Paula Rego Complete Graphic Works:

Paula Rego T. G. Rosenthal, Paula Rego, 2003 This monograph deals exclusively with Paula Rego's graphic work. It features over 200 etchings, aquatints and lithographs from 1954 and her student days to the Jane Eyre series in 2002 and several prints that were never editioned but only proofed. Art and their graphic images are simply copies of their paintings in another medium. Rego is unique among highly acclaimed artists in that her graphic works are mostly original in theme as well as execution and she makes use of this different medium to project the disturbing and subversive power seen in her paintings. It provides the background to each series and analyses each work. The author also quotes extensively from conversations with the artist, underlining Rego's subversive humour and her strongly feminist outlook. Paul Coldwell's comprehensive list of exhibitions and a bibliography here provide a survey of a major aspect of Rego's work. **Paula Rego** T. G.

Rosenthal, 2012-07-10. Discussing and illustrating all of Rego's graphic work spanning half a century, this revised edition offers five new chapters, several revisions and new Rego images. Many of the greatest artists since Dürer and Rembrandt have used prints to explore their most important ideas. Paula Rego is in this tradition, giving full rein to her imagination in both etching and lithography and using the media with exuberance to create work that is as disturbing, erotic and powerful as her paintings. This sumptuously produced book, now expanded and updated and featuring reproductions in color and tritone, discusses and illustrates all of her prints, including unpublished work. The second edition includes chapters on five new series: Moon Eggs, Prince Pig, Wine Curved Planks and Beyond Abortion, on works out of series since 2004 and on the influence of playwright Martin McDonagh's work on Rego. New images, additional entries to the fully illustrated Catalogue Raisonné and revisions to the chronology, exhibition list and bibliography make this a unique source of information on a major aspect of this leading artist's work. *Paula Rego Printmaker* Paula Rego, 2005. Anti-Tales David Calvin, Catriona McAra, 2011-05-25.

The anti-fairy tale has long existed in the shadow of the traditional fairy tale as its flipside or evil twin. According to Andrzej Jolles in *Einfache Formen* 1930, such Antimärchen are contemporaneous with some of the earliest known oral variants of familiar tales. While fairy tales are generally characterised by a spirit of optimism, Tolkien's anti-tale offers us no such assurances for ever happily ever after; there is a dissenting 'they all died horribly'. The anti-tale is however rarely an outright opposition to the traditional form itself. Inasmuch as the anti-hero is not a villain but may possess attributes of the hero, the anti-tale appropriates aspects of the fairy tale form and its equivalent genres and reimagines, subverts, inverts, deconstructs or satirises elements of these to present an alternate narrative interpretation, outcome or morality. In this collection, Little Red Riding Hood retaliates against the wolf, Cinderella's stepmother provides her own account of events and Snow White evolves into a postmodern vampire tale. The familiar becomes unfamiliar, revealing the underlying structures, dynamics, fractures and contradictions within the borrowed tales. Over the last half century, this dissident tradition has become increasingly popular, inspiring numerous writers, artists, musicians and filmmakers. Although anti-tales abound in contemporary art and popular

culture the term has been used sporadically in scholarship without being developed or defined While it is clear that the aesthetics of postmodernism have provided fertile creative grounds for this tradition the anti tale is not just a postmodern phenomenon rather the postmodern fairy tale is only part of the picture Broadly interdisciplinary in scope this collection of twenty two essays and artwork explores various manifestations of the anti tale from the ancient to the modern including romanticism realism and surrealism along the way

Writing and Seeing Rui Manuel G. de Carvalho Homem, Maria de Fátima Lambert, 2006 The essays in this volume are informed by a variety of theoretical assumptions and of critical methodologies but they all share an interest in the intersections of word and image in a variety of media This unifying rationale secures the present collection's central position in the current critical context defined as it predominantly is by ways of reading that are based on a relational nexus The intertextual the intermedial the intersemiotic are indeed foregrounded and combined in these essays conceptually as much as in the critical practices favoured by the various contributions Studies of literature in its relation to pictorial genres enjoy a relative prominence in the volume but the range of media and of approaches considered is broad enough to include photography film video television comic strips animated film public art material culture The backgrounds of contributors are likewise diverse culturally academically linguistically The volume combines contributions by prominent scholars and critics with essays by younger scholars from a variety of backgrounds The resulting plurality of perspective is indeed a source of new insights into the relations between writing and seeing and it contributes to making this collection an exciting new contribution to word and image studies
