Millennium Charlene Evans,2010 I wanted to write this book to help mums to be as they prepare for pregnancy labour and caring for their new l arrival With 6 kids I ve learned a few tricks and tips along the way This book is about sharing some of the knowledge I ve gained through my births providing advice from someone who has been there This book was written not to preach but instead to share with parents some of the options out there that are perhaps not as commonly known I believe every parent should make their own personal choice of what they would like to do I think that people should be given the opportunity to make the choices that are best for them Most pregnancy books are written by health professionals and are filled with long words that we don t understand This book is real and easy to understand plus it s filled with helpful hints for however you wish to do things Charlene
