Re Creating Authority In Revolutionary France

Elizabeth A. Williams

Re Creating Authority In Revolutionary France:

Re-creating Authority in Revolutionary France Bryant T. Ragan, Elizabeth Ann Williams, 1992 An exceptional collection of essays at once theoretically sophisticated and empirically sound The articles are accessible and allow for discussion of different approaches to historical problems Patricia O'Brien University of California Irvine The location of authority proved transitory and elusive in France from the outbreak of the Revolution in 1789 through the Third Republic This instability far from having a destructive effect created unprecedented opportunities for diverse groups to articulate new claims and aspirations The essays in this volume analyze the struggle for political and cultural authority that unfolded during the revolutionary decade 1789-1799 and then continued throughout the nineteenth century They demonstrate that the Revolution created symbols and vocabularies that became persistent and often bitterly contested elements of a new political culture Interdisciplinary in approach this volume presents the work of a new generation of scholars of the French Revolution In addition to the editors the contributors are Leora Auslander Suzanne Desan James H Johnson Catherine J Kudlick and Michael A Osborne It will interest not only French historians but also students of women's history literary criticism and the history of science

The Family on Trial in Revolutionary France Suzanne Desan, 2006-06-19 Annotation A sophisticated and groundbreaking book on what women actually did and what actually happened to them during the French Revolution

Life in Revolutionary France Mette Harder, Jennifer Ngai Heuer, 2020-08-20 The French Revolution brought momentous political social and cultural change Life in Revolutionary France asks how these changes affected everyday lives in urban and rural areas and on an international scale An international cast of distinguished academics and emerging scholars present new research on how people experienced and survived the revolutionary decade with a particular focus on individual and collective agency as discovered through the archival record material culture and the history of emotions It combines innovative work with student friendly essays to offer fresh perspectives on topics such as Political identities and activism Gender race and sexuality Transatlantic responses to war and revolution Local and workplace surveillance and transparency Prison communities and culture Food health and radical medicine Revolutionary childhoods With an easy to navigate three part structure illustrations and primary source excerpts Life in Revolutionary France is the essential text for approaching the experiences of those who lived through one of the most turbulent times in world history

On Hysteria Sabine Arnaud, 2015-10-14 Hysteria formed a medical category during the seventeenth to early nineteenth centuries By tracing its transformations Sabine Arnaud reveals what was at stake in writing the diagnosis and adds to our understanding of how the role and status of medicine became established in society In the process she uncovers new insights in the history of medicine Focusing on a period largely ignored by scholarship she shows that hysteria was not in fact first seen as female malady and that discussions of convulsions in a religious context made up only a very small part of writings on hysteria Widely treated in medical contexts hysteria was also a common reference in literature public political debates and

even philosophy With careful attention to genres and writing strategies webs of citation and circulation Arnaud provides a history of medicine as a history of knowledge in the making knowledge that did not build linearly but through misinterpretation creative citation and strategic deployment *Singing the French Revolution* Laura Mason,2018-09-05 Laura Mason examines the shifting fortunes of singing as a political gesture to highlight the importance of popular culture to revolutionary politics Arguing that scholars have overstated the uniformity of revolutionary political culture Mason uses songwriting and singing practices to reveal its diverse nature Song performances in the streets theaters and clubs of Paris showed how popular culture was invested with new political meaning after 1789 becoming one of the most important means for engaging in revolutionary debate Throughout the 1790s French citizens came to recognize the importance of anthems for promoting their interpretations of revolutionary events and for championing their aspirations for the Revolution By opening new arenas of cultural activity and demolishing Old Regime aesthetic hierarchies revolutionaries permitted a larger and infinitely more diverse population to participate in cultural production and exchange Mason contends The resulting activism helps explain the urgency with which successive governments sought to impose an official political culture on a heterogeneous and mobilized population After 1793 song culture was gradually depoliticized as popular classes retreated from public arenas middle brow culture turned to the strictly entertaining and official culture became increasingly rigid At the same time however singing practices were invented which formed the foundation for new activist singing practices in the next century The legacy of the Revolution according to Mason was to bestow new respectability on popular singing reshaping it from an essentially conservative means of complaint to an instrument of social and political resistance *Questioning Credible Commitment* D'Maris Coffman,2013-09-12 An interdisciplinary examination of credible commitment to fiscal responsibility and its relevance to current macroeconomic policy making *Nature Displayed* L.J. Jordanova,2014-06-11 A collection of essays including 3 that have never been published before by one of the leading figures in cultural history Professor Jordanova examines and reinterprets the writings of eighteenth century thinkers and in the process sheds light on contemporary views on issues such as motherhood sexuality the body art and medicine The volume includes some of the author's most controversial and pioneering work all the pieces have been revised in the light of the latest historiography and much of the material is published here for the first time **The Sexuality of History** Susan S. Lanser,2014-12-05 The period of reform revolution and reaction that characterized seventeenth and eighteenth century Europe also witnessed an intensified interest in lesbians In scientific treatises and orientalist travelogues in French court gossip and Dutch court records in passionate verse in the rising novel and in cross dressed flirtations on the English and Spanish stage poets playwrights philosophers and physicians were placing sapphic relations before the public eye In *The Sexuality of History* Susan S Lanser shows how intimacies between women became harbingers of the modern bringing the sapphic into the mainstream of some of the most significant events in Western Europe Ideas about female same sex relations became a focal

point for intellectual and cultural contests between authority and liberty power and difference desire and duty mobility and change order and governance Lanser explores the ways in which a historically specific interest in lesbians intersected with and stimulated systemic concerns that would seem to have little to do with sexuality Departing from the prevailing trend of queer reading whereby scholars ferret out hidden content in closeted texts Lanser situates overtly erotic representations within wider spheres of interest The Sexuality of History shows that just as we can understand sexuality by studying the past so too can we understand the past by studying sexuality The Natural and the Human Stephen Gaukroger, 2016-01-21 Stephen Gaukroger presents an original account of the development of empirical science and the understanding of human behaviour from the mid eighteenth century Since the seventeenth century science in the west has undergone a unique form of cumulative development in which it has been consolidated through integration into and shaping of a culture But in the eighteenth century science was cut loose from the legitimating culture in which it had had a public rationale as a fruitful and worthwhile form of enquiry What kept it afloat between the middle of the eighteenth and the middle of the nineteenth centuries when its legitimacy began to hinge on an intimate link with technology The answer lies in large part in an abrupt but fundamental shift in how the tasks of scientific enquiry were conceived from the natural realm to the human realm At the core of this development lies the naturalization of the human that is attempts to understand human behaviour and motivations no longer in theological and metaphysical terms but in empirical terms One of the most striking feature of this development is the variety of forms it took and the book explores anthropological medicine philosophical anthropology the natural history of man and social arithmetic Each of these disciplines re formulated basic questions so that empirical investigation could be drawn upon in answering them but the empirical dimension was conceived very differently in each case with the result that the naturalization of the human took the form of competing and in some respects mutually exclusive projects

The Explanation of Social Action John Levi Martin, 2011-06-01 The Explanation of Social Action is a sustained critique of the conventional understanding of what it means to explain something in the social sciences It makes the strong argument that the traditional understanding involves asking questions that have no clear foundation and provoke an unnecessary tension between lay and expert vocabularies Drawing on the history and philosophy of the social sciences John Levi Martin exposes the root of the problem as an attempt to counterpose two radically different types of answers to the question of why someone did a certain thing first person and third person responses The tendency is epitomized by attempts to explain human action in causal terms This causality has little to do with reality and instead involves the creation and validation of abstract statements that almost no social scientist would defend literally This substitution of analysts imaginations over actors realities results from an intellectual history wherein social scientists began to distrust the self understanding of actors in favor of fundamentally anti democratic epistemologies These were rooted most defensibly in a general understanding of an epistemic hiatus in social knowledge and least defensibly in the importation of practices of truth

production from the hierarchical setting of institutions for the insane Martin instead of assuming that there is something fundamentally arbitrary about the cognitive schemes of actors focuses on the nature of judgment This implies the need for a social aesthetics an understanding of the process whereby actors intuit intersubjectively valid qualities of complex social objects In this thought provoking and ambitious book John Levi Martin argues that the most promising way forward to such a science of social aesthetics will involve a rigorous field theory

The Encyclopedia of Romantic Literature, 3 Volume Set Frederick Burwick, Nancy Moore Goslee, Diane Long Hoeveler, 2012-01-30 The Encyclopedia of Romantic Literature is an authoritative three volume reference work that covers British artistic literary and intellectual movements between 1780 and 1830 within the context of European transatlantic and colonial historical and cultural interaction Comprises over 275 entries ranging from 1 000 to 6 500 words arranged in A Z format across three fully cross referenced volumes Written by an international cast of leading and emerging scholars Entries explore genre development in prose poetry and drama of the Romantic period key authors and their works and key themes Also available online as part of the Wiley Blackwell Encyclopedia of Literature providing 24 7 access and powerful searching browsing and cross referencing capabilities

The Oxford Handbook of the American Revolution Edward G. Gray, Jane Kamensky, 2015 The Oxford Handbook of the American Revolution introduces scholars students and generally interested readers to the formative event in American history In thirty three individual essays the Handbook provides readers with in depth analysis of the Revolution s many sides

Suffrage, Gender and Citizenship – International Perspectives on Parliamentary Reforms Pirjo Markkola, Seija-Leena Nevala-Nurmi, Irma Sulkunen, 2008-12-18 In 2006 Finland celebrated the centenary of universal and equal suffrage The reform in 1906 was radical women gained the right to vote and to stand as candidates in parliamentary elections The new rights were immediately used and 19 women were elected to the Parliament Finland was the third country after New Zealand and Australia in which women were admitted to full political citizenship Norwegian women were also granted political rights before WWI This publication studies suffrage citizenship and parliamentary reforms in various socio political contexts It brings together new research from a wide range of scholars and disciplines In addition to pioneers attention is given to Austria Britain Canada Hungary Iran Ireland Israel Poland Romania Russia and Slovenia among others By highlighting national differences the collection strives to disperse the universalising trend of research The chapters suggest that the age of suffrage narratives based on a view of universal emancipation is over more significant are deconstructive approaches and analyses embedded in local factors From an international perspective the realisation of female suffrage was a long and multifaceted process taking different forms The issue of women s civil rights is certainly not a matter of the past Internationally suffrage gender and citizenship are highly topical issues as indicated in this collection

Democracy and Difference Seyla Benhabib, 2021-08-10 The global trend toward democratization of the last two decades has been accompanied by the resurgence of various politics of identity difference From nationalist and ethnic revivals in the countries of east and central

Europe to the former Soviet Union to the politics of cultural separatism in Canada and to social movement politics in liberal western democracies the negotiation of identity difference has become a challenge to democracies everywhere This volume brings together a group of distinguished thinkers who rearticulate and reconsider the foundations of democratic theory and practice in the light of the politics of identity difference In Part One Jürgen Habermas Sheldon S Wolin Jane Mansbridge Seyla Benhabib Joshua Cohen and Iris Marion Young write on democratic theory Part Two on equality difference and public representation contains essays by Anne Phillips Will Kymlicka Carol C Gould Jean L Cohen and Nancy Fraser and Part Three on culture identity and democracy by Chantal Mouffe Bonnie Honig Fred Dallmayr Joan B Landes and Carlos A Forment In the last section Richard Rorty Robert A Dahl Amy Gutmann and Benjamin R Barber write on whether democracy needs philosophical foundations

Popular Protest And Political Culture In Modern China Jeffrey N Wasserstrom, 2018-02-07 This innovative and widely praised volume uses the dramatic occupation of Tiananmen Square as the foundation for rethinking the cultural dimensions of Chinese politics Now in a revised and expanded second edition the book includes enhanced coverage of key issues such as the political dimensions of popular culture addressed in a new chapter on Chinese rock and roll by Andrew Jones and the struggle for control of public discourse in the post 1989 era discussed in a new chapter by Tony Saich Two especially valuable additions to the second edition are art historian Tsao Tsing yuan's eyewitness account of the making of the Goddess of Democracy and an exposition of Chinese understandings of the term revolution contributed by Liu Xiaobo one of China's most controversial dissident intellectuals The volume also includes an analysis by noted social theorist and historical sociologist Craig C Calhoun of the similarities and differences between the new social movements of recent decades and the old social movements of earlier eras

TEXT CONCLUSION To facilitate classroom use the volume has been reorganized into groups of interrelated essays The editors introduce each section and offer a list of suggested readings that complement the material in that section

Discovery and Empire John West-Sooby, 2013 The French connection with the South Seas stretches back at least as far as the voyage of Binot Paulmier de Gonneville 1503 1505 who believed he had discovered the fabled great south land after being blown off course during a storm near the Cape of Good Hope The story of his voyage remained largely forgotten for over 150 years but eventually resurfaced in 1664 thanks to the publication by the Abbe Jean Paulmier of a document in which he argued on the basis of this supposed discovery for the establishment of a Christian mission in this third part of the world While historians today contest the authenticity of various aspects of the Abbe Paulmier's Memoires there is no doubt about the impact it had in France both on the collective imagination and more concretely on French plans for exploration and colonial expansion It was not until the eighteenth century however that France began sending mariners to the southern oceans on a regular basis and by that time a new maritime power had begun to emerge Great Britain Together these two nations would play a decisive role in determining the configuration of these little known parts of the globe and particularly of the Pacific which had for so long been the almost exclusive preserve of Spain

From the Introduction by John West Sooby DISCOVERY AND EMPIRE is a collection of essays originating out of a symposium that was held at the State Library of South Australia on 8 July 2009 The symposium formed one of the strands of the XVIIth Biennial Conference of the Australasian Association of European Historians 6-9 July 2009 the overall theme for which was Europe's Expansions and Contractions *The Physical and the Moral* Elizabeth A. Williams, 2002-08-08 This book explores the tradition of the science of man in French medicine of the era 1750-1850 focusing on controversies about the nature of the physical-moral relation and their effects on the role of medicine in French society Its chief purpose is to recover the history of a holistic tradition in French medicine that has been neglected because it lay outside the mainstream themes of modern medicine which include experimental-reductionist and localistic conceptions of health and disease Professor Williams also challenges existing historiography which holds that the anthropological approach to medicine was a short-term by-product of the leftist politics of the French Revolution This work argues instead that the medical science of man long outlived the revolution that it spanned traditional ideological divisions and that it reflected the shared aim of French physicians whatever their politics to claim broad cultural authority in French society *The Last Revolutionaries* Laura Mason, 2022-01-01 The story of a poor man and radical activist who fought to revive the French Revolution and whose failure heralded the republic's defeat Very much a book for our times Mason's retelling of the trial of Gracchus Babeuf and the French Revolution shows how democracies end Historians of revolutions and all those concerned with the arc of social justice movements have much to learn from this remarkable story Sophia Rosenfeld University of Pennsylvania Laura Mason tells a new story about the French Revolution by exploring the trial of Gracchus Babeuf Named by Karl Marx and Friedrich Engels as the first modern communist Babeuf was a poor man an autodidact and an activist accused of conspiring to reignite the Revolution and renew political terror In one of the lengthiest and most controversial trials of the revolutionary decade Babeuf and his allies defended political liberty and social equality against a regime they accused of tyranny Mason refracts national political life through Babeuf's trial to reveal how this explosive event destabilized a fragile republic Although the French Revolution is celebrated as a founding moment of modern representative government this book reminds us that the experiment failed in just ten years Mason explains how an elected government's assault on popular democracy and social justice destroyed the republic and why that matters now **Engendering the Republic of Letters** Susan Dalton, 2004-02-03 Being women provided them with a particular perspective expressed first-hand through their letters Dalton shows how Lespinasse Roland Renier Michiel and Mosconi grappled with differences of ideology social status and community often through networks that mixed personal and professional relations thus calling into question the actual separation between public and private spheres Building on the work of Dena Goodman and Daniel Gordon Dalton shows how a variety of conflicts were expressed in everyday life and sheds new light on Venice as an important eighteenth-century cultural centre **Women in Eighteenth Century Europe** Margaret Hunt, 2014-06-11 Was the century of Voltaire also the century of women In the eighteenth

century changes in the nature of work family life sexuality education law religion politics and warfare radically altered the lives of women Some of these developments caused immense confusion and suffering others greatly expanded women s opportunities and worldview long before the various women s suffrage movements were more than a glimmer on the horizon This study pays attention to queens as well as commoners respectable working women as well as prostitutes women physicists and mathematicians as well as musicians and actresses feminists as well as their critics The result is a rich and morally complex tale of conflict and tragedy but also of achievement The book deals with many regions and topics often under represented in general surveys of European women including coverage of the Balkans and both European Turkey and Anatolia of Eastern Europe of European colonial expansion particularly the slave trade and of Muslim Eastern Orthodox and Jewish women s history Bringing all of Europe into the narrative of early modern women s history challenges many received assumptions about Europe and women in past times and provides essential background for dealing with issues of diversity in the Europe of today

Re Creating Authority In Revolutionary France Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Re Creating Authority In Revolutionary France free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Re Creating Authority In Revolutionary France free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Re Creating Authority In Revolutionary France free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Re Creating Authority In Revolutionary France. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu,

provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Re Creating Authority In Revolutionary France any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Re Creating Authority In Revolutionary France Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Re Creating Authority In Revolutionary France is one of the best book in our library for free trial. We provide copy of Re Creating Authority In Revolutionary France in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Re Creating Authority In Revolutionary France. Where to download Re Creating Authority In Revolutionary France online for free? Are you looking for Re Creating Authority In Revolutionary France PDF? This is definitely going to save you time and cash in something you should think about.
