Ralph Conversations With A Bear:

Ralph Pete Merrill, 2003 Ralph is not your average talking bear he s well read he claims to have read everything Shakespeare ever wrote has strong opinions on every subject and has a decidedly jaundiced opinion of the human race

Ralph Peter A. Merrill, 2002 **Council of Bears** Pete Merrill, 2004 This is Pete Merrill s second book about bears The first Ralph Conversations with a Bear describes his meeting in the woods near his home with curmudgeonly old Ralph Shakesbear and his young grandson Macduff Their relationship was usually contentious Ralph considers Homo sapiens an inferior lot Human beans as he calls them are a dysfunctional species who are forever shooting themselves in the foot Pete and Ralph managed to maintain tolerable relations until the pressures of encroaching civilization became intolerable Pete agreed to help relocate Ralph and Duffy to Olympic National Park where Ralph thought they could live in peace as every bear has a right to away from the corrupting influence of the beans In Council of Bears we find the aging Ralph now Alpha bear elder statesman and self appointed ursine major domo attempting to organize all the bears in the south end of the park His authority apparently does not extend to his irrepressible adolescent grandson Macduff who much prefers driving the park rangers crazy and keeping campers on constant alert Macduff considers that he is doing the campers a favor providing them with wilderness adventures they can tell their grandchildren about **Oology and Ralph's Talking Eggs** Carrol L.

Henderson, 2009-02-17 Before modern binoculars and cameras made it possible to observe birds closely in the wild many people collected eggs as a way of learning about birds Serious collectors called their avocation oology and kept meticulous records for each set of eggs the bird s name the species reference number the quantity of eggs in the clutch the date and location where the eggs were collected and the collector s name These documented egg collections which typically date from the nineteenth and early twentieth centuries now provide an important baseline from which to measure changes in the numbers distribution and nesting patterns of many species of birds In Oology and Ralph s Talking Eggs Carrol L Henderson uses the vast egg collection of Ralph Handsaker an Iowa farmer as the starting point for a fascinating account of oology and its role in the origins of modern birdwatching scientific ornithology and bird conservation in North America Henderson describes Handsaker s and other oologists collecting activities which included not only gathering bird eggs in the wild but also trading and purchasing eggs from collectors around the world Henderson then spotlights sixty of the nearly five hundred bird species represented in the Handsaker collection using them to tell the story of how birds such as the Snowy Egret Greater Prairie Chicken Atlantic Puffin and Wood Duck have fared over the past hundred years or so since their eggs were gathered Photos of the eggs and historical drawings and photos of the birds illustrate each species account Henderson also links these bird histories to major milestones in bird conservation and bird protection laws in North America from 1875 to the present **Alaska Bear Tales** Larry Kaniut, 1983 Describes both humorous and deadly contacts between humans and bears in Alaska and reviews the precautions for avoiding a bear attack
