Maria Abbild Oder Vorbild Zur Sozialgeschichte Mittelalterlicher Marienverehrung:

The Holy Family and Its Legacy Albrecht Koschorke, 2003 Why do biblical themes continue to have such an impact on the popular imagination Why do Mary like mothers and Jesus like sons play such a prominent role not only in the late Middle Ages and the Reformation but also in the Enlightenment the nineteenth century with its faith in science and even our time in such movies as The Terminator and the Star Wars saga to the extent that we can count them among Western society's leading cultural archetypes And what does the figure of the father God reveal about the social and familial institutions of male dominated society In this provocative and engaging book Albrecht Koschorke suggests that the story of the Holy Family has become a cultural code embedded in secular society The Western nuclear family consists of the Christian prototype of mother father and child Thus the Holy Family has come to be a model for modern family dynamics The holy child stands at the center of centuries of art history just as the child stands at the center of parental attention today Similarly the roles of modern women and men provide dramatic parallels to the surrogate mother Mary and to Joseph a proxy for the absent father But as the position of the father in Christianity remains ambiguous Koschorke argues the Holy Family model actually disrupts the nuclear ideal with reverberations throughout Western culture including art literature film popular culture and political ideology The anomalies of the Christian nativity a present but nonbiological father and an absent spiritual father for example support the ideology of the state as a powerful and patriarchal determinant of society Ranging over two millennia of history and culture Koschorke deftly contrasts the cultural archetype of the Holy Family with the theories of Freud and Weber and with the literary works of Rousseau Kleist and others in an exploration that illuminates issues of historical religious artistic psychological and cultural significance **Maria, Abbild oder Vorbild?** Hedwig Röckelein, Claudia Opitz, Dieter R.

The Oxford Handbook of Medieval Christianity John Arnold, 2014 The Oxford Handbook of Medieval Christianity takes as its subject the beliefs practices and institutions of the Christian Church between 400 and 1500AD It addresses topics ranging from early medieval monasticism to late medieval mysticism from the material wealth of the Church to the spiritual exercises through which certain believers might attempt to improve their souls Each chapter tells a story but seeks also to ask how and why Christianity took particular forms at particular moments in history paying attention to both the spiritual and otherworldly aspects of religion and the material and political contexts in which they were often embedded This Handbook is a landmark academic collection that presents cutting edge interpretive perspectives on medieval religion for a wide academic audience drawing together thirty key scholars in the field from the United States the UK and Europe Notably the Handbook is arranged thematically and focusses on an analytical rather than narrative approach seeking to demonstrate the variety change and complexity of religion throughout this long period and the numerous different ways in which modern scholarship can approach it While providing a very wide ranging view of the subject it also offers an important agenda for further study in the field

Educating People of Faith John H. Van Engen, 2004 A much needed addition to the emerging literature on the formative power of religious practices *Educating People of Faith* creates a vivid portrait of the lived practices that shaped the faith of Jews and Christians in synagogues and churches from antiquity up to the seventeenth century This significant book is the work of Jewish Roman Catholic Orthodox and Protestant scholars who wished to discover and describe how Jews and Christians through history have been formed in religious ways of thinking and acting Rather than focusing solely on either intellectual or social life the authors all use the concept of practices as they attend to the embodied contextual character of religious formation Their studies of religious figures community life and traditional practices such as preaching sacraments and catechesis are colorful detailed and revealing The authors are also careful to cover the nature of religious education across all social levels from the textual formation of highly literate rabbis and monks engaged in Scripture study to the local formation of illiterate medieval Christians for whom the veneration of saints shrines street performances of religious dramas and public preaching by wandering preachers were profoundly formative *Educating People of Faith* will benefit scholars and teachers desiring a fuller perspective on how lived practices have historically formed people in religious faith It will also be useful to practical theologians and pastors who wish to make the resources of the past available to practitioners in the present Contributors John C. Mechthild of Magdeburg and Her Book Sara S. Poor, 2013-03-26 Sometime around 1230 a young woman left her family and traveled to the German city of Magdeburg to devote herself to worship and religious contemplation Rather than living in a community of holy women she chose isolation claiming that this life would bring her closer to God Even in her lifetime Mechthild of Magdeburg gained some renown for her extraordinary book of mystical revelations *The Flowing Light of the Godhead* the first such work in the

German vernacular Yet her writings dropped into obscurity after her death many assume because of her gender In Mechthild of Magdeburg and Her Book Sara S Poor seeks to explain this fate by considering Mechthild s own view of female authorship the significance of her choice to write in the vernacular and the continued if submerged presence of her writings in a variety of contexts from the thirteenth through the nineteenth century Rather than explaining Mechthild s absence from literary canons Poor s close examination of medieval and early modern religious literature and of contemporary scholarly writing reveals her subject s shifting importance in a number of differently defined traditions high and low Latin and vernacular male and female centered While gender is often a significant factor in this history Poor demonstrates that it is rarely the only one Her book thus corrects late twentieth century arguments about women writers and canon reform that often rest on inadequate notions of exclusion Mechthild of Magdeburg and Her Book offers new insights into medieval vernacular mysticism late medieval women s roles in the production of culture and the construction of modern literary traditions

Religion and Culture in Germany (1400-1800) Robert Scribner, 2021-10-18 The late Bob Scribner was one of the most original and provocative historians of the German Reformation His truly pioneering spirit comes to light in this collection of his most recent essays In the years before his death Scribner explored the role of the senses in late medieval devotional culture and wondered how the Reformation changed sensual attitudes Further essays examine the nature of popular culture and the way the Reformation was institutionalised considering Anabaptist ideals of the community of goods literacy and heterodoxy and the dynamics of power as they unfold in a case of witchcraft The final section of the book consists of three iconoclastic essays which together form a sustained assault on the argument first advanced by Max Weber that the Reformation created a rational modern religion Scribner shows that far from being rationalist and anti magical Protestants had their own brand of magic These fine essays are certain to spark off debate not only among historians of the Reformation but also among art historians and anyone interested in the nature of culture Nuns as Artists Jeffrey F. Hamburger, 1997-05-30 Hamburger s singular discovery of a group of devotional drawings made by an anonymous nun is here presented with magisterial learning theoretical sophistication and deep human sympathy V A Kolve University of California Los Angeles **Die Stadt als Kommunikationsraum** Helmut Bräuer, Elke Schlenkrich, 2001 Bibelepisches Erzählen vom 'Transitus Mariae' im Mittelalter Susanne Spreckelmeier, 2019-08-19 Da kanonische Schriften über das Schicksal Mariens keine Auskunft geben haben Transitus Berichte die vom Tod und von der Himmelsaufnahme Mariens erzählen noch bis ins Mittelalter einen schwierigen Status Sie werden einerseits in gutem Glauben tradiert und andererseits von Theologen kontrovers diskutiert Am Beispiel der mittelalterlichen Rezeption des Transitus Mariae B des Pseudo Melito von Sardes 6 Jh wird bibelepisches Erzählen als voraussetzungsreiches medien und gattungs bergreifendes Erzählverfahren profiliert Die Studie nimmt in den Blick unter welchen diskursiven Bedingungen Transitus Berichte entstehen und wie spezialdiskursive Narrative der Assumptio Mariae in einen hiesigen geistlichen Interdiskurs des Mittelalters integriert werden

Der interdiskurstheoretische Ansatz ermöglicht die Analyse von Diskursinterferenzen in Text und Bildzeugnissen sowie die Aufdeckung von Argumentationsstrukturen im Spannungsfeld von Gelehrtenwissen und populärer Frömmigkeitspraxis. Indem Fallstudien an volkssprachlichen Texten die spezifisch hiesige Aneignung des apokryphen Stoffs aufzeigen, leistet die Studie einen Beitrag zur Funktionsbestimmung bibelapokryphen Erzählens in der Vormoderne.

Geschichte des Mittelalters für unsere Zeit Verband der Geschichtslehrer Deutschlands, 2003. Wie gehen wir mit dem Mittelalter um? Wie in der Öffentlichkeit in den Medien auf den mittelalterlichen Festen und gar in der Schule? Was macht das Mittelalter so attraktiv, dass die Gesellschaft stolz die Bauwerke des Mittelalters nicht nur zeigt, sondern viel Geld und Mühe für ihren Erhalt aufbringt und sich aufwändige und sehr gut besuchte Ausstellungen leistet? Aber wie war das Mittelalter wirklich? Was an ihm macht es für die Menschen der Moderne so interessant? Eigenartig im Geschichtsunterricht wird das Mittelalter immer mehr an den Rand geschoben, ja über den Rand hinausgedrängt. Es ist als ob der Geschichtsunterricht keine Antworten auf wichtige Lebensaufgaben der Menschen der Moderne versuchen kann. Mit der Dokumentation *Geschichte des Mittelalters für unsere Zeit* will der Verband der Geschichtslehrer Deutschlands zu einer neuen Sicht des Mittelalters anregen. Namhafte Wissenschaftler der Geschichte des Mittelalters gehen der Frage der Bedeutung des Mittelalters für die moderne Zeit nach und versuchen Antworten. Eine sehr wichtige Publikation, wichtig für den Wissenschaftler, wichtig für den Lehrer, wichtig für den an der Geschichte Interessierten, wichtig für unsere Gegenwart.

Lives of the Anchoresses Anneke B. Mulder-Bakker, 2013-06-15. In cities and towns across northern Europe in the twelfth and thirteenth centuries a new type of religious woman took up authoritative positions in society all the while living as public recluses in cells attached to the sides of churches. In *Lives of the Anchoresses* Anneke Mulder Bakker offers a new history of these women who chose to forsake the world but did not avoid it. Unlike nuns, anchoresses maintained their ties to society and belonged to no formal religious order. From their solitary anchorholds in very public places they acted as teachers and counselors and in some cases theological innovators for parishioners who would speak to them from the street through small openings in the walls of their cells. Available at all hours, the anchoresses were ready to care for the community's faithful whenever needed. Through careful biographical studies of five emblematic anchoresses, Mulder Bakker reveals the details of these influential religious women. The life of the unnamed anchoress who was mother to Guibert of Nogent shows the anchoress's role as a spiritual guide in an oral culture. A study of Yvette of Huy shows the myriad possibilities open to one woman who eventually chose the life of an anchoress. The accounts of Juliana of Cornillon and Eve of St Martin raise questions about the participation of religious women in theological discussions and their contributions to church liturgy. And the biographical study of Margaret the Lame of Magdeburg explores the anchoress's role as day to day religious instructor to the ordinary faithful.

Women at the Beginning Patrick J. Geary, 2016-07-26. In these four artfully crafted essays, Patrick

Geary explores the way ancient and medieval authors wrote about women Geary describes the often marginal role women played in origin legends from antiquity until the twelfth century Not confining himself to one religious tradition or region he probes the tensions between women in biblical classical and medieval myths such as Eve Mary Amazons princesses and countesses and actual women in ancient and medieval societies Using these legends as a lens through which to study patriarchal societies Geary chooses moments and texts that illustrate how ancient authors all of whom were male confronted the place of women in their society Unlike other books on the subject *Women at the Beginning* attempts to understand not only the place of women in these legends but also the ideologies of the men who wrote about them The book concludes that the authors of these stories were themselves struggling with ambivalence about women in their own worlds and that this struggle manifested itself in their writings

Jesus: Miriam's Child, Sophia's Prophet Elisabeth Schüssler Fiorenza,2015-11-19 In *Jesus Miriam s Child Sophia s Prophet* Elisabeth Sch ssler Fiorenza makes a unique contribution to two quite different discussions of Jesus the Christ On the one hand she looks at biblical christology from a critical feminist perspective in the tradition of liberation theology On the other she examines the feasibility of a feminine christology by considering such problems as Christian anti Judaism ideological justification of domination religious exclusivism and the formation of patriarchal identity Re imagining the Jesus movement in a feminist key transcends the boundaries set by history gender and doctrine By assessing various Jesus traditions and interpretations in terms of whether they can engender liberating visions for today Sch ssler Fiorenza seeks to challenge and transform a Christianity dominated by masculinity and exclusivist theological frameworks so that it offers a vision of justice and well being for all the central image in which is the reign the coming world of God This Cornerstones edition features a new extended introduction which takes into account the developments in the field since the work was originally published in 1994
