

BE THE CHANGE

GO CRAZY

- 1: Change doesn't give a crap if you like it or not
- 2: Break the rules if you're serious about supersonic growth
- 3: Embrace the crazy age and work it to your advantage
- 4: Look at "Challenger brand" strategy as a real alternative
- 5: Don't be different, be radically different.

This may ultimately be the only sane thing to do – to buck convention, to defy expectation, to be predictably unpredictable. To stop asking ourselves if we're being crazy and ask ourselves if we're being crazy enough.

One Book to Rule Them All Joseph Chad Sycamore, I can draw a euphoric warmth into my body straight from thin air It s the same euphoria you get after a great workout often called a runner s high As you are well aware that warm pleasant feeling isn t just your body heating up from exercise it s a surge of joy and vitality that starts in your chest and spreads throughout your body lifting your spirits We actually feel different versions of this warmth in all sorts of happy moments soaking up the sunshine hugging someone we love or being blown away by an amazing piece of art In this preface I ll show how these seemingly unrelated experiences are actually different forms of the same thing all originating from a single source God Surprisingly everything that makes life breathtakingly beautiful and gives us goosebumps can be traced all the way back to before the Big Bang However this profound existential insight is not going to be the book s most crucial aspect What s really fascinating is that even while perfectly still in a dark and freezing room without any external stimuli or another person I can generate this same blissful warmth within a few breaths You ve probably heard of monks who can sit on ice for hours without feeling cold This isn t some superhuman ability it s the result of deep meditation far beyond anything a meditation app can offer That s why monks often choose solitude to immerse themselves fully in this nourishing energy letting it embrace them for days and nights However I believe this warmth isn t meant to be kept for oneself it should be shared and transformed into something even greater So in my part of the story I m excited to share this book with all of you explaining everything as clearly and simply as possible from how these experiences connect to God to how you can tap into this cosmic source of

euphoria yourself You are welcome to share it with friends neighbors or even your local barista My hope is that it reaches those who need it most **Flat-World Fiction** Liliana M. Naydan,2021-12-15 Flat World Fiction analyzes representations of digital technology and the social and ethical concerns it creates in mainstream literary American fiction and fiction written about the United States in the first two decades of the twenty first century In this period authors such as Don DeLillo Jennifer Egan Dave Eggers Joshua Ferris Jonathan Safran Foer Mohsin Hamid Thomas Pynchon Kristen Roupenian Gary Shteyngart and Zadie Smith found themselves not only implicated in the developing digital world of flat screens but also threatened by it while simultaneously attempting to critique it As a result their texts explore how human relationships with digital devices and media transform human identity and human relationships with one another history divinity capitalism and nationality Liliana M Naydan walks us through these complex relationships revealing how authors show through their fiction that technology is political In the process these authors complement and expand on work by historians philosophers and social scientists creating accessible literary road maps to our digital future J.A.
