Representations of Gender From Prehistory To the Present NA NA, 2016-04-30 Focusing primarily on visual forms of representation but also including material on literary representation this volume brings together studies as apparently disparate as the iconography of power in Mediterranean prehistory and clothing and cultural meaning in the First and Second World Wars What draws these chapters together is the common focus on how the scholar of the twenty first century can pursue the interpretation of past representational cultural production from a gendered perspective The fruit of research by academics from the fields of archaeology classics and ancient history art history and social history and from both sides of the Atlantic this volume is a fascinating introduction to a developing field

Gender Studies in Architecture Dörte Kuhlmann, 2014-04-11 Analyzing a range of ideas from biological evolutionary and anthropological theories to a variety of feminist psychoanalytic poststructuralist and constructivist discourses this book provides a comprehensive introduction to the problematics of gender and power in architectural and urban design Topics range from conceptions of postulated matriarchal architecture in Old Europe to contemporary technologies of control from the mechanisms of gaze to architectural performatives from the under representation of women in the planning profession to the integration of gender issues to the curriculum The particular strengths of the book lie in its inclusiveness and critical analysis It is not a partisan defence of feminism or any other theory but a critical introduction to the issues relating to gender Moreover the conclusions reach beyond a narrow gender studies perspective to social and ethical considerations that are unavoidable in any responsible architectural or urbanistic practice With its broad range and balanced analysis of different theories the book is suitable as an

overview of gender studies in architecture and useful for any designer who is concerned with the social effects of the built environment

Injury and Trauma in Bioarchaeology Rebecca C. Redfern, 2016-12-22 The remains of past people are a testament to their lived experiences and of the environment in which they lived Synthesising the latest research this book critically examines the sources of evidence used to understand and interpret violence in bioarchaeology exploring the significant light such evidence can shed on past hierarchies gender roles and life courses The text draws on a diverse range of social and clinical science research to investigate violence and trauma in the archaeological record focussing on human remains It examines injury patterns in different groups as well as the biological psychological and cultural factors that make us behave violently how our living environment influences injury and violence the models used to identify and interpret violence in the past and how violence is used as a social tool Drawing on a range of case studies Redfern explores new research directions that will contribute to nuanced interpretations of past lives

Violence and Gender in Ancient Egypt Uroš Matić, 2021-05-30 Violence and Gender in Ancient Egypt shifts the focus of gender studies in Egyptology to social phenomena rarely addressed through the lens of gender war and violence exploring the complex intersections of violence and gender in ancient Egypt Building on current discussions in philosophy anthropology and sociology and on analysis of relevant historic texts iconography and archaeological remains by looking at possible gender patterns behind evidence of trauma the book bridges the gap between modern understandings of gendered violence and its functioning in ancient Egypt Areas explored include the following differences in gendered aggression and violent acts between people and deities sexual violence the taking of men women and children as prisoners of war and feminization of enemies By examining ancient Egyptian texts and images with evidence for violence from different periods and contexts private tombs divine temples royal stelae papyri and ostraca ranging over 3 000 years of cultural history Violence and Gender in Ancient Egypt highlights the complex intersection between gender and violence in ancient Egyptian culture The book will appeal to scholars and students working in Egyptology archaeology history anthropology sociology and gender studies
