A challenge to his plan is presented which threatens the historic interpretation of the U S Constitution and the future configuration of the United States. A series of events including assassinations of high profile Americans both in and out of the government further interfere with his domestic agenda. Debate within the White House is divided between whether or not these murders are random acts of violence or harbingers of worse things to come from organized terrorists. President Armstrong asks his new Vice President Mike Henning to work with his personal covert operative Tim Shannon to learn from his sources in the Middle East whether a major terrorist attack against the United States is planned. Despite Osama bin Laden having been killed by the CIA in 2011 al Qaeda continued to grow and spread their terrorist attacks throughout the world. Now that al Qaeda had a martyr recruiting became even easier. Tim Shannon and his team of his twin brother Jim plus John Murphy and a couple of new players undertake their new assignment with their usual expertise and foreign contacts. But the clock is running down to identify find and arrest the men behind the greatest terrorist threat in history against the United States and destroy the plan and its operatives before they can carry it out. *The Washington Connection and Third World Fascism* Noam Chomsky, Edward S.
