Patriot-Heroes in England and America Peter Karsten,1978-01-01 **Patriot-heroes in England and America** Peter Karsten,1978 Progressive Intellectuals and the Dilemmas of Democratic Commitment Leon Fink,1997 The long standing dilemma for the progressive intellectual how to bridge the world of educated opinion and that of the working masses is the focus of Leon Fink s penetrating book the first social history of the progressive thinker caught in the middle of American political culture **Regicide and Republicanism** Sarah Barber,2020-03-31 This study of seventeenth century monarchy suggests that the arguments which were used to attack the potentially absolutist monarchy of Charles I were not all that different from those used against the constitutional monarchy of today The seventeenth century arguments were based on the fiction that the person who fulfilled the office could be distinguished from the office itself Personal morality and behaviour were vital factors in assessing the value of government From 1646 onwards there developed two parallel strands of thought Those who believed in government by laws developed a republican response to the crisis of the 1640s Those who believed that people made laws attacked Charles I rather than the monarchy itself supported the regicide and subsequently approved of the rule of Cromwell *Sir Philip Sidney, Cultural Icon* R. Hillyer,2010-04-12 This study analyzes Sir Philip Sidney s reputation from his own day to the present by discussing his reception in the work of authors as diverse in time and type as Sir Fulke Greville Christopher Hill Charles Lamb Edmund Waller and Thomas Warton the elder *The 'Natural Leaders' and their World* Jonathan Jeffrey Wright,2013-01-03 This book is a richly detailed exploration of the complex and cosmopolitan urban culture inhabited by the Presbyterian elite of late Georgian Belfast which will prove to be of interest to a wide range of scholars working on the political cultural and intellectual histories of both Ireland and Britain during the age of reform Radical voices, radical ways Laurent Currelly,Nigel Smith,2016-10-30 This collection of essays studies the expression and diffusion of radical ideas in Britain from the period of the English Revolution in the mid seventeenth century to the Romantic Revolution in the early nineteenth century The essays included in the volume explore the modes of articulation and dissemination of radical ideas in the period by focusing on actors radical voices and a variety of written texts and cultural practices radical ways ranging from fiction correspondence pamphlets and newspapers to petitions presented to Parliament and toasts raised in public They analyse the way these media interacted with their political religious social and literary context This volume provides an interdisciplinary outlook on the study of early modern radicalism with contributions from literary scholars and historians and uses case studies as insights into the global picture of radical ideas It will be of interest to students of seventeenth and eighteenth century literature and history **The Cambridge History of American Literature: Volume 1, 1590-1820** Sacvan Bercovitch,Cyrus R. K. Patell,1997-01-28 Volume I of The Cambridge History of American Literature was originally published in 1997 and covers the colonial and early national periods and discusses the work of a diverse assemblage of authors from Renaissance explorers and Puritan theocrats to Revolutionary pamphleteers

and poets and novelists of the new republic Addressing those characteristics that render the texts distinctively American while placing the literature in an international perspective the contributors offer a compelling new evaluation of both the literary importance of early American history and the historical value of early American literature *The Creation of an Ethnic Identity* Blanck, Dag, 2006 In his book Dag Blanck analyzes how Swedish American identity was constructed maintained and changed in the Augustana Synod from 1860 to 1917 The author poses three fundamental questions How did an ethnic identity develop in the Augustana synod Of what did that ethnic identity consist Why did that ethnic identity come into being summary Provided by publisher **London's Burning** Antony Taylor, 2012-01-26 From the early years of the nineteenth century cultural pessimists imagined in fiction the political forces that might bring about the destruction of London Periods of popular protest or radicalism have generated novels that consider the methods insurgents might use to terrorise the metropolis There has been a tendency to dismiss such writings as the lurid imaginings of pulp novelists but this book re evaluates the contribution of popular fiction to the construction of the terrorist threat It analyses the high points for the production of such works and locates them in their cultural and historical context From the 1840s when a fear of Chartist insurgency was paramount in the minds of authors it moves through the anarchist thrillers of the 1890s considers writers fears about Bolshevik revolution in the East End of the 1920s and 1930s explores fears of Fascism in the inter war years and assesses the concerns with underground counter culture that feature in the thriller literature of the 1970s It concludes with a re evaluation of the metropolitan background to the figure of the Islamist terrorist
