Wentworth,1929      *Dadisi the Young Ram* Floyd Jackson,2023-09-26 About the Book *Dadisi the Young Ram Illustrated* is a short story about curiosity and how the curiosity of the young rams often caused them to run away from the security of their families Because they lived on a higher plane their journey usually took them into the lower valley The lower valley was different in terrain and people but every bit as beautiful as the tranquil high places to which *Dadisi* was accustomed His youth and vigor naively gives him a false sense of security that allows his curiosity to rule He is unaware that the people of the lower valley are used to seeing the runaway rams and that most do not return to the higher plane They are fully aware of what prevents them but they cannot interfere He s unaware of the predators who await him and look forward to his coming due to his curiosity in the lower valley He s also unaware that from the moment he left the higher plane he was observed and followed by a higher source *Dadisi* like all the others is unaware that their decision to run away to the lower valley was one of life and death About the Author Floyd Jackson was born in the Charity Hospital in New Orleans Louisiana in 1955 the oldest of six children To him his life has been anything but successful but he knows as he looks back he s had all the opportunities to be successful Jackson acknowledges and takes full responsibility for his past and likewise for his future He has envisioned himself as a writer since he was a child but he never did the things to make his vision come true *Dadisi The Young Ram Illustrated* is a reflection of himself and he plans to use this small book as a springboard to tell all children about the glowing berry bush that he depicts in my book Yes Jackson fell victim to drugs the glowing berry bush and he feels special to have survived but not without many losses and he feels compelled to fight against recreational drugs So *Dadisi The Young Ram Illustrated* was created and it will be the vessel in which he uses to write about many other subjects It s the beginning of Jackson s passion to write Jackson is a person who accidentally fell off a horse and consciously chose to remount and ride successfully to his destination of success      Topical Bible Studies David Lendway,2019-08-20 This book is Volume 3 of three volumes and contains a different collection of Bible topics than each of the other two volumes These topics like the previous topics in the other two volumes will also allow the reader to easily identify and with little or no effort on their part to commit to memory exactly what God expects of them from within HIS written Word Although this will not necessarily bring about the reader s ability to remember precisely where each of these topics appears in the Bible s book chapter and verse it will after reading enough of these topics make their daily Bible reading much easier and so much more enjoyable due to their new found understanding The reader will also discover when studying topic by topic they will remember the subject matter much better than when these particular subjects flew by them at lightning speed while reading along in their Bible These self contained Bible studies work for everyone It doesn t matter where one stands in their faith or how much they know about the Bible these studies will work For those who are well rooted in the Word these studies will work for them as a review those who own an average understanding of God s Word will be able to use these studies not only as a review but also for learning something that God has said and they had previously missed Those who know very little about the Word of God will be able to

learn a great deal from these topical studies since they are self contained and require no explanation because all commentary is backed up with book chapter and verse from the inspired Word of God Those who know nothing about the Word and are seeking to learn about God the Father God the Son God the Holy Spirit their salvation and the existence of this spiritual world they have heard so much about will now be able to learn straight from His Word right in the comfort of their living room whatever it is they want to know      *From Godless Dark To Godly Light* David Lendway,2019-08-27 This is the biography and journey of a father leading his family out of the world s relative darkness confusion and misunderstanding caused by false teaching and into the realm of absolute daylight certainty hopefulness and understanding by way of the undeniable truth You will be guided through this father s life from early childhood through adolescence adulthood and old age You will learn of his extensive religious background which will hopefully provide him with a certain amount of credibility because of what he decided to do with his life the life of his family and many of those who he came in contact with You will be presented with four letters he has written to each of his three children informing them of the way they each need to change their lives in order to come out of the darkness of confusion and unbelief and into the light of certainty and true belief You will see how each of these letters were accepted by them and the impact they had on his wife and each of his three children Finally you will see what each member of his family is now doing with their lives and how each has changed from what they were then before the letters and what they are now after the letters      **Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971** New York Public Library. Research Libraries,1979      **Treasures from the Royal Tombs of Ur** Richard L. Zettler, Lee Horne, Donald P. Hansen, Holly Pittman, 1998 Showcases over 230 objects excavated from the Sumerian city of Ur in the 1930s by Sir Leonard Woolley Details gold jewelry engraved seal stones statuettes musical instruments and vessels The history of Ur and the excavations is included and art historians discuss the historical significance and motifs on the artifacts      Colour in Sculpture Hannelore Hägele, 2013-09-11 This book introduces the reader to the art of sculpture across five millennia up to the present and from the Near East to the west In each of the eleven chapters a number of selected works are discussed to exemplify the circumstances and conditions for making pieces of sculpture objects peculiar to place time and context Within each cultural framework characteristics are observable that suggest various reasons for the use of colour in sculpture These encompass local preferences customs or cultural requirements and others point to an impulse to enhance the expression of the phenomenal Whether colour is really necessary or even essential to sculpted works of art is a question especially pertinent since the Renaissance Surface finishes of sculptural representations may allude to the sensory world of colour without even having pigment applied to them What makes polychromy so special is that it functions as an overlay of another dimension that sometimes carries further encoded meaning In nature the colour is integral to the given object What the present survey suggests is that the relationship between colour and sculpture is a matter of intentional expression even where the colour is intrinsic as in the sculptor s

materials     *Interpreting Abraham* Bradley Beach, Matthew T. Powell, 2014 Interpreting the Akedah across tradition and across time The story of Abraham and Isaac is a story of near universal importance Sitting near the core of three of the world's great religious traditions this nineteen verse story opens a world of interpretive possibilities raising questions of family loyalty faith and choices that are common to us all This collection of essays takes up the question of how our interpretation of this pivotal text has changed over time and how even in unlikely places the story influences our thought It begins by exploring various readings of Abraham and the Akedah story throughout the traditional lenses of Judaism Christianity and Islam From there it moves into modern and postmodern readings including how such varied thinkers as Kant and Kierkegaard Kafka and Derrida have engaged the text *Interpreting Abraham* demonstrates the diversity of interpretations and the dramatic impact of the story on the Western intellectual tradition Back cover
