Paul Verlaine And The Decadence 1882-90:

Paul Verlaine and the Decadence, 1882-90 Philip Stephan, 1974

Paul Verlaine Paul Verlaine, 2020-01-10

Crowned Prince of Poets in his later years Paul Verlaine stands out among the iconoclastic founders of French modernist verse. This diglot anthology offers the most comprehensive selection of Verlaine's poetry available in English translation. Verlaine's famous works are presented here alongside poems never previously translated into English, including neglected political works and prison pieces only recently brought to light, which reveal social homoerotic and even pornographic inspirations. The poems are organized not by collections and date of publication but by themes and time of composition. This innovation, along with Valenza's extensive supporting materials, will help the curious student or scholar explore the master poet's work in the context of his troubled life: from the beginning of his literary career among the Parnassians to his affair with Rimbaud and the end of his marriage; his time in prison and his bohemian lifestyle up to his death in 1896. Verlaine, the poet of ambiguity, has always been a challenge to translate. Rosenberg expertly crafts language that privileges the musicality of Verlaine's verse while respecting each poem's meaning and pace. Featuring 192 poems in French with English translations, this collection will appeal to scholars and poetry enthusiasts alike.

Decadence Alex Murray, 2020-10-15

Decadence, that flowering of a mannered literary style in France during the Second Empire and in the last two decades of the nineteenth century in Britain, holds an endless fascination. Yet the ambiguity of the term, decadence, and the challenges of identifying its practitioners make grasping its contours difficult. From the obsession with classical cultures to the responses to the HIV/AIDS crisis of the 1980s and 1990s, this book offers one of the most comprehensive histories of literary Decadence. The essays here interrogate and expand the formal, geographical, and temporal frameworks for understanding Decadent literature while offering a renewed focus on the role played by women writers. Featuring essays by leading scholars on sexuality, politics, science, translation, the New Woman, Russian and Spanish American Decadence, the influence of cinema on Decadence, and much more, it is essential reading for all those interested in the literature of the 1890s and Oscar Wilde.

Selected Poems

Paul Verlaine, 2009-02-26. Verlaine possessed by the madresses of love, brimming over with desires and prayers, the rebel railing against the complacent platitudes of society, of love, of language. Jean Rousselot. Verlaine ranks alongside Baudelaire, Mallarmé, and Rimbaud as one of the most outstanding poets of late nineteenth-century France, whose work is associated with the early Symbolists, the Decadents, and the Parnassians. Remarkable not only for his delicacy and exquisitely crafted verse, Verlaine is also the poet of strong emotions and appetites, with an unrivalled gift for the sheer music of poetry and an inventive approach to its technique. This bilingual edition provides the most comprehensive selection of his poetry yet, offering some 170 poems in lively and fresh translations and providing a lucid introduction which illuminates Verlaine's poetic form within the context of French Impressionism and the poetry of sensation. Parallel text. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each

affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

A Baedeker of Decadence George C. Schoolfield, 2003-01-01 During the final decades of the nineteenth century a common mind set emerged among many intellectuals la decadence Many novels and novellas of the period were populated with protagonists who were fragile refined self absorbed and preoccupied with a trivially exquisite aesthetic A Baedeker of Decadence presents thirty two international works of literary decadence written between 1884 and 1927 George C Schoolfield a world authority on the decadent novel offers an entertaining and wide ranging commentary on this highly significant literary and cultural phenomenon Schoolfield tracks down the symptoms of decadence in narrative works written in more than a dozen languages providing synopses and passages in English translation to give a sense of each author's style and tone Schoolfield throws new light on the close intellectual kinship of authors from August Strindberg to Bram Stoker to Thomas Mann and on the ingredients themes motifs and preconceptions that characterized decadent literature

Six French Poets of the Nineteenth Century E. H. Blackmore, A. M. Blackmore, 2000 Poetry will no longer keep in time with action it will be ahead of it Arthur Rimbaud The active and colourful lives of the poets of nineteenth century France are reflected in the diversity and vibrancy of their works At once sacred and profane passionate and satirical these remarkable and innovative poems explore the complexities of human emotion and ponder the great questions of religion and art They form as rich a body of work as any one age and language has ever produced This unique anthology includes generous selections from the six nineteenth century French poets most often read in the English speaking world today Lamartine Hugo Baudelaire Verlaine Rimbaud and Mallarm Modern translations are printed opposite the original French verse and the edition contains over a thousand lines of poetry never previously translated into English

Music and Decadence in European Modernism Stephen Downes, 2010-06-03 Downes presents a detailed examination of the significance of decadence in Central and Eastern European modernist music

Decadent Image Kostas Boyiopoulos, 2015-05-17 This book examines for the first time together poems by three protagonists of the 1890s Oscar Wilde Arthur Symonds and Ernest Dowson

Victorian Automata Suzy Anger, Thomas Vranken, 2024-03-20 The relationship between lifelike machines and mechanistic human behaviour provoked both fascination and anxiety in Victorian culture This collection is the first to examine the widespread cultural interest in automata both human and mechanical in the nineteenth century It was in the Victorian period that industrialization first met information technology and that theories of physical and mental human automatism became essential to both scientific and popular understandings of thought and action Bringing together essays by a multidisciplinary group of leading scholars this volume explores what it means to be human in a scientific and industrial age It also considers how Victorian inquiry and practices continue to shape current thought on race creativity mind and agency This title is part of the Flip it Open programme and may also be available Open Access Check our
