The Art of Preaching Old Testament Poetry Steven D. Mathewson, 2024-11-05 Preachers often struggle with preaching Old Testament poetry They are uncertain how to preach the highly emotive poems in Psalms the one liners in Proverbs the tedious conversations in Job the esoteric observations about life in Ecclesiastes and the confusing love poems in the Song of Songs Here leading pastor theologian Steven Mathewson instructs and inspires preachers to preach some of the most challenging and some of the richest material in the Old Testament This companion to his successful *The Art of Preaching Old Testament Narrative* guides readers through preaching the oft neglected Old Testament poetic books Mathewson introduces foundational issues and offers basic methodology and preaching strategies that are faithful to the text and sensitive to its listeners Highlighting Mathewson's skill at bringing the riches of the Old Testament to bear on the life of the church this book makes scholarship on the poetic books accessible for pastors and pastors in training It also includes sample sermons

Poetic Ethics in Proverbs Anne W. Stewart, 2015-12-01 The Book of Proverbs frequent use of binary oppositions righteous and wicked wise and foolish has led many to assume that its vision of the moral world is relatively simplistic This study demonstrates that Proverbs in fact presents a remarkably sophisticated response to ethical questions of profound concern to the Israelite sages who crafted the book what motivates human beings How do they learn How does the power of desire shape human characters Anne W Stewart analyzes Proverbs multifaceted collection of images and metaphors to reveal their complex understanding of the development of the moral self which suggests that character formation requires educating all of the senses and not simply the cognitive faculties One of few works to make explicit connections between the poetic form of Proverbs and its pedagogical function *Poetic Ethics in Proverbs* will appeal to all those interested in literary approaches to the Bible

describes Love It is more than romance cupids and warm feelings God loves unconditionally but directs us how to Love His commandments each other and ourselves How we love others impacts how others view God as we demonstrate Christ s love through our words and actions In our brokenness we Love imperfectly but can continue to grow in our abilities There are several common themes that are seen in this study and each one is important as we continue to grow in our Spiritual journey This book highlights the work of other talented artists who have expressed their work through many mediums Take your time to listen and consider their thoughts as well **Library of Congress Subject Headings** Library of Congress,1991

Poetic Imagination in Proverbs Knut Martin Heim,2013-05-01 No fewer than 223 verses in Proverbs appear two times 79 sets three times 15 sets or even four times 5 sets in identical or slightly altered form more than 24% of the book Heim analyzes all of these presenting them in delineated Hebrew lines and in English translation Where appropriate the translations are followed by textual notes that discuss uncertainties regarding the textual witnesses textual criticism and explore lexical grammatical and syntactical problems Heim also analyzes the way the parallelism in each verse of a variant set has been constructed presenting diagrams and tables with columns that highlight the corresponding similarities and differences among repeated verses Key to this investigation is the search for links between the variants and their surrounding verses such as repetitions of sound and sense Heim shows that most variant repetitions result from skillful poetic creativity Reconstruction of the editorial and creative poetic process highlights what poets did how they did it and why they did it He develops criteria for determining the direction of borrowing between the verses and demonstrates that the phenomenon of variant repetition is an editorial concern that operates on the level of the book as a whole He develops and refines a range of interpretive techniques and skills arrives at fresh interpretations and shows that ancient proverbial wisdom is relevant to modern societies This study sheds new light on the nature of biblical poetry and on the methods and virtues best suited for its study While specific to the book of Proverbs in the first instance the findings in this study apply to poetry elsewhere Three fundamental insights should inform future work on poetry the creative combination of repetition with

variation is the very essence of poetry what has been written with imagination should be read with imagination imaginative interpretation values the normal features of poetic expression and celebrates the truly unusual *Exploring the Old Testament* Ernest C. Lucas, 2014-07-10 Ernest C Lucas provides an informed illuminating and interactive introduction to the ancient background the literary artistry and the varied and timeless messages of the Psalms and Wisdom literature

missiologists are not always explicit about how their abstract theories actually relate to the task of making disciples across cultures each chapter in *Advanced Missiology* shows how numerous theories sub fields models and strategies of missiology ultimately facilitate the Great Commission The book argues that by using interdisciplinarity for this fundamental purpose missiological studies will be more credible and useful With contributions from Rebecca Burnett Leanne Dzubinski Julie Martinez
