Reading and Writing V. S. Naipaul, 2000-02-28 I was eleven no more when the wish came to me to be a writer and then very soon it was a settled ambition But for the young V S Naipaul there was a great distance between the wish and its fulfillment To become a writer he would have to find ways of understanding three very different cultures his family's half remembered Indian homeland the West Indian colonial society in which he grew up and the wholly foreign world of the English novels he read In this essay of literary autobiography V S Naipaul sifts through memories of his childhood in Trinidad his university days in England and his earliest attempts at writing seeking the experiences of life and reading that shaped his imagination and his growth as a writer He pays particular attention to the traumas of India under its various conquerors and the painful sense of dereliction and loss that shadows writers attempts to capture the country and its people in prose Naipaul's profound reflections on the relations between personal or historical experience and literary form between the novel and the world reveal how he came to discover both his voice and the subjects of his writing and how he learned to turn sometimes to fiction sometimes to the travel narrative to portray them truthfully Along the way he offers insights into the novel's prodigious development as a form for depicting and interpreting society in the nineteenth century and its diminishing capacity to do the same in the twentieth a task that in his view passed to the creative energies of the early cinema As a child trying to read I had felt that two worlds separated me from the books that were offered to me at school and in the libraries the childhood world of our remembered India and the more colonial world of our city What I didn't know even after I had written my early books of fiction was that those two spheres of darkness had become my subject Fiction working its mysteries by indirections finding directions out had led me to my subject But it couldn't take me all the way V S Naipaul from Reading Writing Foundation of Eduspace, Eighth Edition, Custom Publication Ornstein, 2002-08 *Reading and Writing about Literature* Janet Gardner, Joanne Diaz, 2024-12-19 Reading and Writing about Literature provides the essentials of reading and writing about literature in a brief and very affordable package **How to Open a Business Writing and Publishing Memoirs, Gift Books, Or Success Stories for Clients** Anne Hart, 2005-12 Learn what questions to ask and how to interview people for the significant moments in their life stories and then write publish and bind by hand exquisitely crafted personal gift books memoirs or business success stories Words in memoirs or life success story gift books have a life of their own The purpose of a hand made finely bound memoirs or business success story gift book is to show how two or more people bring out the best in one another You'd be surprised how many people are satisfied to pay up to 10 000 or more depending upon the publisher to have only one copy of a hand bound hardcover book published about their event or life story What does it take to create and publish a memoirs gift book commemorating a Bar Mitzvah confirmation wedding or true experience What quality of personal book do you want to make from scratch writing printing and binding As far as printing and binding you can make one finished book at a cost to you of only 1 50 4 50 What you charge a client depends on what it
