**Paul Klee's Pictorial Writing** K. Porter Aichele, 2002-11-07 This study examines the function and meaning of linguistic symbols in Klee's work Using the artist's diaries letters lecture notes and visual allusions K Porter Aichele shows how these sources provide the framework for fresh interpretations of works ranging from letter forms in pictorial settings to visual texts Klee's familiar line drawings are revealed as a radical reinterpretation of the *ul pictora poesis* tradition through which the artist questioned whether there is a substantive difference between writing and drawing *Paul Klee* Kathryn Porter Aichele, 2006 Sumario The artist poet painter I am a poet after all The poetic and the pictorial A poetic personal idea of landscape Harmonizing architectonic and poetic painting Poems in pictorial script Klee and concrete poetry What counts as poetry Paul Klee Annie Bourneuf, 2015-07-20 The book offers a new original look at the great European modernist Paul Klee and the interplay of word and image in the work he produced after WWI when the European avant garde was at its most adamant Bourneuf asks why was it that Klee immersed himself in crossings of image and text at the same time that so much avant garde art focused fiercely on the visual She proposes that Klee created forms that hover between the pictorial and the written to provoke the viewer to look slowly and contemplatively a mode of viewing the artist saw as both analogous to reading and threatened by new technological media such as film mass printing telephones and radio Bourneuf demonstrates how Klee's concern for the literary aspects of visual art is both the motive for and the means of his ironic play with modernist art theories and practices Paul Klee Christine Hopfengart, Michael Baumgartner, Fabienne Eggelhöfer, Osama Okuda, 2020-01-01 Paul Klee 1879 1940 ist einer der bedeutendsten Vertreter der modernen Kunst Er schuf ein ebenso universales wie individuelles Werk das zwischen allen Strömungen und Ismen seiner Zeit steht Sein gewaltiges malerisches zeichnerisches und bildnerisches Œuvre seine Briefe und Tagebuchaufzeichnungen und nicht zuletzt seine pädagogischen Notizen bilden den Hintergrund für diese pointierte Darstellung zu Leben und Werk des meditativen Künstlers und visuellen Denkers Der reich bebilderte Band zeichnet Klees bewegte Biografie nach und spannt den Bogen von Klees künstlerischen Anfängen mit karikaturistischen Zeichnungen und Akten über seine Begegnung mit der Avantgarde und die berühmten Aquarelle der Tunisreise oder die abstrakten Farbkompositionen der Bauhaus Zeit bis zu den geheimnisvollen Bildfindungen seiner letzten Jahre in Bern **Paul Klee; Watercolors, Drawings, Writings** Paul Klee, 1969 Bauhaus Bodies Elizabeth Otto, Patrick Rössler, 2019-01-24 A century after the Bauhaus's founding in 1919 this book reassesses it as more than a highly influential art architecture and design school In myriad ways emerging ideas about the body in relation to health movement gender and sexuality were at the heart of art and life at the school Bauhaus Bodies reassesses the work of both well known Bauhaus members and those who have unjustifiably escaped scholarly scrutiny its women in particular In fourteen original cutting edge essays by established experts and emerging scholars this book reveals how Bauhaus artists challenged traditional ideas about bodies and gender Written to appeal to students scholars and the broad public Bauhaus

Bodies will be essential reading for anyone interested in modern art architecture design history and gender studies it will define conversations and debates during the 2019 centenary of the Bauhaus's founding and beyond **Synaesthetics** Paul Gordon, 2019-12-12 Paul Gordon proposes a new theory of art as synaesthetic and applies this idea to various media including works such as movies illustrated books and song lyrics that explicitly cross over into media involving the different senses The idea of art as synaesthetic is not however limited to those cross over works because even an individual poem or novel or painting calls upon different senses in creating its synaesthetic meaning Although previous studies have often devolved into those who see an obvious connection between art and synaesthesia and those who adamantly reject such a notion Synaesthetics furthers our understanding of synaesthesia as an important if not essential component of artistic expression

**Lines** Tim Ingold, 2016-04-14 What do walking weaving observing storytelling singing drawing and writing have in common The answer is that they all proceed along lines In this extraordinary book Tim Ingold imagines a world in which everyone and everything consists of interwoven or interconnected lines and lays the foundations for a completely new discipline the anthropological archaeology of the line Ingold's argument leads us through the music of Ancient Greece and contemporary Japan Siberian labyrinths and Roman roads Chinese calligraphy and the printed alphabet weaving a path between antiquity and the present Drawing on a multitude of disciplines including archaeology classical studies art history linguistics psychology musicology philosophy and many others and including more than seventy illustrations this book takes us on an exhilarating intellectual journey that will change the way we look at the world and how we go about in it This Routledge Classics edition includes a new preface by the author *The Vanguard Messiah* Sami Sjöberg, 2015-08-17 In recent years the role of religion in the avant garde has begun to attract scholarly interest The present volume focuses on the work of the Romanian Jewish poet and visual artist Isidore Isou 1925-2007 who founded the lettrist movement in the 1940s The Jewish tradition played a critical part in the Western avant garde as represented by lettrism The links between lettrism and Judaism are substantial yet they have been largely unexplored until now The study investigates the works of a movement that explicitly emphasises its vanguard position while relying on a medieval religious tradition as a source of radical textual techniques It accounts for lettrism's renunciation of mainstream traditions in favour of a subversive tradition in this case Jewish mysticism The religious inclination of lettrism also affects the notion of the avant garde The elements of the Jewish tradition in Isou's theories and artistic production evoke a broader framework where religion and experimental art supplement each other

**Transatlantic Encounters** Michele Greet, 2018-01-01 Paris was the artistic capital of the world in the 1920s and 30s providing a home and community for the French and international avant garde Latin American artists contributed to and reinterpreted nearly every major modernist movement that took place in the creative center of Paris between World War I and World War II including Cubism Diego Rivera Surrealism Antonio Berni and Roberto Matta and Constructivism Joaquín Torres García Yet their participation in the Paris art scene has remained largely overlooked until now

This book examines their collective role surveying the work of both household names and an extraordinary array of lesser known artists Michele Greet illuminates the significant ways in which Latin American expatriates helped establish modernism and conversely how a Parisian environment influenced the development of Latin American artistic identity
