Once Upon A Crime 1st Edition:

Once Upon A Crime Nolon King, 2022-01-06 Once upon a time the Grimms fairy tales taught lessons Now the Grimm Reaper does New detective Chelsea Sullivan is partnered with a maverick famous for closing cases and infamous for how he does it He has a target on his back and a chip on his shoulder Not exactly how she hoped to kick off her first homicide case Jim McPherson doesn't mind showing an up and comer the ropes but he does mind when she keeps putting herself in harm's way Especially since her innocence is exactly the trait the serial killer seems to be targeting Unless they're missing a crucial detail And he can't help but think his new partner knows what it is The body count is rising and the Grimm Reaper is after Chelsea If they can't catch him before he catches her there will be no happily ever after **Once Upon A Crime** is the first book in Nolon King's new **Once Upon A Crime** Trilogy Start reading your favorite new series today **Bloody Murder** Michelle Ann Abate, 2013-03-01 Off with her head decreed the Queen of Hearts one of a multitude of murderous villains populating the pages of children's literature explored in this volume Given the long standing belief that children ought to be shielded from disturbing life events it is surprising to see how many stories for kids involve killing **Bloody Murder** is the first full length critical study of this pervasive theme of murder in children's literature Through rereadings of well known works such as Alice's Adventures in Wonderland the Nancy Drew Mystery Stories and The Outsiders Michelle Ann Abate explores how acts of homicide connect these works with an array of previously unforeseen literary social political and cultural issues Topics range from changes in the America criminal justice system the rise of forensic science and shifting attitudes about crime and punishment to changing cultural conceptions about the nature of evil and the different ways that murder has been popularly presented and socially interpreted **Bloody Murder** adds to the body of inquiry into America's ongoing fascination with violent crime Abate argues that when narratives for children are considered along with other representations of homicide in the United States they not only provide a more accurate portrait of the range depth and variety of crime literature they also alter existing ideas about the meaning of violence the emotional appeal of fear and the cultural construction of death and dying

Gaylord, 2020-10-14 Edwin Sutherland is the acknowledged father of American criminology This is the first full length analysis of his work and his person Unlike the European schools of criminology which sought to locate deviant behaviour within the deep structures of the economy Sutherland eschewed such explanations in favour of proximate and observable causes He located the sources of crime in the association and interaction of specific groups of people For Sutherland crime as a way of life results from an individual s attachment to criminals for whom criminal acts are a measure of success no less than a way of life In a series of publications Sutherland expanded the horizons of the classic Chicago School of interactionists and in the process founded criminology as a separate area of research while locating it firmly within sociology As the authors show Sutherland s work was inspired by strong moral concerns and a sense of the needs of society for social order without falling prey to either blaming the victim or pandering to sentiment about the joys of criminal life In this sense he is a model of the sociological tradition long deserving of the biography acknowledging his role as a master and pioneer Yet Gaylord and Galliher have written more than an intellectual biography They take seriously the need to fit Sutherland and his theory of differential association into a social and historical context They are also aware and critically straightforward about the limitations of Sutherland s work in criminology but place both his achievements and their limitations in a fully developed analytical context *Drug Use and Crime* Christopher A. The African American Experience in Crime Fiction Robert E. Crafton, 2015-06-08 An immensely popular genre crime fiction has only in recent years been engaged significantly by African American authors Historically the racist stereotypes often central to crime fiction and the socially conservative nature of the genre presented problems for writing the black experience and the tropes of justice and restoration of social order have not resonated with authors who saw social justice as a work in progress Some African American authors did take up the challenge Pauline Hopkins Rudolph Fisher and Chester Himes led the way in the first half of the 20th century followed by Ishmael Reed s anti detective novels in the 1970s Since the 1990s Walter Mosley Colson Whitehead and Stephen L Carter have written detective fiction focusing on questions of constitutional law civil rights biological and medical issues education popular culture the criminal justice system and matters of social justice From Hopkins s Hagar s Daughter published in 1901 to Hime s hardboiled Harlem Detective series to Carter s patrician world of the black bourgeoisie these authors provide a means of examining literary and social constructions of the African American experience Instructors considering this book for use in a course may request an examination copy here
