Patricia Roberts Style Patricia Roberts, 1988-01-01 **Design** ,1986 **Advanced Composites Engineering** ,1986
A-Z of Knitting Bumpkin, 2015 Contemporary Fashion Taryn Benbow-Pfalzgraf, 2002 A reference book covering individual designers and fashion houses that have been active throughout the 20th and 21st centuries Informative essays mirror the many facets of the fashion world **Patricia Roberts Collection** Patricia Roberts, 1985 *Sister Style* Nadia E. Brown, Danielle Casarez Lemi, 2021-01-19 They don't think I'm viable because I'm a Black woman with natural hair and no husband This comment was made by Stacey Abrams shortly before the 2018 Democratic primary after she became the first Black woman to win a majority party's nomination for governor Abrams' sentiment reflects the wider environment for Black women in politics in which racist and sexist cultural ideas have long led Black women to be demeaned and fetishized for their physical appearance In *Sister Style* Nadia E. Brown and Danielle Casarez Lemi argue that Black women's political experience and the way that voters evaluate them is shaped overtly by their skin tone and hair texture with hair being a particular point of scrutiny They ask what the politics of appearance for Black women mean for Black women politicians and Black voters and how expectations about self-presentation differ for Black women versus Black men White men and White women Black women running for office face pressure often from campaign consultants and even close colleagues to change their style in order to look more like White women However as this book shows Black women candidates and elected officials react differently to these pressures depending on factors like age and incumbency Moreover Brown and Lemi delve into the ways in which Black voters react to Black female candidates based on appearance They base their argument in part on focus groups with Black women candidates and elected officials and show that there are generational differences that determine what sorts of styles Black women choose to adopt and to what extent they change their physical appearance based on external expectations The Knitwear Revolution Suzy Menkes, 1983 **Machine Knitting** Alison Dupernex, 2020-02-24 The popularity of hand frame knitting is underestimated and there are many passionate and creative knitters who have taken machine knitting into their heads hearts and hands Overflowing with colour and stitch ideas inspirational photos and customizable patterns this book will inject vitality into your knitting practice Explore how colours can be juxtaposed for best effect or where Slip Tuck and Fair Isle stitches will add new textures and make intricate fabrics Seventy-five knitting patterns ranging from coats and scarves to bags and sculptures offer enticing new project ideas as well as suggested variations and additions you can make to expand your design skills Topics covered include a history of hand frame knitting techniques and stitches the design process stripes circles and colour Fair Isle lace and sculptural vessels and finally how to develop your hobby into a business Written for both experienced knitters and anyone using a knitting machine this book will act as a catalyst for hand frame knitters to add stitch and colour variety to their work **Threads Magazine** ,1989
