Random Acts of Hatred George K. Ilsley,2004-05-01 In these raw uncompromising stories author George K Ilsley explores the thin line between love and hate and the outer parameters of desire that can both heal and destroy Random Acts

of Hatred infiltrates the dark confines of decidedly queer sensibilities in which young men are undone by self loathing and the powers that be begging the question What happens when people know they are hated And yet in between the primal fantasies and bitter ironies are images of humor and light the wayward families the unspoken gestures and the faces in the mirror of posers and dreamers saints and demons Both gay and straight they suggest a new definition of masculine power as a field with two poles dissonant and equal at the same time Evocative of Dennis Cooper and David Wojnarowicz Random Acts of Hatred collects the fragments of a disintegrated generation numbed yet empowered by their varied inexplicable desires Praise for Random Acts of Hatred In twelve sharp stories George K Ilsley grabs you by the heart and drags you around saying Look at this mess He shames us with detail and embarrasses us with a dark honesty Ilsley makes you bear witness to these Random Acts of Hatred then dares you to forget them Michael V Smith author of Cumberland There are echoes throughout of Dennis Cooper's poetic depravity of A M Homes ironic eroticism and even of Bernard Cooper's memorish emotionalism but Ilsley's lucid prose is infused with invigorating originality quite a range evident in every one of these accomplished pieces Richard Labonte George K Ilsley's stories have been published in many anthologies and magazines He has biked around the Adriatic hitchhiked to Mexico ambled through the Himalayas and taught English in Tokyo He now lives in Vancouver

Victorian Sexual Dissidence Richard Dellamora, 2019-04-08 Recent critical and historical work on the late Victorian period has furnished a vocabulary for discussing gender and sexuality These popular terms include categories such as homo hetero patriarchal feminist and masculine effeminate This collection exploits this framework while refining and resisting it in places to show how certain Victorians imagined difference in ways that continue to challenge us today One essay for example traces the remarkable feminist appropriation of male identified fields of study such as Classical philology Others address the validation of male bodies as objects of desire in writing painting and emergent modernist choreography The writings shed light on the diverse interests served by a range of cultural practitioners and on the complex ways in which the late Victorians invented themselves as modern subjects This volume will be essential reading for students of British literary and cultural history as well as for those interested in feminist gay and lesbian studies Contributors are Oliver Buckton Richard Dellamora Dennis Denisoff Regenia Gagnier Eric Haralson Andrew Hewitt Christopher Lane Thas Morgan Yopie Prins Kathy Alexis Psomiades Julia Saville Robert Sulzer Jr Martha Vicinus The Work of Opera Richard Dellamora, Daniel Fischlin, 1997 In this significant collection of original essays preeminent literary and cultural critics musicologists and queer theorists delve into the way opera shapes national character through its representations of gender sexuality and class The book includes essays on the works of Mozart Verdi Wagner and others and examines the impact of such modern phenomena as AIDS 10 photos 15 music examples AIDS Narratives Steven F. Kruger, 2013-10-28 This is the first book length study of the rich fiction that has emerged from the AIDS crisis Examining first the ways in which scientific discourse on AIDS has reflected ideologies of gender and sexuality such as the construction of AIDS as a disease of gay men part of a battle over masculinity

and thus largely excluding women with AIDS from public attention the book considers how such discourses have shaped narrative understandings of AIDS On the one hand AIDS is seen as an invariably fatal weakening of an individual's bodily defenses a depiction often used to reconfirm an identification between disease and a weak and vulnerable gayness On the other hand AIDS is understood in terms of an epidemic attributable to gay immorality or unnaturalness The fiction of AIDS depends upon these two narratives with one major subgenre of AIDS novel presenting narratives of personal illness decline and death and a second focusing on epidemic spread These novels also question the narrative structures upon which they depend intervening particularly against the homophobia of those structures though also sometimes reinforcing it **Q & A**

Queer And Asian David L. Eng, Alice Y. Hom, 1998-08-24 What does it mean to be queer and Asian American at the turn of the century The writers, activists, essayists, and artists who contribute to this volume consider how Asian American racial identity and queer sexuality interconnect in mutually shaping and complicating ways Their collective aim in the words of the editors is to articulate a new conception of Asian American racial identity its heterogeneity, hybridity, and multiplicity concepts that after all underpinned the Asian American moniker from its very inception Q & A approaches matters of identity from a variety of points of view and academic disciplines in order to explore the multiple crossings of race and ethnicity with sexuality and gender Drawing together the work of visual artists, fiction writers, community organizers, scholars, and participants in roundtable discussions the collection gathers an array of voices and experiences that represent the emerging communities of a queer Asian America Collectively these contributors contend that Asian American studies needs to be more attentive to issues of sexuality and that queer studies needs to be more attentive to other aspects of difference especially race and ethnicity Vigorously rejecting the notion that a symmetrical relationship between race and homosexuality would weaken lesbian, gay, and queer movements the editors refuse to believe that a desirably queer world is one in which we remain perpetual aliens, queer houseguests in a queer nation **The Last Word** Michael Holmes, 2009-11-08 The Last Word

is a snapshot of the next generation of Canadian poets the poets who will be taught in schools Voices reflecting the 90s and a new type of writing sensibility The anthology brings together 51 poets from across Canada reaching into different regional, ethnic, sexual, and social groups This varied and volatile collection pushes the notion of an anthology to its limits like a startling Polaroid Proceeds from the sale of The Last Word will go to Frontier College in support of literacy programs across the country *Imperial Desire* Philip Holden, Richard R. Ruppel, 2003 **Postmodern Apocalypse** Richard

Dellamora, 1995 From accounts of the Holocaust to representations of AIDS to predictions of environmental disaster from Hal Lindsey's fundamentalist 1970s bestseller *The Late Great Planet Earth* to Francis Fukuyama's *The End of History and the Last Man* in 1992 the sense of apocalypse is very much with us In *Postmodern Apocalypse* Richard Dellamora and his contributors examine apocalypse in works by late twentieth century writers, filmmakers, and critics
