Paul Schneider Claude R. Foster,1995-01-01 *Paul Schneider* Claude R. Foster,1995 *Preaching to Nazi Germany* William Skiles,2023-09-05 *Preaching to Nazi Germany* explores the history of Confessing Church preachers engagement with the Nazi regime through an analysis of their sermons William Skiles argues that clergy expressed various messages that aimed to limit Nazi interference in church affairs and at times even to undermine the Nazi state and its leaders and policies Skiles demonstrates that pastors had limited freedom to publicly criticize the Nazi regime its leaders and its ideology and that pastors often used Christian symbols to code their criticisms to remain inconspicuous to the Gestapo or Nazi informants This book demonstrates how pastors used a sacred text and applied it to the problems of the churches in Nazi Germany

White Knights in the Black Orchestra Tom Dunkel,2022-10-11 They were a small group of conspirators who risked their lives by plotting relentlessly to obstruct and destroy the Third Reich from within The Gestapo nicknamed this shadowy confederation of traitors the Black Orchestra This is their tension filled story As the Final Solution unfolds a loose network of German military officers diplomats politicians and civilians are doing everything in their power to undermine the Third Reich from the inside reporting troop movements to the Allies feeding disinformation to the Nazi high command plotting to assassinate Adolf Hitler and more The Gestapo nicknames this shadowy confederation of traitors the Black Orchestra Its players include Dietrich Bonhoeffer a dissident Lutheran pastor and his brother in law Hans von Dohnanyi a staff attorney at the Abwehr the German military intelligence service In this tension filled narrative Tom Dunkel traces the perilous movements of these white knights as they and their families face constant danger of being exposed and executed Some act out of moral outrage and patriotism Some want to atone for their own Nazi sins When their treasonous activities are finally discovered Hitler s SS and the Gestapo are hell bent on taking bloody revenge as the end of the war rapidly approaches and lives hang in the balance *White Knights in the Black Orchestra* is a tautly written meticulously reported account of men and women heroically resisting Hitler s ruthless regime It packs the punch of the best espionage thrillers but the cat and mouse drama and plot twists are grounded firmly in fact This is a stirring story of people willing to risk all by doing the right thing in a country gone mad a story that may prompt readers to ask themselves What would I have done Confront! John J. Michalczyk,2004 Many critics and some historians consider resistance in Nazi Germany as too little and too late Few Germans were willing to take risks and others began to oppose the Third Reich only when the end was in sight However despite the threat of prison concentration camp or death there were many diverse groups from the academic military and spiritual sectors of society that challenged the Reich s harsh unjust policies This book represents the spectrum of these forms of resistance and illustrates the courage of those who dared to confront the Nazi government *Bonhoeffer* Petra Brown,2019-01-04 Theologian Conspirator Martyr Saint Dietrich Bonhoeffer was killed in the waning days of World War II having been implicated in the July 20th assassination attempt on Hitler Since his death Bonhoeffer s life and writings have

inspired contradictory responses He is often seen as a model for Christian pacifist resistance and more recently for violent direct political action Bonhoeffer s name has been invoked by violent anti abortion protestors as well as political leaders calling for support on a war on terror in the aftermath of 9 11 Petra Brown critically analyses Bonhoeffer s writing preceding and during his conspiracy involvement particularly his recurring concept of the extraordinary Brown examines this idea in light of the state of exception a concept coined by the one time Nazi jurist and political theorist Carl Schmitt She also draws on the existentialist philosopher S ren Kierkegaard to consider what happens when discipleship is understood as obedience to a divine command This book aims to complicate an unreflective admiration of Bonhoeffer s decision for conspiracy and draws attention to the potentially dangerous implications of his emerging political theology *Bernhard Lichtenberg* Brenda L. Gaydos, 2017-07-06 Bernhard Lichtenberg Roman Catholic Priest and Martyr of the Nazi Regime is the definitive English biography of the martyred Nazi era Berlin provost Bernhard Lichtenberg This work presents a broad overview of Bernhard Lichtenberg s life 1875 1943 in the context of history It discusses the areas of his life that had the greatest impact on how he dealt with situations during the Second Empire the Weimar Republic and the Third Reich and it gives a detailed account of his resistance to the Nazis and his imprisonment and death Appendices present a wealth of primary sources on Lichtenberg s life including a collection of his letters from prison which have not previously been made available in English *A New Vision, a New Heart, a Renewed Call* David Claydon, 2005 **The United States Holocaust Memorial Museum Encyclopedia of Camps and Ghettos, 1933-1945: Volume I** Geoffrey P. Roth, E. Maxwell, 2017-02-13 Focused on The Holocaust in an Age of Genocide Remembering for the Future brings together the work of nearly 200 scholars from more than 30 countries and features cutting edge scholarship across a range of disciplines amounting to the most extensive and powerful reassessment of the Holocaust ever undertaken In addition to its international scope the project emphasizes that

varied disciplinary perspectives are needed to analyze and to check the genocidal forces that have made the Twentieth century so deadly. Historians and ethicists, psychologists and literary scholars, political scientists and theologians, sociologists and philosophers—all of these and more—bring their expertise to bear on the Holocaust and genocide. Their contributions show the new discoveries that are being made and the distinctive approaches that are being developed in the study of genocide, focusing both on archival and oral evidence and on the religious and cultural representation of the Holocaust.
