, French Monique Cossard,Robert J. Salazar,Robert Salazar,Foreign Service Institute (U.S.),1977 *French Supplementary Exercises for Basic Course, Units 1-[24]: Units 1-15* Foreign Service Institute (U.S.),Robert J. Salazar,1967

French Supplementary Exercises for Basic Course Units 1-15 Robert J. Salazar,Foreign Service Institute (U.S.),1967 **French in Action** Pierre J. Capretz,Barry Lydgate,Béatrice Abetti,Marie-Odile Germain,2015-06-28 Since it was first published French in Action A Beginning Course in Language and Culture The Capretz Method has been widely recognized in the field as a model for video based foreign language instructional materials The third edition revised by Pierre Capretz and Barry Lydgate includes new contemporary illustrations throughout and in the Documents section of each lesson more relevant information for today s students A completely new feature is a journal by the popular character Marie Laure who observes and comments humorously on the political cultural and technological changes in the world between 1985 and today The new edition also incorporates more content about the entire Francophone world In use by hundreds of colleges universities and high schools French in Action remains a powerful educational resource that this third edition updates for a new generation of learners Part 2 gives students at the intermediate level the tools they need to communicate effectively in French and to understand and appreciate French and Francophone cultures **French Basic Course Units 1-12 Revised** Foreign Service Institute (U.S.),Monique Cossard,Robert J. Salazar,1976 **French Sentences Vol.2** Nik Marcel,Monique Cossard,Robert Salazar, FRENCH SENTENCES Vol 2 English French THIS EDITION The dual language text has been arranged into sentences for quick and easy cross referencing The text can be used on its own However the content is ideal for reinforcing grammar and as a precursor to more advanced bilingual editions This digital edition contains the content in English to French and French to English formats Once a student has studied the basics a suitable book about basic grammar is helpful The suggestion is that it be studied more with the intent of recognition and understanding rather than memorising and obsessive rote learning Go through as much of the book you feel you can digest maybe even the whole book skipping over what is not easily understood Then read through a portion of text in this book looking for examples of what you have picked up or gleaned in your hopefully not so arduous study of grammar Even repeatedly seeing a word that you remember seeing listed as a subject pronoun or a third person plural verb of some sort is a great help Then depending on your inclination return to the grammar book or your basic French book or move on to lengthier bilingual text like in 2Language Books texts containing news or stories for example or find some suitable French text a simple novel a French news website etc Grammar books will likely have some verb charts However there are currently good on line resources that go further dictionaries with a verb conjugation search option Many basic language books offer some form of audio support Internet services primarily news based radio stations offer podcasts Audio from television is an additional resource and can be formatted for use on various digital platforms However if audio is an important component of your interest in languages

electronic devices that support quality text to speech TTS will likely be appealing With a library card TTS technology in a device that supports the relevant content and the above mentioned resources an entire language learning system is available for not much more than a cup of coffee There is no substantial financial outlay to get you started Furthermore there are no additional ongoing fees and updates and there are no expiry dates on premium content and resources A Dual Language Book Project 2Language Books **The mastery series. on the process of language decay among the French Canadian population of Massachusetts Based on a corpus consisting of 87 qualitative interviews and a quantitative questionnaire survey of 392 questionnaires in 7 areas covering the centers of French Canadian immigration throughout Massachusetts this study approaches the topic in a new broader angle by encompassing the following aspects an analysis of U S Census data on ancestry and language use an overview of the history of French Canadian presence in Massachusetts various specificities of the varieties of Canadian French spoken there as well as an analysis of the extralinguistic factors such as the heterogeneity of the French speaking population and the intralinguistic consequences such as unskilled code switching of language decay
