Lorca A Dream Of Life:

Lorca - a Dream of Life Leslie Stainton, 2013-06-10 With a rare blend of grace warmth and scholarship Leslie Stainton raises the stakes of our appreciation for the greatest of Spain's modern poets Federico García Lorca Drawing on fourteen years of research more than a hundred letters unknown to prior biographers exclusive interviews with Lorca's friends family and acquaintances and dozens of newly discovered archival material Stainton has brought her subject to life as few writers can She describes his carefree childhood in rural Andalusia his residencies in Madrid and Granada then in New York Havana and Buenos Aires his potent interaction with other Spanish artists such as Salvador Dalí Luis Buñuel and the composer Manuel de Falla and finally Stainton shows how Lorca's marginal political activity during the Spanish Civil War still cost him his life Throughout Stainton meticulously but unobtrusively relates the oeuvre to the life Her biography is quickly becoming the standard one volume work on the poet

Revolutionary Memory Cary Nelson, 2013-10-11 Revolutionary Memory is the most important book yet to be published about the vital tradition of leftwing American Poetry As Cary Nelson shows it is not only our image of the past but also our sense of the present and future that changes when we recover these revolutionary memories Making a forceful case for political poetry as poetry Nelson brings to bear his extraordinary knowledge of American poets radical movements and social struggles in order to bring out an undervalued strength in a literature often left at the canon's edge Focused in part of the red decade of the 1930s Revolutionary Memory revitalizes biographical criticism for writers on the margin and shows us for the first time how progressive poets fused their work into a powerful chorus of political voices Richly detailed and beautifully illustrated with period engravings and woodcuts Revolutionary Memory brings that chorus dramatically to life and sets a cultural agenda for future work

Archives of Flesh Robert Reid-Pharr, 2016-12-13 Enlists the principles of post humanist critique in order to investigate decades of intimate dialogues between African American and Spanish intellectuals In Archives of Flesh Robert Reid Pharr reveals the deep history of intellectual engagement between African America and Spain Opening a fascinating window onto black and anti Fascist intellectual life from 1898 through the mid 1950s Reid Pharr argues that key institutions of Western Humanism including American colleges and universities developed in intimate relation to slavery colonization and white supremacy This retreat to rigidly established philosophical and critical traditions can never fully address or even fully recognize the deep seated hostility to black subjectivity underlying the humanist ideal of a transcendent Manhood Calling for a specifically anti white supremacist reexamination of the archives of black subjectivity and resistance Reid Pharr enlists the principles of post humanist critique in order to investigate decades of intimate dialogues between African American and Spanish intellectuals including Salaria Kea Federico García Lorca Nella Larsen Langston Hughes Richard Wright Chester Himes Lynn Nottage and Pablo Picasso In the process Reid Pharr takes up the African American Spanish Archive in order to resist the anti corporeal anti black anti human biases that stand at the heart of Western Humanism

Getting it Wrong in Spain Susana Belenguer, 2017-10-02 This book brings together different and interdisciplinary perspectives on the Spanish Civil War its victims its contentious ending and its aftermath In exploring the slow demise of republican ideals contributors range over many diverse historical and cultural topics discussing for instance the attitudes of

both Left and Right to the poet Federico García Lorca and to his assassination examining the documentary evidence offered in surviving memoirs of the Civil War and assessing the major characteristics of the new order in Spain under Franco. Cinematic and literary depictions of the Civil War and its consequences are also studied. Other topics investigated include contemporary French reactions to the Spanish conflict, Stalinist policies towards Spain, the activities and motives of the anarcho-syndicalists and the role of the International Brigades. This collection of essays published on the 75th anniversary of the end of the Civil War not only places the events and experiences studied within the context of the new state of Franco's Spain but also offers timely fresh insights into wider European and international issues during what was a period of seismic change in world history. This book was originally published as a special issue of *Bulletin of Spanish Studies*. **The**

The Writer's Journey Travis Elborough, 2022-11-15. The Writer's Journey invites you to follow in the footsteps of some of the world's most famous authors on the travels that inspired their greatest works. **Modernism and Mourning** Patricia Rae, 2007. The essays in *Modernism and Mourning* examine the work of mourning in modernist literature or more precisely its propensity for resisting this work. Drawing from recent developments in the theory and cultural history of mourning its contributors explore the various ways in which modernist writers repudiate Freud's famous injunction to mourners to work through their grief endorsing instead a resistant or melancholic mourning that shapes both their themes and their radical experiments with form. The emerging picture of the pervasive influence of melancholic mourning in modernist literature casts new light on longstanding critical arguments especially those about the politics of modernism. It also makes clear the pertinence of this literature to the present day in which the catastrophic losses of 9/11, of retaliatory war, of racially motivated genocide, of the AIDS epidemic have made the work of mourning a subject of widespread interest and debate. Patricia Rae is Head of the Department of English at Queen's University. **The Concise New Makers of Modern Culture** Justin Wintle, 2008-11-28. A Who's Who of Western culture from Woody Allen to Emile Zola.
