Conspiracy Theory Ian Dunt, Dorian Lynskey, 2024-10-17 AN ORIGIN STORY BOOK Provides clarity scholarship wit and essential insight into why our world is the way it is Adam Rutherford I wish I could make Ian and Dorian's work mandatory Sathnam Sanghera What makes people believe in conspiracy theories Why have they taken over our political sphere And how do we counter them before it's too late The world has always had conspiracy theories From the Illuminati to the deep state the JFK assassination to the death of Princess Diana there have always been those who believe that events are manipulated by shadowy forces with sinister intent But in recent years conspiracism has colonised the

mainstream These days it is a booming industry a political strategy and a pseudo religion and it s threatening the foundations of liberal democracy Where once political battles were fought over ideas and values it now feels as though we re arguing over the nature of reality itself The problem is bigger than lizard people or UFOs left unchecked conspiracy theories have the power to warp the fabric of society and justify unspeakable crimes In *Conspiracy Theory The Story of an Idea* Ian Dunt and Dorian Lynskey pull back the curtain on conspiracy theories where they come from who promotes them how they work and what they re doing to us From biblical myth to online hysteria this book explains what happens when the human gift for storytelling goes wrong and how we might restore our common reality *Conspiracy Ideologies in Films and Series* Denis Newiak,Anastasia Schnitzer,2024-07-19 Corona as a staged instrument of oppression secretly kept vaccination deaths or politicians drinking children s blood at the latest since the outbreak of the Covid 19 pandemic conspiracy ideologies are booming and harm social peace and democratic will formation through their dogmatism So called conspiracy theories generate systematic distrust of legitimate political institutions and can contribute to social polarization dangerous populism and extremist escalation Conspiracy ideologies have always been a topic in movies and television series as they have always dealt with the relationship between reality and illusion truth and fiction reality and dream sense and madness through their cinematic means Series and films not only serve as a discursive space for social self understanding but also through their complex narratives constellations of characters and aesthetics offer catchy explanations for the emergence and spread of conspiracy narratives At the same time theymake suggestions some of them astonishingly concrete for dealing with such collective delusions What can we learn from the fictional worlds of series and films for dealing with this very real contemporary phenomenon **Revelation** John R. Yeatts,2003-03-25 The message of Revelation speaks to Christians for all times and historically has especially encouraged persecuted groups Today Christians in many parts of the world are also at opposition to the worldview of the time Revelation gives strength to those who are oppressed and John R Yeatts commentary attends to themes of martyrdom suffering service in the world hope the triumph of Christ and the role of the church in bearing witness to the triumphant Christ The commentary includes clear biblical commentary relationships between various portions of Scripture and applications drawn from the Anabaptist tradition and the larger Christian community *Handbook of Conspiracy Theory and Contemporary Religion* Asbjørn Dyrendal,David G. Rabo,Kasper Grotle Rasmussen,Hulda Thórisdóttir,Andreas Önnarfors,2020-12-30 This book explores the relevance of conspiracy theories in the modern social and political history of the Nordic countries The Nordic countries have traditionally imagined themselves as stable wealthy egalitarian welfare states Conspiracy theories mistrust and disunity the argument goes happened elsewhere in Europe especially Eastern Europe the Middle East or in the United States This book paints a different picture by demonstrating that conspiracy theories have always existed in the Nordic region both as a result of structural tensions between different groups and in the aftermath of traumatic events but seem to have become more prominent over the last 30 or 40 years While the book covers events and developments in each of the Nordic countries Sweden Norway Denmark Iceland and Finland it is not a comparative country analysis Rather the book focuses on conspiracy theories in and about the Nordic region as a region arguing that similarities in the trajectories of conspiratorial thinking are interesting to examine in cultural social and political terms The book takes a thematic approach including looking at states and elites family gender and sexuality migration and the outside view on the Nordic region conspiracy theories about the Nordic countries and Nordic noir This book will be of great interest to researchers on extremism conspiracy theories and the politics of the Nordic countries

Law, Religion, Health and Healing in Africa M. Christian Green,Faith Kabata,Fortune Sibanda,2022-12-31 The Covid 19 pandemic was global in its spread and reach as well as in its medical social and economic effects In many respects the global effort to flatten the curve produced a flattening of experience around the world and a striking coincidence of similar experiences in countries the world over The identity simultaneity and uniformity of experience were also manifest in common concerns at the intersection of law and religion in many nations around the world including Africa The lockdowns and closure of religious worship centres churches mosques and religious organisations of all sorts raised questions of freedom of religion and the related concern for freedom of assembly along with concerns about the relation of religion to science and public health religious channels of communication and religious provision of social services After all health communications and social services are all areas in which African religious organisations play key roles Potential tensions around these issues raised further considerations about the nature of religion state relations the status of religious authority and whether religious and state actors would work together or at odds in addressing the Covid 19 pandemic
