PRESENTATION This book consists of questions asked by Mustafa KARNAS under the name of AKILTA I SORULARI and answered by him The content of the questions is completely a product of CONSCIOUSNESS and it is an occasion for the reader to think to contemplate to open new windows in that person s mind to form a new thinking system and to meet the person s METAPHYSICAL systematic and knowledge The questions and their answers are about esoteric spirituality reason intelligence knowledge science and areas that need to be questioned in life MUSTAFA KARNAS QUESTION What could be the first thing the creator created Why and how he had to create himself ANSWER Himself of course this is a speculative answer my truth subjective as some things cannot be tested God and creation are both concepts the creativity of a structure in the position of infinity is that it imprisons itself in a concept greater than god force it is he who creates the god By conceptualizing himself as a god limiting himself as a system to being creator infinity is limited by making himself god creator in order to manifest his time his time to form the movement Since everything that has been created is not in the position to create something it is marked by finitude the infinity god will end creation that is at that moment when the energy field ceases to be god the whole universe will already begin at a point the neutrino flow called the soul in everything stop the electron motion stops and everything collapses into it nothing remains because but White movement creates understanding and reality in its own way QUESTION A person who identifies something with his own archetype the archetype of the thing itself what state does it make ANSWER Makes it a belief QUESTION What is the value that equates the inequality state When you observe an uneven distribution in a field you make a judgment that the distribution is uneven the question is why did you

observe this area ANSWER Trust Since nobody observes inequality in a trustful environment inequality disappears if there is no observation there is no event Those who do not trust always observe and always see inequality and the state of inequality persists and a person who trusts justice has confidence in sharing does not control sharing and the perception of inequality disappears **The Typo_In the Name of God** William Lower,2025-09-17 15th century satire Or today s Inquisition 2 0

When master manuscript illustrator Antonio Strozzi discovers a blasphemous typo in a Gutenberg Bible it ignites chaos in 15th century Florence He and his assigned guard Gabriele are swept into a world where faith power and forbidden desires collide Amid schemes swordplay and ecclesiastical intrigue this satirical adventure revels in irreverence and wit The Typo In the Name of God is a hilarious poignant tale of error resistance and the enduring human need for love laughter and a little heresy As the printing press threatened to erase centuries old creative professions Antonio s journey mirrors today s anxieties over AI and creative automation The Inquisition s shadow looms echoing the rise of religious extremism and political theocracy in our own time History may not repeat but it sure does rhyme Children's Ministry Wake up Call
