Irrespective of the level of analysis identity remains a vague concept slippery and insufficiently elaborated and defined. Be it individual or collective ethnical or social local or general regional e.g. the EU or global identity is a recurrent subject in political debates. Situated on the edge of history anthropology sociology political science and psychology it increasingly becomes a leading paradigm in the area of social sciences. Starting from the broader European perspective this volume has a multidisciplinary approach and gathers relevant works of internationally renowned scholars who tackle questions related to the Romanian identity. Who are the Romanians? What is the essence of their identity and how has it evolved along history? What are their primary qualities and flaws? How do Romanians perceive their Europeanness and how do they assume their European condition? With no claim to unique answers the book provides a multi layered view of what Romanian identity means in contemporary period and how it develops in the broader European context. By challenging the common sense understanding of identity we raise even more questions to be answered by further research.

Revue roumaine de philosophie, 1992 **Educația responsabilă** Andrei Marga, în România actual nu banii lipsesc în primul rând cum suntem un refren care împiedică schimbările Lipsesc nante de orice ideile noi și soluțiile în organizare care să ducă nante. Eu sunt de părere că trebuie să revinem la o direcție riguroasă și inovativă și nu există alt soluție decât o schimbare cuprinsă în toare una de sistem. Trebuie din nou să facem o reformă a educației ieșind la propriu și cum a fost ultima oară în perioada 1997-2000. Este nevoie ca în atunci de o reformă concepută în mod responsabil să fie aplicată de presiunea multiplelor interese și scoasă din operticele anguste ale grupurilor aflate în competiție de suport electoral. Degradarea a mers astăzi de departe de a fi numită o reformă responsabilă.
