Gundry Volf,1976

Paul and Apostasy B. J. Oropeza,2000 B J Oropeza presents the concepts of apostasy and perseverance in the light of recent interpretative and intertextual methods He argues that the Pauline messages include warnings to congregation members who are in danger of falling away Paul often considers these members to be authentic converts to the early Christian message A prime example of this is presented in the apostle s use of the Exodus wilderness traditions in 1 Corinthians 10 1 13 In an effort to persuade the members against apostasy Paul echoes examples from the Jewish traditions regarding Israel s divine election and punishments The Corinthians are exhorted not to conduct themselves in a manner that parallels the Israelites who after crossing the Red Sea were rejected by God in the wilderness because they committed vices If the Corinthians commit the same vices in their own spiritual journey they will suffer divine judgment before the culmination of the eschaton This language is located within larger rhetorical arguments related to the problems of meat sacrificed to idols congregational factions and eschatological misperceptions B J Oropeza also deals with theological perspectives associated with the perseverance of the saints including the Calvinist and Arminian traditions He thus provides a compelling alternative approach to the theological controversy The Theology of Paul in Three Dimensions Richard H. Bell,2022-09-29 Paul of Tarsus the Pharisee who tried to destroy the church of God experienced a conversion to faith in Jesus

Christ that was to turn his life upside down and lead to his becoming one of the greatest missionaries and theologians of all time His theology is highly controversial and has both inspired and appalled his listeners Richard Bell presents the major themes in Paul's theology and also asks what he got right what he got wrong and what in his theology needs reinterpreting for the twenty first century The book thereby shows the ongoing relevance of Paul's thought for today To accompany this volume a website of music designed to add an experiential dimension in discovering Paul's message for the world can be found at richardhbell.co.uk

Faith, Obedience, and Perseverance Don B. Garlington, 1994

Paul's Letter to the Romans Colin G. Kruse, 2012-06-14 Paul's Letter to the Romans may well be the most influential book in Christian history In this Romans commentary Colin Kruse shows how Paul expounds the gospel against the background of God's sovereign action as creator judge and redeemer of the world Valuable additional notes on important theological themes and difficult texts such as Paul's discussion of same sex relationships the salvation of all Israel and the woman Junia who was well known among the apostles further connect Romans to contemporary issues Throughout his commentary Kruse expertly guides readers through the plethora of interpretations of Romans providing a reliable exposition of this foundational epistle

Paul's Message and Ministry in Covenant Perspective Scott J. Hafemann, 2015-01-22 The essays presented here represent over twenty five years of thinking about the theology and life of the Apostle Paul who as a slave of Jesus Christ Rom 1:1 was a servant of the new covenant with a ministry of the Spirit 2 Cor 3:6-8 Taking the questions raised by the history of scholarship since F C Baur as their starting point Hafemann's exegetical studies focus on how Paul's self understanding shaped his message the motivations of his ministry and his consequent call to suffer for the sake of his churches Hafemann's work reveals that Paul's views of redemption of his own redemptive mission and of the life of the redeemed derived from his eschatological conviction that the purpose of the new covenant realities inaugurated by the Christ is to prepare for their promised consummation when Christ returns to judge the world
