Poetry And Prophecy The Beginnings Of A Literary Tradition:

Poetry and Prophecy James L. Kugel, 1990 **Poetry and Prophecy** James L. Kugel, 1990-01-01 The Jerusalem Tradition in the Late Second Temple Period Heerak Christian Kim, 2007 The Late Second Temple Period c 200 BC to 70 AD was a period of intense social changes for the Jewish people During this period the Jewish people experienced a Syrian king defiling the Jerusalem Temple the Maccabean Revolt the celebration of Hanukkah the establishment of a competing Jewish temple in Egypt and the destruction of the Jerusalem Temple During this time Jews spread out all over the Diaspora The turmoil and the lack of visible cohesion have led many scholars to argue that there was no Jewish unity and no distinguishable Jewish identity in this time period This book argues against this trend in academia and posits that a strong Jerusalem tradition unified the Jewish people Book jacket The Oxford Handbook of Qur'anic Studies Mustafa Shah, M. A. S. Abdel Haleem, 2020-04-28 The Qur'an is the foundational sacred text of the Islamic faith Traditionally revered as the literal word of God its pronouncements and discussions form the bedrock of Islamic beliefs and teachings Notwithstanding its religious pre-eminence and the fact that it is the sacred text for over one billion of the world's Muslims the Qur'an is also considered to be the matchless masterpiece of the Arabic language Its historical impact as a text can be discerned in all aspects of the heritage of the Arabic literary tradition Over recent decades academic engagement with the Qur'an has produced an impressive array of scholarship ranging from detailed studies of the text's unique language style and structure to meticulous surveys of its contents concepts and historical contexts The Oxford Handbook of Qur'anic Studies is an essential reference and starting point for those with an academic interest in the Qur'an It offers not only detailed reviews of influential subjects in the field but also a critical overview of developments in the research discourse It explores the tradition of Qur'anic exegesis and hermeneutics making it a comprehensive academic resource for the study of the Qur'an No single volume devoted to such a broad academic survey of the state of the field currently exists **Divine Mania** Yulia Ustinova, 2017-10-16 Our greatest blessings come to us by way of mania provided it is given us by divine gift says Socrates in Plato's Phaedrus Certain forms of alteration of consciousness considered to be inspired by supernatural forces were actively sought in ancient Greece Divine mania comprises a fascinating array of diverse experiences numerous initiates underwent some kind of alteration of consciousness during mystery rites sacred officials and inquirers attained revelations in major oracular centres possession states were actively sought finally some thinkers such as Pythagoras and Socrates probably practiced manipulation of consciousness These experiences which could be voluntary or involuntary intense or mild were interpreted as an invasive divine power within one's mind or illumination granted by a super-human being Greece was unique in its attitude to alteration of consciousness From the perspective of individual and public freedom the prominent position of the divine mania in Greek society reflects its acceptance of the inborn human proclivity to experience alteration of consciousness interpreted in positive terms as god-sent These mental states were treated with cautious respect and in

contrast to the majority of complex societies ancient and modern were never suppressed or pushed to the cultural and social periphery

Representations of the Divine in Arabic Poetry, 2021-11-22 In Islam the fascination for the word is as vigorous as in Judaism and in Christianity but an extra dimension is

that the revealed text the Koran is considered to be verbatim the word of the Almighty Himself thereby providing the Arabic language with just an extra quality No wonder that throughout Islamic history the study of the word the Koran the prophet's utterances and the interpretation of both has become the main axis of knowledge and education As a consequence the intellectuals and also the poets in Islamic culture were thoroughly familiar with religious terms and the phraseology of a language which was highly estimated because of the divine origin with which it was associated No wonder therefore that allusions to religious texts can be found throughout Arabic literature both classical and modern The subject of this volume is the representation of the divine in Arabic poetry be it the experience of the divine as expressed by poets or the use of imagery coined by religion

The Bible in Arabic Sidney H. Griffith, 2013-07-21 From the first centuries of Islam to well into the Middle Ages Jews and Christians produced hundreds of manuscripts containing portions of the Bible in Arabic Until recently however these translations remained largely neglected by Biblical scholars and historians In telling the story of the Bible in Arabic this book casts light on a crucial transition in the cultural and religious life of Jews and Christians in Arabic speaking lands In pre Islamic times Jewish and Christian scriptures circulated orally in the Arabic speaking milieu After the rise of Islam and the Qur'an's appearance as a scripture in its own right Jews and Christians translated the Hebrew Bible and the Greek New Testament

into Arabic for their own use and as a response to the Qur'an's retelling of Biblical narratives. From the ninth century onward, a steady stream of Jewish and Christian translations of the Hebrew Bible and New Testament crossed communal borders to influence the Islamic world. The Bible in Arabic offers a new frame of reference for the pivotal place of Arabic Bible translations in the religious and cultural interactions between Jews, Christians, and Muslims. Poetry and Memory in Karaite Prayer Joachim Yeshaya, 2013-11-07 In *Poetry and Memory in Karaite Prayer* Joachim Yeshaya offers an edition of liturgical poems which the Karaite poet Moses Dar composed in twelfth century Egypt as introductory poems for the Torah readings on each Sabbath. The Hebrew text and Judaeo Arabic heading of each poem are provided in the original order attested in the manuscript NLR Evr I 802 dated to the fifteenth century. Every poem comes with a commentary section consisting of English commentary essays and bilingual Hebrew-English line by line annotations. In the conclusion following this edition, Joachim Yeshaya demonstrates how Dar's liturgical poems are among the earliest examples of the introduction of poetry. Andalusian Rabbanite poetical norms and the memory of being exiled from Jerusalem into Karaite prayer.

Teaching Through Song in Antiquity Matthew E. Gordley, 2011 While scholars of antiquity have long spoken of didactic hymns, no single volume has defined or explored this phenomenon across cultural boundaries in antiquity. In this monograph, Matthew E. Gordley provides a broad definition of didactic hymnody and examines how didactic hymns functioned at the intersection of historical circumstances and the needs of a given community to perceive itself and its place in the cosmos and to respond accordingly. Comparing the use of didactic hymnody in a variety of traditions, this study illuminates the multifaceted ways that ancient hymns and psalms contributed to processes of communal formation among the human audiences that participated in the praise, either as hearers or active participants. The author finds that in Greek, Roman, Jewish, and Christian contexts, many hymns and prayers served a didactic role, fostering the ongoing development of a sense of identity within particular communities.

Empsychoi Logoi – Religious Innovations in Antiquity Alberdina Houtman, Albert de Jong, Magda Misset-Van de Weg, 2008-11-30 The fact that religions show internal variation and develop over time is not only a problem for believers but has also long engaged scholars. This is especially true for the religions of the ancient world, where the mere idea of innovation in religious matters evoked notions of

revolution and destruction With the emergence of new religious identities from the first century onwards we begin to find traces of an entirely new vision of religion The question was not whether a particular belief was new but whether it was true and the two were no longer felt to be mutually exclusive The present volume brings together articles that study this transformation ranging from broad overviews to detailed case studies The Seer in Ancient Greece Michael Flower, 2008-01-07 Surveying all kinds of evidence historiographical literary dramatic and visual Flower provides a comprehensive readable and engaging account of the operations of seers during the Classical period Mark Griffith editor of *Prometheus Bound* and *Antigone* In a page turning tour de force of anthropological reconstruction classicist Michael Flower revisits hundreds of ancient texts to tease out his case for the absolutely central role of seercraft at all levels of ancient Greek society Thanks to Flower's invitingly woven tapestry of their mesmerizing stories and anecdotes we can now savor and comprehend through his lucid and persuasive interpretations Peter Nabokov author of *Where the Lightning Strikes* American Indian Ways of History *Inspiration and Utmost Art: The Poetics of Early Modern English Psalm Translations* Janina Niefer, 2018 This study is concerned with Early Modern English psalm translations It focusses on the connection between inspiration and formal perfection as it appears in George Wither's *A Preparation to the Psalter* Philip Sidney's *The Defence of Poesy* The Sidney Psalter and *The Bay Psalm Book* Taking into account theological philosophical and literary contexts of the time it reveals the struggle to find a suitable language in praise of God as a main concern of Early Modern religious writers and presents concepts which are highly relevant for the religious poetry of the time Dissertation Series Religion and Literature Religion und Literatur Vol 5 Subject Religious Studies *Birth of Nomos* Thanos Zartaloudis, 2018-11-14 This is a highly original interdisciplinary study of the archaic Greek word *nomos* and its family of words Includes extracts from ancient sources in both the original and English translation to give us a new and complete understanding of *nomos* and its foundational place in the Western legal tradition
