Barber,James E. Fleming,2007-06-07 The presuppositions of constitutional interpretation The principal questions of constitutional interpretation The principal features of the American constitutional order the positive constitutionalism of The federalist Approaches to constitutional interpretation Textualism and consensualism Narrow originalism intentionalism Broad originalism Structuralism Doctrinalism and minimalism The philosophic approach Pragmatism Epilogue a fusion of approaches to constitutional interpretation **Legal Positivism in American Jurisprudence** Anthony J. Sebok,1998-10-28 This work represents a serious and philosophically sophisticated guide to modern American legal theory demonstrating that legal positivism has been a misunderstood and underappreciated perspective through most of twentieth century American legal thought Constitutions of Nations Amos J. Peaslee,1985-01-01 Constitutions of Nations Amos Peaslee,2013-06-29 *Constitutional Rights and Powers of the People* Wayne D. Moore,1998 American constitutionalism rests on premises of popular sovereignty but questions remain about how the people and their rights and powers fit into the constitutional design In a book that will radically reorient thinking about the Constitution political scientist Wayne Moore offers new insights into central problems of constitutional history theory and law **The Liberal Betrayal of America and the Tea Party Firestorm** William Davis Eaton,2010-05 On November 4 2008 the American people elected a virtually unknown untried and inexperienced but charismatic community organizer from the streets of Chicago as President of the United States His campaign had promised little more than Hope Change and Yes We Can with an occasional vague reference to transformative change The new President exalting himself and his associates as the ones we have been waiting for lost no time in imposing an enormous expansion of layered bureaucratic power through regulation takeovers intimidation and ruinous debt to replace the institutions of American Liberty Barack Hussein Obama tells us that America is no longer an exceptional nation no longer a Christian nation and acts as though it were no longer a constitutional nation The result is a genuine coup d etat and the meaning of transformative change becomes all too clear Call it sociofascism The ground for this shocking change was

prepared when the campus riots of the 1960s opened a culture war against America Over the decades this became a full fledged Civil War to capture or destroy American institutions of Liberty and is now merged with the Obama regime But in their jackboot haste to effect their purpose the new commanders stepped on a sleeping giant and aroused its fury We the people saw transformative change exposed for what it is The Tea Parties were born and a broad citizen based counter attack against those who would destroy America began barely a month after the new regime took office Liberal Betrayal of America and the Tea Party Firestorm is the story of how this has happened and what the future prospects for America may be
