Companion to Ramon Llull and Llullism, 2018-10-16 A Companion to Ramon Llull and Llullism offers a comprehensive survey of the work of the Majorcan lay theologian and philosopher Ramon Llull 1232-1316 and of its influence in late medieval Renaissance and early modern Europe as well as in the Spanish colonies of the New World Llull's unique system of philosophy and theology the Great Universal Art was widely studied and admired from the fifteenth through the eighteenth centuries His evangelizing ideals and methods inspired centuries of Christian missionaries His many writings in Catalan his native vernacular remain major monuments in the literary history of Catalonia Contributors are Roberta Albrecht Jos Arag's Aldaz Linda Bez Rub Josep Batalla Pamela Beattie Henry Berlin John Dagenais Mary Franklin Brown Alexander Ibarz Annemarie C Mayer Rafael Ramis Barcel Josep E Rubio and Gregory B Stone *The Evangelical Rhetoric of Ramon Llull* Mark D. Johnston, 1996-02-29 Ramon Llull 1232-1316 born on Majorca was one of the most remarkable lay intellectuals of the thirteenth century He devoted much of his life to promoting missions among unbelievers the reform of Western Christian society and personal spiritual perfection He wrote over 200 philosophical and theological works in Catalan Latin and Arabic Many of these expound on his Great Universal Art of Finding Truth an idiosyncratic dialectical system that he thought capable of proving Catholic beliefs to non-believers This study offers the first full-length analysis of his theories about rhetoric and preaching which were central to his evangelizing activities It explains how Llull attempted to synthesize commonplace advice about courtly speech and techniques of popular sermons into a single program for secular and sacred eloquence that would necessarily promote love of God and neighbor Llull's work is a remarkable testimony to the diffusion of clerical culture among educated lay people of his era and to their enthusiasm for applying that knowledge in pursuit of learning and piety This book should find a place on the shelf of every scholar of medieval history religion and rhetoric

Audionarratology Jarmila Mildorf, Till Kinzel, 2016-04-25 Audionarratology is a new postclassical narratology that explores interfaces of sound voice music and narrative in different media and across disciplinary boundaries Drawing on sound studies

and transmedial narratology audionarratology combines concepts from both while also offering fresh insights Sound studies investigate sound in its various manifestations from disciplinary angles as varied as anthropology history sociology acoustics articulatory phonetics musicology or sound psychology Still a specifically narrative focus is often missing Narratology has broadened its scope to look at narratives from transdisciplinary and transmedial perspectives However there is a bias towards visual or audio visual media such as comics and graphic novels film TV hyperfiction and pictorial art The aim of this book is to foreground the oral and aural sides of storytelling asking how sound voice and music support narrative structure or even assume narrative functions in their own right It brings together cutting edge research on forms of sound narration hitherto neglected in narratology radio plays audiobooks audio guides mobile phone theatre performance poetry concept albums digital stories computer games songs

Why the Ramones Matter Donna Gaines, 2018-10-02 Unequivocally fresh and engrossing Even the biggest fans will find something new to enjoy here Razorcake The central experience of the Ramones and their music is of being an outsider an outcast a person who s somehow defective and the revolt against shame and self loathing The fans argues Donna Gaines got it right away from their own experience of alienation at home at school on the streets and from themselves This sense of estrangement and marginality permeates everything the Ramones still offer us as artists and as people Why the Ramones Matter compellingly makes the case that the Ramones gave us everything they saved rock and roll modeled DIY ethics and addressed our deepest collective traumas from the personal to the historical

The Ramones Brian J. Bowe, 2018-12-15 The Ramones logo T shirts and Hey Ho Let s go chant are familiar around the world but a lot of people might not know the degree to which the Ramones reshaped pop music Striking photographs fascinating personal facts and an engaging narrative will show readers how the band unleashed punk rock on the world with two minute bursts of energy combining bubblegum pop sensibilities with teenage boredom and pop culture references that created a wall of sound unlike anything audiences had heard before This book reveals how the Ramones helped create a style of music that continues to resonate from sweaty clubs to baseball stadiums

Ramon Llull as a Vernacular Writer Lola Badia, Joan Santanach i Suñol, Albert Soler i Llopart, 2016 The authors maintain that Llull was an atypical scholar because he enjoyed a form of access to knowledge that differed from the norm and because he organized the production and dissemination of his writings in a creative and unconventional fashion Ramon Llull 1232 1316 mystic missionary philosopher and author of narrative and poetry wrote both in Latin and in the vernacular claiming he had been given a new science to unveil the Truth This book shows why his Latin and vernacular books cannot be read as if they had been written in isolation from one another Llull was an atypical scholar because he enjoyed a form of access to knowledge that differed from the norm and because he organized the production and dissemination of his writings in a creative and unconventional fashion At a time when learned texts and university culture were conveyed for the

most part using the vehicle of Latin he wrote a substantial proportion of his theological and scientific works in his maternal Catalan while at the same time he was deeply involved in the circulation of such works in other Romance languages These circumstances do not preclude the fact that a considerable number of the titles comprising his extensive output of more than 260 works were written directly in Latin or that he had various books which were originally conceived in Catalan subsequently translated or adapted into Latin

The Crusade of Ramon Llull Numa Gomez, 2022-09-16 A thirteenth century priest in the Iberian Peninsula reaches out to Muslims and Jews in order to convert them to Christianity This was a time of great conflict between the Abrahamic faiths so any communication between adherents was usually difficult and sometimes hostile Ramon Llull believed this theological gap could be overcome through logic and Scripture

San Ramon Valley Beverly Lane, Ralph Cozine, 2005 The San Ramon Valley stretches for 20 beautiful miles under the shadow of Mount Diablo and includes the bustling communities of San Ramon Alamo and Danville Some 113 000 people make their homes here in a scenic area of open spaces gracious homes and tree lined streets Also here are major business hubs and the winding Interstate 680 freeway Of course this valley wasn't always so populous In the 1850s while nearby San Francisco boomed and Oakland grew up this valley remained rural Mount Diablo became an important early survey marker during California's gold rush but only in recent decades have the early ranchos and small villages given way to the modern cities we know today

Redefining Adaptation Studies Dennis Cutchins, Laurence Raw, James M. Welsh, 2010-02-23 Since films were first produced adapted works have predominantly borrowed primarily from traditional texts such as novels and plays Likewise the study of film adaptations has also been fairly traditional rarely venturing beyond a comparison of the source material to its often less revered counterpart *Redefining Adaptation Studies* breaks new ground in showing the range of possibilities that transcend the literature film paradigm These essays focus on the idea of adaptation and what it means in different socio-political contexts Above all this collection shows how cultural and political factors determine the meaning of the term and its potential for developing new approaches to learning The contributors to this volume look at adaptation in

different contexts and develop new ways to approach adaptation not just as a literature through film issue but as something which can be used to develop other skills such as creative writing and personal and social skills Aimed at teachers in high schools and universities at the under and postgraduate levels this volume not only suggests how adaptation might be used in different disciplines but how it might improve the learning experience for teachers and students alike **Ramon Lull** Edgar Allison Peers,1929 **Old Ramon** Jack Schaefer,2016-11-15 A wise old shepherd teaches a young boy lessons about survival bravery wisdom and friendship as he shows him how to care for a flock of sheep in the harsh Mojave Desert *The Mothers* Jennifer Gilmore,2013-04-09 Poignant raw and insightful Jennifer Gilmore s third novel is an unforgettable story of love family and motherhood With a voice that is at turns wise and barbed with sharp humor Vanity Fair Gilmore lays bare the story of one couple s ardent desire for a child and their emotional journey through adoption Jesse and Ramon are a loving couple but after years spent unsuccessfully trying to get pregnant they turn to adoption relieved to think that once they navigate the bureaucratic path to parent hood they will have a happy ending But nothing has prepared them for the labyrinthine process for the many training sessions and approvals for the constant advice from friends strangers and experts for the birthmothers who contact them but don t ultimately choose them or even most shockingly for the women who call claiming they ve chosen Jesse and Ramon but who turn out never to have been pregnant in the first place Jennifer Gilmore s eloquence about the human heart its frailties and complexities and her razor sharp observations about race class culture and changing family dynamics are spectacularly combined in this powerful novel Suffused with passion and fury *The Mothers* is a taut gripping and satisfying book that will stay with readers long after they turn the last page **Canadian** ,1904 *The Canadian Magazine* ,1905
