Brockman,2020-04-29 Normally in the literary world when you write and publish your original autobiography I Was Compost When Compost Wasn t Cool now some ten years ago you put a substantial period on what I and many readers thought was a very interesting and successful life What else could there be what else could transpire in just ten short years that would be worthy to share Fortunately for my very valuable readers my wife and I have gone through another life time of experiences packed into those very hectic ten years which I hope you will find interesting but also emotional irredeemable despicable and downright felonious in many aspects It still involves my first loves of farming composting machinery and all the life long learning connected to that I mean for me what else is there in life It still reverts back to my parental upbringing and all of my previous mentioned mentors that was my privilege and pleasure to work with in my life up to this point Many aspects and stories about those folks will be highlighted that were missed in my first book It also has a lot to do with my wife Debbie and our life together It s absolutely amazing how much a person can endure and the pain and heartbreak both physically and mentally will be described the best I know how This book will also describe again to the best of my ability the unimaginable amount of greed ruthlessness trickery conniving fraud extravagant spending and incredible amount of elder abuse on the part of certain family members on their own parents and siblings It is just amazing what money greed and power can do to a family and that will be detailed finally in this book Yes only ten years since the original auto biography was written but what a ride Hard for me or anyone else to believe but my wife and I lived through all of it for a very unexpected and tragic ending I am the first one to realize that no one is guaranteed anything in life regardless it should have been a wonderful life we tried to do everything I thought to make it so but unfortunately it turned out to be anything but wonderful for us **School Education** ,1900
