Re Creating The American Past Essays On The Colonial Revival:

Re-creating the American Past Richard Guy Wilson, Shaun Eyring, Kenny Marotta, 2006 Although individually and collectively Americans have many histories the dominant view of our national past focuses on the colonial era The reasons for this are many and complex touching on stories of the country's origins and of the founding fathers the privileged position in history granted the thirteen original colonies and the ways in which the nation has adjusted to change and modernity But no matter the cause the result is obvious images and forms derived from and related to America's colonial past are the single most popular form of cultural expression Often conceived solely in architectural terms from the red brick and white trimmed buildings that recall eighteenth century James River estates to the clapboarded saltboxes that recall early New England Colonial Revival is in fact better understood as a process of remembering In *Re-creating the American Past* architectural historian Richard Guy Wilson and a host of other scholars examine how and why Colonial Revival has persisted in modern times The volume contains essays that explore Colonial Revival expressions in architecture landscape architecture historic preservation decorative arts and painting and sculpture as well as the social intellectual and cultural background of the phenomena Based on the University of Virginia's landmark 2000 conference *The Colonial Revival in America* *Re-creating the American Past* is a comprehensive and handsome volume that recovers the origins characteristics diversity and significance of the Colonial Revival situating it within the broader history of American design culture and society

Born in the U.S.A. Seth C. Bruggeman, 2012 Scores of birthplace monuments and historic childhood homes dot the American landscape These special places many dating to the early years of the last century have enshrined nativity alongside patriotism and valor among the key pillars of the nation's popular historical imagination The essays in this volume suggest that the way Americans have celebrated famous births reflects evolving expectations of citizenship as well as a willingness to edit the past when those hopes go unfulfilled The contributors also demonstrate that the reinvention of origin myths at birthplace monuments still factors in American political culture and the search for meaning in an ever shifting global order Beyond asking why it is that Americans care about birthplaces and how they choose which ones to commemorate *Born in the U.S.A.* offers insights from historians curators interpretive specialists and others whose experience speaks directly to the challenges of managing historical sites Each essay points to new ways of telling old stories at these mainstays of American memory The case of the modern house museum receives special attention in a provocative concluding essay by Patricia West In addition to West and the editor contributors include Christine Arato Dan Currie Keith A. Erikson David Glassberg Anna Thompson Hajdik Zachary J. Lechner Paul Lewis Hilary Iris Lowe Cynthia Miller Laura Lawfer Orr Robert Paynter Angela Phelps and Paul Reber

Hollywood Before Glamour M. Tolini Finamore, 2013-01-28 This exploration of fashion in American silent film offers fresh perspectives on the era preceding the studio system and the evolution of Hollywood's distinctive brand of glamour By the 1910s the moving image was an integral part of everyday life and communicated fascinating but as yet uninvestigated ideas

and ideals about fashionable dress California Mission Landscapes Elizabeth Kryder-Reid, 2016-11-30 Nothing defines California and our nation's heritage as significantly or emotionally says the California Mission Foundation as do the twenty-one missions that were founded along the coast from San Diego to Sonoma. Indeed, the missions collectively represent the state's most iconic tourist destinations and are touchstones for interpreting its history. Elementary school students today still make model missions evoking the romanticized versions of the 1930s. Does it occur to them or to the tourists that the missions have a dark history? California Mission Landscapes is an unprecedented and fascinating history of California mission landscapes from colonial outposts to their reinvention as heritage sites through the late nineteenth and twentieth centuries. Illuminating the deeply political nature of this transformation, Elizabeth Kryder Reid argues that the designed landscapes have long recast the missions from sites of colonial oppression to aestheticized and nostalgia-drenched monasteries. She investigates how such landscapes have been appropriated in social and political power struggles, particularly in the perpetuation of social inequalities across boundaries of gender, race, class, ethnicity, and religion. California Mission Landscapes demonstrates how the gardens planted in mission courtyards over the past 150 years are not merely anachronistic but have become potent ideological spaces. The transformation of these sites of conquest into physical and metaphoric gardens has reinforced the marginalization of indigenous agency and diminished the contemporary consequences of colonialism. And yet, importantly, this book also points to the potential to create very different visitor experiences than these landscapes currently do. Despite the wealth of scholarship on California history, until now no book has explored the mission landscapes as an avenue into understanding the politics of the past, tracing the continuum between the Spanish colonial period, emerging American nationalism, and the contemporary heritage industry.

On Becoming Neighbors Alexandra C. Klarén, 2019-10-24 Fred Rogers is an American cultural and media icon whose children's television program *Mister Rogers' Neighborhood* ran for more than thirty years, 1967-2001, on the Public Broadcasting System (PBS). In this highly original book, Alexandra C. Klarén shows how Rogers captured the moral, social, and emotional imaginations of multiple generations of Americans. She explores the nuanced complexity of the thought behind the man and the program, the dialogical integration of his various influences, and the intentional ethic of care behind the creation of a program that spoke to the affective, socio-cultural, and educational needs of children and adults during a period of cultural upheaval. Richly informed by newly available archival materials, *On Becoming Neighbors* chronicles the evolution of Rogers' thought on television, children's pedagogy, and the family through a rhetorical, cultural, and ethical lens. Klarén probes how Rogers creates the conditions for dialogue in which participants explore possibilities and questions relating to the social and material world.

The Word in the Wilderness Alexander Lawrence Ames, 2020-06-29 Once a vibrant part of religious life for many Pennsylvania Germans in the eighteenth and nineteenth centuries, Fraktur manuscripts today are primarily studied for their decorative qualities. *The Word in the Wilderness* takes a different view, probing these documents for what they tell us about the lived religious

experiences of the Protestant communities that made and used them and opening avenues for reinterpretation of this well known if little understood set of cultural artifacts The resplendent illuminated religious manuscripts commonly known as Fraktur have captivated collectors and scholars for generations Yet fundamental questions about their cultural origins purpose and historical significance remain Alexander Lawrence Ames addresses these by placing Fraktur manuscripts within a Pietist paradigm grounded in an understanding of how their makers viewed the Word or scripture His analysis combines a sweeping overview of Protestant Christian religious movements in Europe and early America with close analysis of key Pennsylvania devotional manuscripts revealing novel insights into the religious utility of calligraphy manuscript illumination and devotional reading as Protestant spiritual enterprises Situating the manuscripts in the context of transatlantic religious history early American spirituality material culture studies and the history of book and manuscript production Ames challenges long held approaches to Pennsylvania German studies and urges scholars to engage with these texts and with their makers and users on their own terms Featuring dozens of illustrations this lively engaging book will appeal to Fraktur scholars and enthusiasts historians of early America and anyone interested in the material culture and spiritual practices of the German speaking residents of Pennsylvania

Translation and the Global

City Judith Weisz Woodsworth, 2021-09-26 Translation and the Global City showcases fresh perspectives on translation in a global context drawing on case studies from Montreal and other multilingual cosmopolitan cities to examine the historical sociological and cultural factors underpinning the travel of languages ideas and cultures across borders Building on the spatial turn in translation studies the book adopts a bridge metaphor to explore the complexities of translational spaces and the ways in which translation acts can both unite and divide in the global city The collection initiates the discussion with a focus on the Canadian context and specifically the city of Montreal where historical circumstances public policy and shifting language politics have led to a burgeoning translation industry It goes on to address issues of translation in other regions and cities of the world generating new insights and opening avenues for further research into the relations between languages and cultures This volume will be of particular interest to students and scholars in translation studies especially those with an interest in translation theory and the sociology of translation

Faded and Threadbare Historic Textiles and their Role in Houses Open to the Public Margaret Ponsonby, 2016-04-15 Many historic houses that open to the public in England and Wales particularly those owned by the National Trust preserve their contents rather than restore them to a particular period The former owners of these houses often retained objects from various periods and this layering of history produces interiors that look aged and patinated Although the reason for this preservation and lack of fashionable renewable can be attributed to declining economic fortunes in the twentieth century there are many examples of families practising this method of homemaking over a much longer period Taking National Trust properties as its central focus this book examines three interlocking themes to examine the role of historic textiles Firstly it looks at houses with preserved contents together with the reasons for individual families choosing this lifestyle secondly the role of the National Trust as both guardian and interpreter of these houses and their collections and finally and most importantly the influence of textiles to contribute to the appearance of interiors and their physical attributes that carry historical resonances of the past The importance of preserved textiles in establishing the visual character of historic houses is a neglected area and therefore the prominence given to textiles in this project constitutes an original contribution to the study of these houses Drawing upon a range of primary sources including literature produced by the National Trust for their sites and documentary sources for the families and their houses such as diaries letters and household accounts the study takes a broad approach that will be of interest to all those with an interest in material culture heritage collecting studies and cultural history

Sarah Johnson's Mount Vernon Scott E. Casper, 2008 New Stories from an Old American Shrine The home of our first president has come to symbolize the ideals of our nation freedom for all national solidarity and universal democracy Mount Vernon is a place where the memories of George Washington and the era of America's birth are carefully preserved and re-created for the nearly one million tourists who visit it every year But behind the familiar stories lies a history that visitors never hear Sarah Johnson's Mount Vernon recounts the experience of the hundreds of African Americans who are forgotten in Mount Vernon's narrative

Historian and archival sleuth Scott E Casper recovers the remarkable history of former slave Sarah Johnson who spent more than fifty years at Mount Vernon before and after emancipation Through her life and the lives of her family and friends Casper provides an intimate picture of Mount Vernon s operation during the nineteenth and early twentieth centuries years that are rarely part of its story Working for the Washington heirs and then the Mount Vernon Ladies Association these African Americans played an essential part in creating the legacy of Mount Vernon as an American shrine Their lives and contributions have long been lost to history and erased from memory Casper restores them both and in so doing adds a new layer of significance to America s most popular historical estate

Unbounded Dolly Daou,DJ Huppatz,Dinh Quoc Phuong,2015-06-18 In interior design the definition and popular perception of the interior has long been concerned with bounded spaces and with the relationship between private and public realms However two issues have challenged traditional boundaries between interior and exterior and private and public first the emergence of new technological practices and second a broader understanding of diverse cultures Popular perceptions of public and private space are currently being revised and the interior

Sotterley Plantation Jeanne K. Pirtle,2013-09-09 Sotterley Plantation a National Historic Landmark on the Patuxent River in St Marys County is one of the oldest museums of its kind in the United States Sotterley is the only Tidewater plantation in Maryland open to the public with original and restored buildings on its nearly 100 beautiful acres Sotterleys first owner purchased the property in 1699 and it was to become one of the largest tobacco plantations in the Chesapeake Tidewater region The plantations location on the Patuxent River made it desirable for shipping and trade but also made it vulnerable during the Revolutionary War and the War of 1812 Sotterley Plantation declined with the end of the Civil War and slavery but was

revived in the early 20th century Life and culture at Sotterley Plantation was greatly shaped by both owners and workers Family owned for its entire significant history Sotterley Plantation was opened to the public in 1961 Today Sotterley Plantation is a destination for visitors looking to be reminded of a bygone era **The Farm Novel in North America**

Florian Freitag, 2013 Provides the first history of the North American farm novel a genre which includes John Steinbeck's *The Grapes of Wrath* Sheila Watson's *The Double Hook* and Louis Hémon's *Maria Chapdelaine* From John Steinbeck's *The Grapes of Wrath* and Martha Ostenso's *Wild Geese* to Louis Hémon's *Maria Chapdelaine* some of the most famous works of American English Canadian and French Canadian literature belong to the genre of the farm novel In this volume Florian Freitag provides the first history of the genre in North America from its beginnings in the middle of the nineteenth century to its apogee in French Canada around the middle of the twentieth Through surveys and selected detailed analyses of a large number of farm novels written in French and English Freitag examines how North American farm novels draw on the history of farming in nineteenth century North America as well as on the national self conceptions of the United States English Canada and French Canada portraying farmers as national icons and the farm as a symbolic space of the American English Canadian and French Canadian nations Turning away from traditional readings of farm novels within the frameworks of regionalism and pastoralism Freitag takes a comparative look at a genre that helped to spatialize North American national dreams Florian Freitag is Assistant Professor of American Studies at the University of Mainz Germany *The Spanish Element in Our Nationality* M. Elizabeth Boone, 2019-12-09 *The Spanish Element in Our Nationality* delves beneath the traditional English only narrative of U S history using Spain's participation in a series of international exhibitions to illuminate more fully the close and contested relationship between these two countries Written histories invariably record the Spanish financing of Columbus's historic voyage of 1492 but few consider Spain's continuing influence on the development of U S national identity In this book M Elizabeth Boone investigates the reasons for this problematic memory gap by chronicling a series of Spanish displays at international fairs Studying the exhibition of paintings the construction of ephemeral architectural space and other manifestations of visual culture Boone examines how Spain sought to position itself as a contributor to U S national identity and how the United States in comparison to other nations in North and South America subverted and ignored Spain's messages making it possible to marginalize and ultimately obscure Spain's relevance to the history of the United States Bringing attention to the rich and understudied history of Spanish artistic production in the United States *The Spanish Element in Our Nationality* recovers the Spanishness of U S national identity and explores the means by which Americans from Santiago to San Diego used exhibitions of Spanish art and history to mold their own modern self image
