

Reaching Intimacy

Roberta R. Greene

Reaching Intimacy:

Reaching a Generation for Christ Richard R. Dunn, Mark H. Senter III, 1997-03-05 Things have changed The Truth has not The 1950 s are gone forever The days of the Sunday school attendance award and the much loved Sunday school picnic have faded into oblivion Yet some youth ministries still operate as if today s kids are living in a vacuum unaffected by the changing morals of today s society How can we reach these kids with the truth of the gospel More than fifty of America s youth experts give advice and encouragement to those who long to see this generation know the love of Christ They help readers think through their philosophies of youth ministry break down barriers that impede progress and maximize their own gifts and the gifts of those who work with them They answer tough questions such as How can leaders build a relational youth ministry How can we find and support volunteers What are the issues women face in youth ministry How do we minister in ethnic communities How should we respond to popular culture How can we help hurting adolescents You can have a vibrant youth ministry even in these uncertain times You can reach this generation for Christ *Discontentment* Larry D. Black, 2006-06 *Discontentment Being Content in a Discontented World* is a book that applies the holistic approach to achieving contentment It describes how contentment must be reached in the total entity the mental physical and spiritual of mankind **Creating Happy Relationships** Richard Nelson-Jones, 1999-01-30 Relate counsellors interested in extending their learning about cognitive therapy will find this manual a comprehensive guide Jan Hobbs Relate News An easy to read comprehensive text which provides a practical guide to skills for starting maintaining and cultivating successful relationships whether of opposite sexes or the same sex The Australian Journal of Counselling Psychology Creating Happy Relationships is written in a comfortable non academic style using simple everyday English and incorporates recent research and theory In addition to many vignettes of partners creating and cultivating happiness there are plenty of practical activities for improving partner skills This book is a major resource for prospective partners couples for marriage preparation and counselling courses and human communication and relationship education courses in schools colleges and universities Human Relationship Skills Richard Nelson-Jones, 2006-09-27 Human Relationship Skills Coaching and Self Coaching presents a practical how to guide to relationship skills showing how readers can improve and where necessary repair relationships This thoroughly revised and updated fourth edition reflects the increased interest in coaching showing how it can be applied to everyday life In this essential book Richard Nelson Jones takes a cognitive behavioural approach to coaching people in relationship skills These skills are viewed as sequences of choices that people can make well or poorly covering a range of skill areas the book assists readers to make affirming rather than destructive choices in their relationships It begins by addressing the questions of what are relationship skills and what are coaching skills and follows with a series of chapters which thoroughly detail and illuminate various relationship skills including listening and showing understanding managing shyness intimacy and companionship assertiveness and managing anger managing relationship problems and ending

relationships The book concludes with a chapter on how users can maintain and improve their skills by coaching themselves Accessibly written and using activities the book will be appropriate for those involved in life coaching as well as general counselling and therapy It will be essential reading for lecturers coaches and trainers as well as students and anyone who wishes to improve their relationship skills

The Addictive Personality Craig Nakken, 2009-09-29 Craig Nakken brings new depth and dimension to our understanding of how an individual becomes an addict Since its publication in 1988 The Addictive Personality has helped people understand the process of addiction Now through this second edition author Craig Nakken brings new depth and dimension to our understanding of how an individual becomes an addict Going beyond the definition that limits dependency to the realm of alcohol and other drugs Nakken uncovers the common denominator of all addiction and describes how the process is progressive Through research and practical experience Nakken sheds new light on Genetic factors tied to addiction Cultural influences on addictive behavior The progressive nature of the disease and Steps to a successful recovery The author examines how addictions start how society pushes people toward addiction and what happens inside those who become addicted This new edition will help anyone seeking a better understanding of the addictive process and its impact on our lives

Social Decentering Mark Redmond, 2018-05-22 Social decentering theory was developed in response to the confusion created by the use of the term empathy and to a lesser extent perspective taking to reflect a wide and varied set of human cognitive processes and behaviors Theory of Social Decentering A Theory of Other Orientation Encompassing Empathy and Perspective Taking presents an innovative approach to the social cognitive process by which humans take into consideration the thoughts feelings behaviors and dispositions of other people The multidimensional theory and measure of social decentering represents a unifying theory that identifies and incorporates key elements imbedded in other oriented terms The first chapters present the theory and development of a measure of social decentering in a complete and detailed manner examining the important role that social decentering plays in human communication The remaining chapters of the book examine the role that social decentering empathy and perspective taking play in the development and management of interpersonal relationships in marital relationships in teams and group interactions and in the workplace The final chapter examines the negative consequences to individuals decisions and relationships potentially created by engaging in social decentering The appendices include copies of the measure of social decentering and the measure of relationship specific social decentering The book is of interest for graduates in communication studies psychology and sociology and valuable for communication and social psychology scholars interested in empathy or perspective taking

Moved by MeToo - Owning Up and Reaching Out Tom Bissonette, 2019-03-17 REFLECTIONS ON THE METOO MOVEMENT A guide for men and women and those of all gender identities as they grasp the significance of the MeToo movement An opportunity for personal growth especially for men A must read for Student Affairs personnel Counselors Faculty and those working to prevent sexual assault The author offers effective solutions to the

vexing problem of sexual mistreatment **The Good Marriage: How and Why Love Lasts** Judith Wallerstein, 2019-08-09

When it first appeared in 1995 *The Good Marriage* became a best seller. It offers timeless clues to the secret of happy long lasting marriages. Based on a groundbreaking study of fifty couples who consider themselves happily married, psychologist Judith Wallerstein presents the four basic types of marriage: romantic, rescue, companionate, and traditional, and identifies nine developmental tasks that must be successfully undertaken in a good marriage: separation from the family of origin, up and down vicissitudes of early years, children, balance of work and home, dealing with infidelities, and more. The men and women Wallerstein interviewed readily admit that even the best relationship requires hard work and continuing negotiation, especially in the midst of societal pressures that can tear marriages apart. But they also convey an inspirational message: for almost all of them, their marriage is their single greatest accomplishment. *The Good Marriage* explains why, and its lively mix of storytelling and analysis will challenge every couple to think in a profoundly different way about the most important relationship in their lives. Should be required reading for all who are interested in marriage. W. Walter Menninger. Should prove a lifesaver for many couples. *Publishers Weekly*. Will enrich the sparse literature on happy marriages. *USA Today*. One of the nice things about *The Good Marriage* is its modesty. It doesn't pretend to offer a philosophy or even a lecture on marriage. It takes no position on the ideologically charged issues of women's marital roles and status. Equally important, it ignores the two most common ways of talking about marriage: as a contract negotiated between two equal parties and as the pathway to individual fulfillment. For this reason, it is refreshingly free of rights talk and therapy talk. Indeed, Wallerstein places much more emphasis on the development of good judgment and a moral sense than on the acquisition of effective communication or negotiation skills. Barbara Dafoe Whitehead, *The Atlantic*. A lagniappe to enduring couplehood. The strength of this study is that Ms. Wallerstein, a gifted interviewer, persuades the couples to reveal their interior lives in rich, explicit detail. Susan Jacoby, *The New York Times Book Review*. Written in a masterful style that often reads like the best popular fiction. Wallerstein and Blakeslee again combine their substantial talents deftly and entertainingly exploring the foundations of good marriages. Tara Aronson, *San Francisco Examiner Chronicle*. Groundbreaking. *Boston Globe*. This is a wonderfully readable and immensely valuable book full of wise and original insights about the many, many roads to marital happiness. Judith Viorst. With wisdom, humor, and sympathetic understanding, Judith Wallerstein helps us recognize and rediscover the good marriage: lucid, psychologically sophisticated, and generously wise. David Blankenhorn, *Newsday*. Historically informative as well as profoundly wise, psychologically. Joan M. Erikson. For a long time, as a Rabbi, I've been using *The Good Marriage* by the late Judith Wallerstein in my pre-marital counseling. She provides amazingly helpful insights which open up conversations and lead couples to think much more deeply about what they are getting themselves into and what they might need to do to keep their marriages strong. Rabbi Carl M. Perkins. A welcome addition to the field of literature on contemporary marriage. The style is clear, concise, sensitive, and occasionally personal. Her personal additions add warmth, emotional consciousness.

and greater insight into what makes individuals and couples happy in their relationships This book has value for the many audiences interested in relational theory that want to approach relationships from a realistic and positive perspective Nancy Williford Clinical Social Work Journal In The Good Marriage Wallerstein s new study of 50 married couples offers affirmation that the process of marriage itself presents a vehicle for transformation A best selling author Wallerstein employs a thoughtful nonaggressive style that appeals to the general public Wallerstein has performed an invaluable service in The Good Marriage Elizabeth M Tully M D Journal of Academy of Child and Adolescent Psychiatry Solid impressive Those interested in social policy should be pleased that so well respected a liberal academic as Ms Wallerstein has written a book that celebrates marriage and points the way toward restructuring it Wall Street Journal With extraordinary skill and compassion Wallerstein and Blakeslee take us inside the lives of fifty American couples and find that a good marriage still provides the best framework for enduring love and intimacy Sylvia Ann Hewlett A very appealing book clearly written and clearly thought out Library Journal Wallerstein s major contribution is not about how and why love lasts but about how and why love develops It is in such a context less idyllic but more realistic that the book will prove to be a lasting contribution Readings A Journal of Reviews and Commentary in Mental Health *Unification Insights into Marriage and Family: The Writings of Dietrich F. Seidel* Jennifer P. Tanabe, Dietrich F. Seidel, 2016-12-09 A collection of the writings of Dr Dietrich F Seidel compiled and edited by Dr Jennifer P Tanabe Dietrich Seidel was born in Austria during World War II and trained as a scientist in Vienna Raised Catholic he later converted to Unificationism and never lost his faith in God a faith which guided his life and illuminates his work This selection reflects Dr Seidel s ability to unify and harmonize even those apparently at odds such as science and religion and his specialty married couples in need of counseling In his writings on marriage and family enrichment readers will find practical advice on improving their relationship with their spouse child rearing making God central to their family and finding true love all presented in an enjoyable and easy to read style Other articles show a more scholarly form and topic such as human nature and the love of God Reflective pieces on his experiences as a Unificationist are also included in this collection [The Ideal Marriage](#) Dr. Francis K. Goode, 2011-06-16 The Marriage Institution was not by any stretch of the imagination a human devising It was not even a cultural invention God is the creator of the Marriage Institution He created it to demonstrate His Fatherly love for the human family He also performed the first wedding ceremony in the Garden of Eden and gave it a definition as a lifelong union enjoined by two distinct individuals who are genetically identical and yet each containing within itself something lacking in the other and complimentary to each other *Human Behavior Theory* Roberta R. Greene, Nancy Kropf, 2017-07-12 As American society becomes increasingly diverse social workers must use a variety of human behavior frameworks to understand their clients culturally complex concerns This text applies specific human behavior theories to diversity practice They show how human behavior theory can be employed in interventions in the life problems of diverse client populations at the individual group social network and societal levels

Several groups are examined They include minority groups ethnic groups women older adults members of certain social classes affected by economic and educational disadvantage especially those living in poverty people with developmental disabilities people of varying sexual and gender orientations and religious groups Case studies that illustrate social work practice in the area are highlighted The case studies include Social Work Practice within a Diversity Framework The Social Work Interview Symbolic Interactionism Social Work Assessment Meaning and Language Erikson s Eight Stages of Development Role Theory and Social Work Practice A Constructionist Approach Risk Resilience and Resettlement Addressing Diverse Family Forms Small Group Theory Natural Social Networks Power Factors in Social Work Practice This volume will be a fundamental resource for practitioners and an essential tool for training

SEX AND ALL THAT Mary Sriver, 2014-02-25 Cultural arrangements for human relationships are heavily coded for sex identification generatively economics disease violence families and war So many new discoveries birth control Viagra in vitro conception mosaic genetics surrogate mothers equal pay for equal work global population mixing plus edgy media influence and the shift from binaries to spectrums that much needs to be rethought

The Heart of the Matter Susan M. Johnson, Leslie S. Greenberg, 1994 First Published in 1995 Routledge is an imprint of Taylor Francis an informa company

Six Group Therapies S. Long, 2013-06-29

The Heart Of The Matter: Perspectives On Emotion In Marital Susan M. Johnson, Leslie S. Greenberg, 2013-08-21 First published in 1995 Intimate relationships are at the core of our emotional life There is no other context so infused by and responsive to the ebb and flow of human emotion A large part of human communication is emotional communication involving minute signals concerning closeness and distance and dominance and submission This information is of central importance in organizing interactions with significant others In addition the social interactions most crucial to our senses of well being positive adaptation and physical and emotional health are those that occur with significant others on whom we depend for our sense of security and belonging in the world This book examines the role of affect in intimate relations and in the redefinition of such relationships in therapy

 Family Psychologists The Family Studies Program at Georgia State University 27 Training in Family Psychology 28 Structure
 and Gradualness in the Clinical Training Of Family Psychologists 29 Enrichment Role Playing as a Step in the Training of
 Family Psychologists Section 7 Conclusion 30 Family Psychology The Present and the Future *Human Behavior Theory*
 Roberta Greene, 2017-09-29 In recent years advocates for civil rights for minorities women and gays and lesbians have
 become more informed consumers of mental health services As a result social work practitioners need to prepare themselves
 to serve diverse constituencies for who previously held behavioral and cultural assumptions have proven not to be universally
 applicable The purpose of Greene s book is to help students and practitioners better understand how social workers have
 used human behavior theories to more competently address variations in group and community membership within the social
 worker client encounter The book s approach is largely thematic Most of the chapters explore how particular assumptions of
 a human behavior theory psychoanalytic theory psychodynamic ego psychology theory systems theory behavioral theory
 symbolic interaction theory feminist theory constructionist theory small group theory and an ecological perspective have
 been used to answer issues related to cultural diversity The challenges and limitations of each theory s applications across
 varying client constituencies are discussed throughout What sorts of new conceptual issues for the practitioner of family
 services are raised in work with minority families for example or with lesbian families How does a specific theory help or not
 help in group specific interventions and evaluations Intended as a companion volume to the widely adopted human behavior
 text by Greene and Ephross Greene s new book fills the need for a wide synthetic reading of the recent literature Social
Interactions in Adolescence and Promoting Positive Social Contributions of Youth Richard M. Lerner, Daniel F. Perkins, 1999
 First published in 1999 Routledge is an imprint of Taylor Francis an informa company Human Behavior Theory and Social
Work Practice Roberta R. Greene, 2017-07-28 Human Behavior Theory and Social Work Practice remains a foundation work
 for those interested in the practice and teaching of social work Roberta Greene covers theoretical areas and individual
 theorists including classical psychoanalytic thought Eriksonian theory Carl Rogers cognitive theory systems theory ecological
 perspectives social construction feminism and genetics She discusses the historical context its philosophical roots and major
 assumptions of each theory The general theme which distinguishes this volume is that the person in environment perspective
 has been a central influence in the formation of the profession s knowledge base as well as its approach to practice Greene

provides perspective on how individuals and social systems interact This book examines how social workers can use theory to shape social work practice by increasing his or her understanding of and potential for enhancing human well being Greene covers the relationship between human behavior theory and professional social work practice She also explores the challenges and limitations of each theory and addresses the following issues how the theory serves as a framework for social work practice how the theory lends itself to an understanding of individual family group community or organizational behavior what the implications are of the theory for social work interventions or practice strategies and what role it proposes for the social worker as a change agent Throughout the profession s history social workers have turned to a number of theoretical approaches for the organizing concepts needed to define their practice base The aims of social work to improve societal conditions and to enhance social functioning of and between individuals families and groups are put into action across all fields of practice and realized through a variety of methods in a range of settings This third edition completely revised represents a fundamental contribution to the field and like its predecessors will be widely used as a basic text
