Pattern For World Revolution:

Pattern for World Revolution Ypsilon (pseud.),1947 General staff in Moscow Professional revolutionaries Decline of world revolution the end of the Comintern Stalintern **Pattern for World Revolution** Ypsilon,1947 **Pattern for World Revolution. [An Account of the Communist International from 1917.]** Ypsilon,1947 **Marriage and Modernization** Don S. Browning,2003-03-20 The processes of modernization and globalization promise more wealth and health for many people But they are also a threat to the stability and quality of marriage and family life This new book at once sobering and constructive looks at the impact of these processes on marriage and asks what Christianity in cooperation with other religions can do to strengthen married life today Among the deleterious effects of modernization and globalization on marriage are a worldwide drift of men away from the responsibility of parenthood and the tendency of mothers too readily to take on the task of childrearing alone After looking at recent research on these and other problems Don Browning suggests that the cure for modern marital disruption entails reforming and reconstructing the institution of marriage while also nurturing relevant forms of social support Yet the effort to initiate a world marriage revival requires a complex cultural work and Browning explores the key contributions that the religions of the world must make for such an effort to be successful **Celebrating Christian Marriage** Adrian Thatcher,2002-04-30 The interest in marriage and the future of marriage is urgent and increasing This collection of expert research analysis and discussion may be the most significant ever assembled on this subject There are contributions from different continents and cultures from Roman Catholic Protestant Anglican and Orthodox traditions from theologians and many other professionals including historians social theorists sex therapists lawyers psychiatrists and demographers all in conversation with the idea of Christian marriage There are introductions to each topical section by Adrian Thatcher Marriage at the Start of the Millennium Beginning Marriage Love and Marriage The Marriage Relationship Children and Marriage Single Sex Marriage Ending Marriage Roman Catholic Perspectives Ending Marriage Anglican Perspectives **Jurisprudence For a Free Society** Harold D. Lasswell,Myres S. McDougal,2023-12-28 Struggles in the State George Armstrong Kelly,Clifford Waters Brown,1970 The Cambridge History of Communism: Volume 1, World Revolution and Socialism in One Country 1917-1941 Silvio Pons,Stephen A. Smith,2017-09-21 The first volume of The Cambridge History of Communism deals with the tumultuous events from 1917 to the Second World War such as the Russian Revolution and Civil War the revolutionary turmoil in post World War I Europe and the Spanish Civil War Leading experts analyse the ideological roots of communism historical personalities such as Lenin Stalin and Trotsky and the development of the Communist movement on a world scale against this backdrop of conflict that defined the period It addresses the making of Soviet institutions economy and society while also looking at mass violence and relations between the state workers and peasants It introduces crucial communist experiences in Germany China and Central Asia At the same time it also explores international and transnational communist practices concerning key issues such as

gender subjectivity generations intellectuals nationalism and the cult of personality Power and Society Harold D. Lasswell, 2017-07-05 In *Power and Society* Harold D Lasswell collaborates with a brilliant young philosopher Abraham Kaplan to formulate basic theoretical concepts and hypotheses of political science providing a framework for further inquiry into the political process This is a classic book of political theory written by two of the most influential social scientists of the twentieth century The authors find their subject matter in interpersonal relations not abstract institutions or organizations and their analysis of power is related to human values They argue that revolution is a part of the political process and ideology has a role in political affairs The importance of class both as social fact and social symbol is reflected in their detailed analysis and emphasis on merit rather than rank skill rather than status as keystones of democratic rule The authors note that power is only one of the values and instruments manifested in interpersonal relations it cannot be understood in abstraction from other values Lasswell and Kaplan call for the replacement of power politics both in theory and in practice by a conception in which attention is focused on the human consequences of power as the major concern of both political thought and political action The basic discussions of core concepts in political science make *Power and Society* of continuing importance to scholars government officials and politicians *The Spiral of Capitalism and Socialism* Terry Boswell, Christopher K. Chase-Dunn, 2000 At the core of this book is the argument that though the word socialism is widely held in disdain in the current discourse about the world s past and its future the idea of socialism as collective rationality and popular democracy is far from dead
