Lost Christianities:

Lost Christianities Bart D. Ehrman, 2005 Focusing on key historical texts a biblical authority offers a revealing look at the early church and the intense struggle to form the canon of the New Testament 11 halftones **Lost Christianities** Bart D. Ehrman, 2005-09-15 The early Christian Church was a chaos of contending beliefs Some groups of Christians claimed that there was not one God but two or twelve or thirty Some believed that the world had not been created by God but by a lesser ignorant deity Certain sects maintained that Jesus was human but not divine while others said he was divine but not human In **Lost Christianities** Bart D Ehrman offers a fascinating look at these early forms of Christianity and shows how they came to be suppressed reformed or forgotten All of these groups insisted that they upheld the teachings of Jesus and his apostles and they all possessed writings that bore out their claims books reputedly produced by Jesus s own followers Modern archaeological work has recovered a number of key texts and as Ehrman shows these spectacular discoveries reveal religious diversity that says much about the ways in which history gets written by the winners Ehrman s discussion ranges from considerations of various lost scriptures including forged gospels supposedly written by Simon Peter Jesus s closest disciple and Judas Thomas Jesus s alleged twin brother to the disparate beliefs of such groups as the Jewish Christian Ebionites the anti Jewish Marcionites and various Gnostic sects Ehrman examines in depth the battles that raged between proto orthodox Christians those who eventually compiled the canonical books of the New Testament and standardized Christian belief and the groups they denounced as heretics and ultimately overcame Scrupulously researched and lucidly written **Lost Christianities** is an eye opening account of politics power and the clash of ideas among Christians in the decades before one group came to see its views prevail **Lost Christianities: The Battles for Scripture and the Faiths We Never Knew and Lost Scriptures: Books That Did Not Make It Into the New Testament** BART D. EHRMAN, Bowman and Gordon Gray Professor of Religious Studies Bart D Ehrman, 2004-09-02 This unique set combines two of Bart Ehrman s most popular works on the early Christian church **Lost Scriptures** and **Lost Christianities** and gives readers a vivid picture of the range of beliefs that battled each other in the first centuries of the Christian era **Lost Christianities** Bart D. Ehrman, 2003 **Lost Christianities** Bart Ehrman, **Lost Scriptures** Bart D. Ehrman, 2005-09-15 **Lost Scriptures** offers an anthology of up to date and readable translations of many non canonical writings from the centuries after Christ texts that have for the most part been neglected or lost for nearly two millennia Here is an array of remarkably varied writings from early Christian groups whose visions of Jesus differ dramatically from our contemporary understanding Ehrman has included a general introduction plus brief introductions to each piece **Lost Scriptures** gives readers a vivid picture of the range of beliefs that battled each other in the first centuries of the Christian era It is an essential resource for anyone interested in the Bible or the early Church **Lost Christianities** Bart D. Ehrman, 2023 **Found Christianities** M. David Litwa, 2022-02-24 M David Litwa tells the stories of the early Christians whose religious identity was either challenged or outright denied In the second century many different

groups and sects claimed to be the only Orthodox or authentic version of Christianity and Litwa shows how those groups and figures on the side of developing Christian Orthodoxy often dismissed other versions of Christianity by refusing to call them Christian. However, the writings and treatises against these groups contain fascinating hints of what they believed and why they called themselves Christian. Litwa outlines these different groups and the controversies that surrounded them, presenting readers with an overview of the vast tapestry of beliefs that made up second-century Christianity. By moving beyond notions of gnostic, heretical, and orthodox, Litwa allows these lost Christianities to speak for themselves. He also questions the notion of some Christian identities surviving or perishing, arguing that all second-century Catholic groups look very different to any form of modern Roman Catholicism. Litwa shows that countless discourses, ideas, and practices are continually recycled and adapted throughout time in the building of Christian identities, and indeed that the influence of so-called lost Christianities can still be felt today.

Lost Christianities Jon Leven, Teaching Company, 2002. Twenty-four lectures on the history and varieties of Christian doctrines in the early church. *The Quest for Early Church Historiography* Jeremiah Mutie, 2022-09-09. The Quest for Early Church Historiography explores how early church historiography underwent a significant shift beginning with the thought of Ferdinand Christian Baur (1792-1860), a shift that eventually culminated in the current extreme historiographies of such scholars as Bart D. Ehrman (1955). Through the tracing of this historiographical trajectory, this work argues that rather than seeing these current historiographies as having suddenly appeared in the scholarly scene, a better approach is to see them as the fruit of this long trajectory. Of course, as the work has sought to demonstrate, this trajectory is itself full of turns and twists. But the careful reader will hopefully be able to see the intrinsic connections that are demonstrably evident.

Nexus Yuval Noah Harari, 2025-09-16. From the 1 New York Times bestselling author of *Sapiens* comes the groundbreaking story of how information networks have made and unmade our world. For the last 100,000 years, we *Sapiens* have accumulated enormous power. But despite all our discoveries, inventions, and conquests, we now find ourselves in an existential crisis. The world is on the verge of ecological collapse. Misinformation abounds. And we are rushing headlong into the age of AI, a new information network that threatens to annihilate us. For all that we have accomplished, why are we so self-destructive? *Nexus* looks through the long lens of human history to consider how the flow of information has shaped us and our world. Taking us from the Stone Age through the canonization of the Bible, early modern witch hunts, Stalinism, Nazism, and the resurgence of populism today, Yuval Noah Harari asks us to consider the complex relationship between information and truth, bureaucracy and mythology, wisdom and power. He explores how different societies and political systems throughout history have wielded information to achieve their goals, for good and ill. And he addresses the urgent choices we face as non-human intelligence threatens our very existence. Information is not the raw material of truth, nor is it a mere weapon. *Nexus* explores the hopeful middle ground between these extremes and, in doing so, rediscovers our shared humanity.

information available today on savings and investments taxes money management home ownership and many other personal finance topics **Revival of the Gnostic Heresy** J. Morris,2008-11-24 In this rigorous and provocative study Joe E Morris argues that the basic tenets and practices of Fundamentalism are those of ancient Christian Gnosticism Drawing on extensive research and careful analysis Morris aligns the two religious phenomena point by point tenet by tenet Along the way he provides insights into the key hermeneutic of Fundamentalism inerrancy of Scripture highlighting the multiple problems with the positions of literal and inerrant interpretation their impracticality and unfeasibility and their contradiction with their own conservative doctrine namely the Incarnation of Jesus Christ This groundbreaking book dramatically recasts our understanding of the history of Christianity and gives important context to modern day religious debates

Demythologizing Jesus of Nazareth: Was Jesus a Historical Or Mythical Person? , **The Intolerance of Tolerance** D. A. Carson,2012-01-31 Carson traces the subtle but enormous shift in the way we have come to understand tolerance over recent years from defending the rights of those who hold different beliefs to affirming all beliefs as equally valid and correct He looks back at the history of this shift and discusses its implications for culture today especially its bearing on democracy discussions about good and evil and Christian truth claims from publisher description **The Gnostics** David Brakke,2012-09-03 Who were the Gnostics And how did the Gnostic movement influence the development of Christianity in antiquity Is it true that the Church rejected Gnosticism This book offers an illuminating discussion of recent scholarly debates over the concept of Gnosticism and the nature of early Christian diversity Acknowledging that the category Gnosticism is

flawed and must be reformed David Brakke argues for a more careful approach to gathering evidence for the ancient Christian movement known as the Gnostic school of thought He shows how Gnostic myth and ritual addressed basic human concerns about alienation and meaning offered a message of salvation in Jesus and provided a way for people to regain knowledge of God the ultimate source of their being Rather than depicting the Gnostics as heretics or as the losers in the fight to define Christianity Brakke argues that the Gnostics participated in an ongoing reinvention of Christianity in which other Christians not only rejected their ideas but also adapted and transformed them This book will challenge scholars to think in new ways but it also provides an accessible introduction to the Gnostics and their fellow early Christians
