Crawford Young

Patrimonialism And Political Change In The Congo:

Patrimonialism and Political Change in the Congo Jean-Claude Willame,1972 **Neopatrimonialism in Africa and Beyond** Daniel C. Bach,Mamoudou Gazibo,2013-03-01 Neopatrimonialism a system whereby rulers use state resources for personal benefit and to secure the loyalty of clients in the general population is central to any teaching or conceptualisation of contemporary African politics This book is a theoretical and comparative study of neopatrimonialism in Africa and across world regions Although such practices are widespread in other parts of the world the African neopatrimonial state has also become a global prototype of the anti developmental state This volume calls for a reappraisal of the genesis and interpretations of the concepts of patrimonialism and neopatrimonialism Expert contributors consider recent debates in Africa through the study of democracy clientelism the big man syndrome Kenya the rise of godfatherism Nigeria warlordism Liberia and the neopatrimonial state on a day to day basis Niger They discuss patrimonialism and neopatrimonialism from Latin America to Europe Central Asia and Asia Pacific to weave a comparative analysis of the interplay between public policies and private interest Neopatrimonialism in Africa and Beyond is an important and timely volume that will be of interest to students and scholars of international politics African studies sociology and international development *Katanga 1960-63* Christopher Othen,2015-09-07 In King Leopold II s infamous Congo Free State at the turn of the century severed hands became a form of currency But some in the Belgian government had no sense of historical shame as they connived for an independent Katanga state in 1960 to protect Belgian mining interests What happened next was extraordinary It was an extremely uneven battle The UN fielded soldiers from twenty nations America paid the bills and the Soviets intrigued behind the scenes Yet to everyone s surprise the new nation s rag tag army of local gendarmes jungle tribesmen and controversially European mercenaries refused to give in For two and a half years Katanga the scrawniest underdog ever to fight a war held off the world with guerrilla warfare two faced diplomacy and some shady financial backing It even looked as if the Katangese might win Katanga 1960 63 tells for the first time the full story of the Congolese province that declared independence and found itself at war with the world **Routledge Handbook of Democratization in Africa** Gabrielle Lynch,Peter VonDoepp,2019-07-02 This volume explores the issues and debates surrounding the ongoing processes of democratization in sub Saharan Africa illuminating the central dynamics characterizing Africa s democratic experiments and considering the connections between democratization and economic social and cultural developments on the continent Reflecting the diverse and rich nature of this field of study the Handbook of Democratization in Africa features more than thirty contributions structured into six thematic sections The politics and paths of regime development Institutional dynamics Political mobilization and voting dynamics The politics of identity Social forces from below The consequences of democracy Chapters offer overviews of the key scholarship on particular topics including central insights from the latest research and provide suggestions for those interested in further inquiry The material includes attention to broad cross continental patterns

for example with respect to public opinion political violence or the role of different institutions and actors It also includes rich case material drawing on and highlighting the experiences of a diverse collection of countries Encouraging a comprehensive view of key concerns and enhancing understanding of particular issues the Handbook of Democratization in Africa represents a critical resource for experts and students of African politics democratization and African studies The Rise and Decline of the Zairian State Crawford Young, Thomas Edwin Turner, 1985 Zaire apparently strong and stable under President Mobutu in the early 1970s was bankrupt and discredited by the end of that decade beset by hyperinflation and mass corruption the populace forced into abject poverty Why and how in a new african state strategically located in Central Africa and rich in mineral resources did this happen How did the Zairian state become a parasitic predator upon its own people

Transnational Enterprises Krishna Kumar, 2019-06-04 This book represents the first attempt to conceptualize the social and cultural impact of transnational enterprises on host nations and to provide empirical and analytical material on the subject Well known social scientists focus on three critical areas social inequalities knowledge systems and lifestyles and values Collectively they advance Identity and Global Politics P. Goff, 2004-03-17 This collected volume draws together essays written by International Relations scholars from a variety of regional methodological and theoretical perspectives to confront the challenges of identity centered analysis In particular the contributors seek to elucidate the general meaning and methodological implications of the commonly state yet largely unexamined assertion that identities are relational fluid constructed and multiple *Corruption, Development and Underdevelopment* Robin Theobald, 1989-12-11 Corruption for most of us almost immediately evokes images of the third world especially countries like Nigeria Mexico and India Whilst we may concede that corruption exists in developed countries it is generally thought to be under control Despite such widely held views there is very little hard evidence on the actual extent of corruption in any country This book strives to look behind impressions in an attempt to determine what factors underlie the high profile of corruption in UDCs For an adequate understanding of the phenomenon the global character of corruption is emphasized as well as the necessity of locating within a broader process of economic and social change **Comparing Apples and Mangoes** S. N. Sangmpam, 2012-02-01 Two competing approaches currently dominate the debate about the state and institutions in developing countries The first projects a picture of transnational vertical uniformity descending from the West to developing countries and views liberal democracy as the only game in town In this view the state and institutions resemble or ought to resemble those in the West The second by contrast explains political outcomes by local idiosyncrasies and regional variations in institutions In his original approach to third world politics S N Sangmpam challenges both views by uncovering important similarities in the political features of developing countries He shows that they share political behaviors and features unaccounted for in either local idiosyncratic or liberal democratic theories These behaviors converge toward a common property overpoliticization that defies political compromise leading to an overpoliticized state Sangmpam provides a wealth of empirical historical and

quantitative evidence from Latin America Asia Africa and the West and demonstrates the overpoliticized state constitutes the cornerstone of an integrated theory of politics in developing countries **The Postcolonial State in Africa** Crawford Young, 2012-11-20 A highly readable sweeping and yet detailed analysis of the African state in all its failures and moments of hope Crawford Young manages to touch upon all the important issues in the discipline and crucial developments in the recent history of the African continent This book will be a classic Pierre Englebert author of Africa Unity Sovereignty and Sorrow
