Paul, Judaism, and the Gentiles Francis Watson, 1989-11-24 Originally presented as the author's thesis Ph D University of Oxford 1984 Includes bibliographical references pages 232 244 and index

Paul, Judaism, and the Gentiles Francis Watson, 2007-09-14 This book is novel in its questioning of the adequacy of interpreting Paul from the perspective of the Reformation and in its application of sociological methods to the New Testament

Jesus and Paul in the Context of Judaism and Early Christianity Donald A. Hagner, 2025-03-27 In the late nineteenth century Jewish scholars began to be interested in Jesus and eventually Paul as important figures in the history of the Jewish people. Rightly understood, they argued, Jesus and Paul belonged more to Judaism than to Christianity, as even radical critical Christian scholars were concluding. The earliest believers in Jesus were exclusively Jews forming something like a new sect within Judaism. The emergence of the Christianity of the New Testament soon became a focus of attention for Jewish scholars, and with this a host of questions arose such as about the influence of Hellenism, the parting of the ways, the widespread Christian misperception of Judaism, the tragedy of anti-Semitism, and the identity of Jesus as Messiah and Lord. The present essays address these and other issues, maintaining throughout the tension of continuity and discontinuity and stressing the underappreciated radical newness of the New Testament.

Paul's New Perspective Garwood P. Anderson, 2016-09-29 The debate between the Old and New perspectives on Paul has reached a stalemate. But what if Paul's own theological perspective developed over time? Starting with the teaser that both camps are right but not all the time, Garwood Anderson unfolds a new proposal for overcoming the deadlock, infusing new energy into the quest for understanding Paul's mind and letters.

A Discourse Analysis of Galatians and the New Perspective on Paul David I. Yoon, 2019-04-09 In *A Discourse Analysis of Galatians and the New Perspective on Paul*, David I. Yoon outlines discourse analysis from the framework of Systemic Functional Linguistics for analyzing Paul's letter to the Galatians. From this analysis, he determines whether the context of situation better reflects the New Perspective on Paul, covenantal nomism, or a more traditional perspective, legalism. The first half of the book introduces the New Perspective on Paul and discourse analysis, followed by a detailed model of SFL discourse analysis with respect to register and context of situation. The second half is a discourse analysis of Galatians. This is the first monograph-length study to address the New Perspective on Paul from a linguistic approach and will, as such, be of great interest to scholars of Pauline Studies, linguistics, and theology.

Reading Paul within Judaism Mark D. Nanos, 2017-10-17 The dominant portrayals of the apostle Paul are of a figure who no longer valued Jewish identity and behavior, opposing them for both Jew and non-Jew in his assemblies. This prevailing version of Paul depends heavily upon certain interpretations of key flashpoint passages. In this book, and the subsequent volumes in this series, Mark Nanos undertakes to test a Paul within Judaism, re-reading the apostle especially of these flashpoint texts. Nanos demonstrates how traditional conclusions about Paul and the meaning of his letters are dramatically altered by testing the hypothesis that

the historical Paul practiced a Jewish Torah observant way of life and that he expected those whom he addressed to know that he did so Nanos also tests the hypothesis that the non Jews addressed were expected to know that his guidance was based on promoting a Jewish way of life for themselves at the same time insisting that they remain non Jews and thus not technically under Torah on the same terms as himself and the other Jews in this new Jewish movement In conversation with the prevailing views Nanos argues that the Paul within Judaism perspective offers not only more historically probable interpretations of Paul s texts but also more promise for better relations between Christians and Jews because these texts have informed Christian concepts of ways of talking about and behavior toward Jews based on the premise that Paul considered Jews and Judaism the mirror opposites of what Christians should be and become

Paul against the Nations Neil Elliott, 2023-11-10 Some of the most heated contests around the apostle Paul today concern the effort to understand him wholly within Judaism and the effort to interpret him over against the culture and ideology of the early Roman Empire Here Neil Elliott argues that these two conversations belong together and must be resolved together by understanding Paul as a Jew living out Israel s ancient hopes under the pressures of Roman imperial power

The Problem with Evangelical Theology Ben Witherington (III), 2005 There is no doubting the legacy of the Protestant Reformers and their successors Luther Calvin and Wesley not only spawned specific denominational traditions but their writings have been instrumental in forging a broadly embraced evangelical theology as well In this volume Ben Witherington wrestles with some of the big ideas of these major traditional theological systems sin God s sovereignty prophecy grace and the Holy Spirit asking tough questions about their biblical foundations Witherington argues that evangelicalism sometimes wrongly assumes a biblical warrant for some of its more popular beliefs and further he pushes the reader to engage the larger story and plot of the Bible to understand these central elements of belief

Donald K McKim Editor *Encyclopedia of the Reformed Faith*

Justification by Faith Mark A. Seifrid, This study offers a fresh analysis of the place which justification by faith held in Paul s life and thought by reexamining Paul s conversion and his letter to Rome It challenges the new perspective on Paul Dunn while providing a historical and theological description of Paul s understanding of forensic justification

Matthew, Paul, and the Anthropology of Law David A. Kaden, 2016-09-30 Drawing from Michel Foucault s understanding of power David A Kaden explores how relations of power are instrumental in forming law as an object of discourse in the Gospel of Matthew and in the Letters of Paul This is a comparative project in that the author examines the role that power relations play in generating discussions of law in the first century context and in several ethnographies from the field of the anthropology of law from Indonesia Mexico the Philippines and colonial era Hawaii Discussions of law proliferate in situations where the relations of power within social groups come into contact with social forces outside the group David A Kaden s interdisciplinary approach reframes how law is studied in Christian Origins scholarship especially Pauline and Matthean scholarship by focusing on what makes discourses on law possible For this he relies heavily on cross cultural ethnographic materials from legal
