

A scenic view of a mountain valley. On the left, a prominent, dark, jagged rock formation rises steeply. The valley floor is visible in the distance, with a river winding through it and some greenery. The sky is a mix of soft orange and blue, suggesting a sunrise or sunset. A dark horizontal bar is overlaid across the middle of the image, containing the text "Truth is one, paths are many." in white.

Heidegger on Art and Art Works J.J. Kockelmans, 2012-12-06 This book grew from a series of lectures presented in 1983 in the context of the Summer Program in Phenomenology at The Pennsylvania State University For these lectures I made use of notes and short essays which I had written between 1978 and 1982 during interdisciplinary seminars on Heidegger's later philosophy in general and on his philosophy of language and art in particular The participants in these seminars consisted of faculty members and graduate students concerned with the sciences the arts literature literary criticism art history art education and philosophy On both occasions I made a special effort to introduce those who did not yet have a specialized knowledge of Heidegger's philosophy to his later way of thinking In this effort I was guided by the conviction that we as a group had to aim for accuracy precision clarity faithfulness and depth while at the same time taking distance comparing Heidegger's views with ideas of other philosophers and thinkers and cultivating a proper sense of criticism Over the years it has become clear to me that among professional philosophers literary critics scholars concerned with art history and art education and scientists from various disciplines there are many who are particularly interested in Heidegger's philosophy of art I have also become convinced that many of these dedicated scholars often have difficulty in

understanding Heidegger's lectures on art and art works This is understandable *Many Paths: One Goal* J. P. Vaswani, 2017-12-18 Most of us are not found to be wanting in loyalty to our faiths the problem is to cultivate a healthy respect for what others believe This is a worthy aim which Dada J P Vaswani can surely help you achieve with this balanced thoughtful work written in the true Indian spirit of reverence and appreciation for all approaches to Truth and Divinity The author presents each religion as a precious jewel embellished in the crown of world civilization Whether it is Christianity Islam Hinduism Jainism Judaism Buddhism Sikhism Baha'ism Sufism or Zoroastrianism the individual artefact is distinct precious and unique But the substratum of belief that is at the core of their structure is eternal and unchanging faith in the One God and the unity and fellowship of all Creation And running as a golden thread through them all is the ultimate law which every faith never ever fails to emphasise Do nothing that may cause pain to others Here is a book which will reinforce your faith in humanity and help you become aware of what Vedanta emphasises the One behind the Many the Single Divinity behind the multiplicity of thought and creation J. Krishnamurti and the Nameless Experience Rohit Mehta, 1979 J Krishnamurti is one of the most revolutionary thinkers of our age To listen to him or to read his books is an experience by itself He challenges every norm and value of individual as well as social life He is not interested in mere outer changes he stands for a fundamental transformation what he calls the Mutation of the Mind He states that there must arise first the New Man before a New Society can be brought into existence The present book deals comprehensively with all aspects of Krishnamurti's teachings his philosophy his psychology and a practice of no practice Krishnamurti says Society is always static only in the individual can there be a radical revolution It is with this individual revolution that this book is fundamentally concerned
