenized African Christianity Pilgrimage plays an important role in reintegrating some of those fragmented worlds into something approaching wholeness This book tells the story of how the enduring ritual of pilgrimage is transforming African religion along with the lives of ordinary South Africans

The Politics of the Dead in Zimbabwe, 2000-2020 Joost Fontein, 2022 Innovative and challenging study that provides fresh insights on the anthropology of death and postcolonial politics In 1898 just before she was hanged for rebelling against colonial rule Charwe Nyakasikana spirit medium of the legendary ancestor Ambuya Nehanda famously prophesised that my bones will rise again A century later bones bodies and human remains have come to occupy an increasingly complex place in Zimbabwe's postcolonial milieu From ancestral bones rising again in the struggle for independence and later land to resurfacing bones of unsettled wardead and from the troubling decaying remains of post independence gukurahundi massacres to the leaky tortured bodies of recent election violence human materials are intertwined in postcolonial politics in ways that go far beyond yet necessarily implicate contests over memory commemoration and the representation of the past In this book Joost Fontein examines the complexities of human remains in Zimbabwe's politics of the dead Challenging and innovative he takes us beyond current scholarship on memory commemoration and the changing significance of traditional death practices to examine the political implications of human remains as material substances as duplicitous rumours and as returning spirits Linking the indeterminacy of human substances to the productive but precarious uncertainties of rumours and spirits the book points to how the incompleteness of death is politically productive and ultimately derives from the problematic entangled excessivities of human material and immaterial existence and is deeply intertwined with the stylistics of postcolonial power and politics Joost Fontein is Professor of Anthropology University of Johannesburg He was previously Director of the British Institute in Eastern Africa and Lecturer in Social Anthropology at the University of Edinburgh His books include *Remaking Mutirikwi Landscape Water and Belonging* James Currey 2015 shortlisted for the African Studies Association 2016 Herskovits Prize Southern Africa South Africa Namibia Lesotho Swaziland and Botswana University of Johannesburg Press

Alternative Voices Oliver Freiberger, Magnus Echter, Afe Adogame, 2013-07-17 When scholarship presents the histories belief systems and ritual patterns of specific religious groups it often privileges victorious and lite fractions of those communities to the detriment and neglect of alternative dissonant and resurgent voices The contributions in this volume which include case studies on various religious and academic contexts illustrate the importance of listening to those alternative voices for the study of religion

Shamanism Graham Harvey, 2003 This is an essential tribute to the vitality and breadth of shamanic tradition both amongst the most distant tribes of America and Asia and within seemingly ordinary aspects of modern western culture

Faith in African Lived Christianity, 2019-09-16 Faith in African Lived

Christianity Bridging Anthropological and Theological Perspectives offers a comprehensive empirically rich and interdisciplinary approach to the study of faith in African Christianity The book brings together anthropology and theology in the study of how faith and religious experiences shape the understanding of social life in Africa The volume is a collection of chapters by prominent Africanist theologians anthropologists and social scientists who take people s faith as their starting point and analyze it in a contextually sensitive way It covers discussions of positionality in the study of African Christianity interdisciplinary methods and approaches and a number of case studies on political social and ecological aspects of African Christian spirituality

From Historical to Critical Post-Colonial Theology Robert S Heaney,2016-05-26 What is post colonial theology How does it relate to theology that emerged in historically colonial situations These are two questions that get to the heart of Robert S Heaney s work as he considers the extent to which theologians predating the emergence of post colonial theology might be considered as precursors to this theological movement Heaney argues that the work of innovative theologians John S Mbiti and Jesse N K Mugambi important in their own right must now also be considered in relation to the continued emergence of post colonial theology When this is done fresh perspectives on both the nature of post colonial theology and contextual theology emerge Through a sympathetic and critical reading of Mbiti and Mugambi Heaney offers a series of constructive moves that counter the ongoing temptation toward acontextualism that continues to haunt theology both in the North and in the South

Gods in the Global Village Lester R. Kurtz,2015-04-01 In a world plagued by religious conflict how can the various religious and secular traditions coexist peacefully on the planet And what role does sociology play in helping us understand the state of religious life in a globalizing world In the Fourth Edition of *Gods in the Global Village* author Lester Kurtz continues to address these questions This text is an engaging thought provoking examination of the relationships among the major faith traditions that inform the thinking and ethical standards of most people in the emerging global social order Thoroughly updated to reflect recent events the book discusses the role of religion in our daily lives and global politics and the ways in which religion is both an agent of and barrier to social change

Beyond Bantu Philosophy Frans Dokman,Evaristi Magoti Cornelli,2022-07-29 Franciscan priest Placide Tempels s 1946 book *Bantu Philosophy* introduced a new discourse about African thought and beliefs questioning the universality of Western philosophy and establishing paradigms that continue to dominate discussion of the relationships between Africa and the West today More than 75 years after the publication of this influential text this volume brings together a wide range of contributors to examine the legacy and impact of Tempels s work for the study of African philosophy and religion Reflecting on whether Bantu Philosophy reinforces conflict or convergence between Africa and the West and its reception within Africa scholars from both African and Western institutions provide new perspectives on both Tempels s ideas and ongoing debates in African philosophy and religion

From Primitive to Indigenous James L. Cox,2016-04-22 The academic study of Indigenous Religions developed historically from missiological and anthropological sources but little analysis has been devoted to this

classification within departments of religious studies Evaluating this assumption in the light of case studies drawn from Zimbabwe Alaska and shamanic traditions and in view of current debates over primitivism James Cox mounts a defence for the scholarly use of the category Indigenous Religions

A Prophetic Trajectory Ruy Llera Blanes, 2014-05-01 Combining ethnographic and historical research conducted in Angola Portugal and the United Kingdom A Prophetic Trajectory tells the story of Sim o Toko the founder and leader of one of the most important contemporary Angolan religious movements The book explains the historical ethnic spiritual and identity transformations observed within the movement and debates the politics of remembrance and heritage left behind after Toko s passing in 1984 Ultimately it questions the categories of prophetism and charisma as well as the intersections between mobility memory and belonging in the Atlantic Lusophone sphere

Handbook of Indigenous Religion(s) Greg Johnson, Siv Ellen Kraft, 2017-06-06 Extremely distant and distinct indigenous communities have over recent decades become more like themselves and more like each other a paradox prevalent globally but inadequately explained by established analytical frames particularly with regard to religion Addressing this rich and unfolding context the Handbook of Indigenous Religion s engages a wide variety of locations and perspectives Drawing upon the efforts of a diverse group of scholars working at the intersection of indigenous studies and religious studies this volume includes a programmatic introduction that argues for new ways of conceptualizing the field of indigenous religion s numerous case study based examples and an Afterword by Thomas Tweed

A Guide to the Phenomenology of Religion James Cox, 2006-08-15 Provides an introduction and overview to the Phenomenology of Religion through describing analysing and evaluating the ideas of key thinkers in the phenomenology of religion This book also examines the thinking of scholars within the Dutch British and North American schools of religious phenomenology

An Introduction to the Phenomenology of Religion James Cox, 2010-02-10 In this thoroughly revised edition James Cox provides an easily accessible introduction to the phenomenology of religion which he contends continues as a foundational method for the academic study of religion in the twenty first century After dealing with the problematic issue of defining religion he describes the historical background to phenomenology by tracing its roots to developments in philosophy and the social sciences in the early twentieth century The phenomenological method is then outlined as a step by step process which includes a survey of the important classifications of religious behaviour The author concludes with a discussion of the place of the phenomenology of religion in the current academic climate and argues that it can be aligned with the growing scholarly interest in the cognitive science of religion
