David Jeffrey

Patientcentered Ethics And Communication At The End Of Life:

Patient-Centred Ethics and Communication at the End of Life David Jeffrey,2016-07-06 This book provides the best information available on the ways priorities are currently set for health care around the world It describes the methods now used in the six countries leading the process and contrasts the differences between them It shows how except in the UK frameworks have now been developed to set priorities Making Choices for Health Care sets forth the key issues that need to be tackled in the years ahead Descriptions of the leading trends are accompanied by suggestions to resolve outstanding difficulties Topics include the need for national research and development funding for new treatments ways to shift resources permanently towards prevention and chronic care and how DALYs may replace QALYs While the concepts and values underlying priority setting have been discussed elsewhere Making Choices for Health Care highlights real current practice It is a vital tool for policy makers health care managers clinicians patient organizations academics and executives in pharmaceutical and medical supply industries

Patient-Centred Ethics and Communication at the End of Life David Jeffrey,2018-04-17 This book provides the best information available on the ways priorities are currently set for health care around the world It describes the methods now used in the six countries leading the process and contrasts the differences between them It shows how except in the UK frameworks have now been developed to set priorities Making Choices for Health Care sets forth the key issues that need to be tackled in the years ahead Descriptions of the leading trends are accompanied by suggestions to resolve outstanding difficulties Topics include the need for national research and development funding for new treatments ways to shift resources permanently towards prevention and chronic care and how DALYs may replace QALYs While the concepts and values underlying priority setting have been discussed elsewhere Making Choices for Health Care highlights real current practice It is a vital tool for policy makers health care managers clinicians patient organizations academics and executives in pharmaceutical and medical supply industries

Oxford Handbook of Palliative Care Max Watson,Caroline Lucas,Andrew Hoy,Jo Wells,2009-03-26 Revised throughout with an additional emphasis on nursing care this handbook is a concise and authoritative guide to modern palliative care An ideal resource for the busy professional management of patients with end of life care needs

Interprofessional Ethics Across the Life Course in Health and Social Care Ann Gallagher,Nigel Davies,Nicky Mathastein-Bowen,Sherwyn Sicut,2025-11-25 Interprofessional teams of health and social care professionals encounter and respond to significant ethical challenges and complexity in their everyday work This scenario based book explores how to enact ethical values and virtues while working across the four pillars of professional activity practice education leadership and research Effective responses to care needs and everyday complexity require teamwork and a holistic approach to individual family and community needs They require health and social care professionals having an in depth appreciation of their own professional roles responsibilities and contributions as well as those of other professions This book enables readers to engage with and reflect on a range of ethical

decision making situations that can occur across the lifecourse and impact interprofessional teams Each chapter is based around particular authentic scenarios derived from the experiences of care recipients and family members involved in the production of the book and taking place in a range of care contexts from maternity care to community from hospital to residential care and from accident and emergency areas to hospice Introducing and discussing interprofessional issues from an ethical stance this is an essential text for health and social care students and practitioners and a resource for interprofessional IPE facilitators with a commitment to ethics in health and social care practice research education and leadership

Empathy-Based Ethics David Ian Jeffrey, 2021-01-05 This book explores a new way of applying clinical ethics Empathy based ethics is based on the patient doctor relationship and seeks to encourage a more humane form of medical practice The author argues that the current emphasis on the biomedical model of medicine and a detached concern form of professionalism have damaged the patient doctor relationship He investigates examples of the dehumanization of patients and demonstrates a contrasting view of humane care The book presents empathy as a relational construct it provides an in depth analysis of the process of empathizing It discusses an empathy based ethics approach underpinned by clinical examples of the practical application of this new approach It suggests how empathy based ethics can be embedded in clinical practice medical education and research The book concludes by examining the challenges in implementing such an approach and looks to a future which redresses the current imbalance between biomedical and psychosocial approaches to medicine

Palliative Care Nursing Deborah Witt Sherman, 2010 This textbook has introduced concepts and methods of education which help to move palliative nursing forward as an evidenced based practice of whole person care Betty Ferrell PhD FAAN Research Scientist From the Foreword In this comprehensive textbook on palliative care nursing editors Marianne Matzo and Deborah Witt Sherman succeed in bringing together the heart of nursing and the true meaning of palliative care with the most current evidence based practice GeriPal Palliative care is a philosophy of caregiving that integrates disease modification with supportive compassionate therapies for patients at the end of life Palliative care nurses are responsible for alleviating pain and other physical symptoms along with satisfying the emotional social cultural and spiritual needs of patients who are facing life threatening illness This third edition of Palliative Care Nursing provides more comprehensive newly updated content knowledge attitudes skills and cutting edge teaching and learning strategies to achieve the AACN End of Life nursing competencies providing a lifespan approach Now in its third edition this book continues to emphasize the value of complementary holistic modalities in promoting health wholeness and wellness even as death approaches Key topics discussed Ethical aspects of palliative care Legal aspects of end of life decision making Loss suffering grief and bereavement on the part of patients and their families Symptom specific nursing management of pain anxiety depression fatigue malnutrition and dehydration all common to palliative care How to communicate with the seriously ill and dying patients their families and their health care providers Disease specific aspects of palliative care for those battling cancer heart

disease lung disease HIV AIDS end stage renal and liver disease neurological and other disorders *Ethical and Legal Issues in Neurology* James L. Bernat, Richard Beresford, 2014-01-09 Advances in our understanding of the brain and rapid advances in the medical practice of neurology are creating questions and concerns from an ethical and legal perspective *Ethical and Legal Issues in Neurology* provides a detailed review of various general aspects of neuroethics and contains chapters dealing with a vast array of specific issues such as the role of religion the ethics of invasive neuroscience research and the impact of potential misconduct in neurologic practice The book focuses particular attention on problems related to palliative care euthanasia dementia and neurogenetic disorders and concludes with examinations of consciousness personal identity and the definition of death This volume focuses on practices not only in North America but also in Europe and the developing world It is a useful resource for all neuroscience and neurology professionals researchers students scholars practicing clinical neurologists mental health professionals and psychiatrists A comprehensive introduction and reference on neuroethics Includes coverage of how best to understand the ethics and legal aspects of dementia palliative care euthanasia and neurogenetic disorders Brings clarity to issues regarding ethics and legal responsibilities in the age of rapidly evolving brain science and related clinical practice *High-Grade Glioma: Pathophysiology, Treatment Strategies, and Holistic Care Approaches* Dr. Spineanu Eugenia, 2025-03-12 Explore comprehensive insights into High Grade Glioma with this treatise delving into its pathophysiology treatment strategies and holistic care approaches From the molecular markers influencing prognosis to advanced surgical techniques and emerging immunotherapy options this resource offers in depth analyses crucial for medical professionals and researchers Discover ethical considerations in treatment decisions patient experiences and palliative care essentials ensuring a compassionate approach throughout Whether navigating diagnostic challenges or optimizing patient outcomes through personalized therapies this treatise provides a nuanced understanding of High Grade Glioma s complexities Stay informed with the latest advancements in neuro oncology and enhance your knowledge base with evidence based practices aimed at improving quality of life and clinical outcomes for patients with this challenging neurological condition **Against Physician Assisted Suicide** David Jeffrey, 2009 The majority of doctors and nurses involved in specialist palliative care reject the legalisation of physician assisted suicide PAS This book explores the reasons why the healthcare professionals who have the most experience of caring for dying patients should object to a change in the law Debate about euthanasia and PAS often arises in response to a well publicised tragic case of unrelieved suffering Such heart rending stories do not reflect the fact that the majority of people dying have a dignified death There is a marked disparity between medical intuitions and the philosophers arguments about euthanasia and PAS It seems that part of the moral constitution of a doctor is a commitment not to intend the death of a patient and to protect them from harm The perspective of those who are privileged to care for thousands of dying patients and their families should inform the debate about PAS This book will enable those who are not working within palliative care to gain an insight into the scope of this

speciality and to understand why legalisation of PAS should be resisted to maintain and improve care of dying patients

Counselling for Death and Dying Richard Bryant-Jefferies, 2006 Focusing on counselling bereaved clients and those with terminal illness this book contains case studies reflective thoughts and feelings of both the client and counsellor Boxed key points and references to person centred theory aid easy comprehension

Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Patientcentered Ethics And Communication At The End Of Life eBooks, including some popular titles.

FAQs About Patientcentered Ethics And Communication At The End Of Life Books

What is a Patientcentered Ethics And Communication At The End Of Life PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Patientcentered Ethics And Communication At The End Of Life PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Patientcentered Ethics And Communication At The End Of Life PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Patientcentered Ethics And Communication At The End Of Life PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Patientcentered Ethics And Communication At The End Of Life PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
