Ranch And Range In Oklahoma Oklahoma Vol 8:

Plant Breeding Reviews, Volume 8 Jules Janick, 2011-01-11 Plant Breeding Reviews is an ongoing series presenting state of the art review articles on research in plant genetics especially the breeding of commercially important crops Articles perform the valuable function of collecting comparing and contrasting the primary journal literature in order to form an overview of the topic This detailed analysis bridges the gap between the specialized researcher and the broader community of plant scientists Main Street Oklahoma Linda W. Reese, Patricia Loughlin, 2013-08-15 Oklahoma historian Angie Debo once observed that all the forces of United States history have come to bear in the development of the Sooner State This collection of essays provides a series of snapshots reflecting both the singularity of the Oklahoma experience and the state s connections to America s broader history Spanning the Civil War era and the present this book develops historic themes as varied as the causes of Indian land dispossession the Statehood Day wedding ceremony the oil industry s environmental impact the Tulsa Race Riot labor relations during the New Deal the failure of the Equal Rights Amendment the state s unique Native artistic traditions and its musical landscape Oklahomans have always represented multiple races and cultures lived in big cities or small towns or on farms and promoted prosperity and cultural achievement while battling poverty and ignorance The American Main Street has been the site not only of the best principles of community spirit and traditional values but also of shocking cases of prejudice and violence Rather than shrinking from difficult subjects Main Street Oklahoma describes the state s abundant human natural and cultural resources paying tribute to the true grit of Oklahomans but also exploring some of the more troubling moments in Oklahoma s past The editors and contributors provide engaging perspectives on the state s rich and diverse history **Agricultural History** Gregory P. Marchildon, 2011 The eighteen essays selected for this volume of the History of the Prairie West Series all focus on the agricultural history of the Canadian Plains They cover a detailed survey of First Nations agricultural practices agriculture during the fur trade era and the history of ranching and the evolution as fenced in farm settlements supplanted the open range from publisher *The Pacific Historian*, 1978 The Cattleman, 1954 **A History of the Oklahoma State University Division of Agriculture** Donald E. Green, 1990 *Nineteen-year Summary of Range Improvement Studies at the U. S. Southern Great Plains Field Station, Woodward, Oklahoma, 1937-1955* United States. Southern Great Plains Field Station, Woodward, Okla, 1955 **The Old South's Modern Worlds** L. Diane Barnes, Brian Schoen, Frank Towers, 2011-04-06 The Old South has traditionally been portrayed as an insular and backward looking society The Old South s Modern Worlds looks beyond this myth to identify some of the many ways that antebellum southerners were enmeshed in the modernizing trends of their time The essays gathered in this volume not only tell unexpected narratives of the Old South they also explore the compatibility of slavery the defining feature of antebellum southern life with cultural and material markers of modernity such as moral reform cities and industry Considered as proponents of American manifest destiny for example antebellum southern politicians look more like

nationalists and less like separatists Though situated within distinct communities Southerners white black and red participated in and responded to movements global in scope and transformative in effect The turmoil that changes in Asian and European agriculture wrought among southern staple producers shows the interconnections between seemingly isolated southern farms and markets in distant lands Deprovincializing the antebellum South The Old South s Modern Worlds illuminates a diverse region both shaped by and contributing to the complex transformations of the nineteenth century world

Collected Reprints Gerrit Smith Miller,1900 List of North American Land Mammals in the United States National Museum, 1911 Gerrit Smith Miller,United States National Museum,1912 The object of this bulletin is twofold To call attention to the richness of the United States National Museum North American land mammals and to furnish a summary of the systematic results of the study in this field to the end of the year 1911 North America is understood as the entire continent from Panama northward together with Greenland and the Greater and Lesser Antilles In no other museum is the mammal fauna of so large an area so fully represented Red Earth Bonnie Lynn-Sherow,2004 Before the great Land Rush of 1889 Oklahoma territory was an island of wildness home to one of the last tracts of biologically diverse prairie In the space of a quarter century the territory had given over to fenced farmsteads with even the racial diversity of its recent past simplified In this book Bonnie Lynn Sherow describes how a thriving ecology was reduced by market agriculture Examining three central Oklahoma counties with distinct populations Kiowas white settlers and black settlers she analyzes the effects of racism economics and politics on prairie landscapes while addressing the broader issues of settlement and agriculture on the environment Drawing on a host of sources oral histories letters and journals and agricultural and census records Lynn Sherow examines Oklahoma history from the Land Rush to statehood to show how each community viewed its land as a resource what its members planted how they cooperated and whether they succeeded Anglo settlers claimed the choice parcels introduced mechanized farming and planted corn and wheat blacks tended to grow cotton on lands unsuited for its cultivation and Kiowas strove to become pastoralists Lynn Sherow shows that as each group vied for control over its environment its members imposed their own cultural views on the uses of nature and on the legitimacy of the other in their own relationship with the red earth Lynn Sherow further reveals that racism both institutionalized and personal was a significant factor in determining how where by whom and to what ends land was used in Oklahoma She particularly assesses the impact of USDA policy on land use and by extension environmental and social change As agricultural agents railroads and local banks encouraged white settlers to plant row crops and convert to market farms they also discriminated against Indians and blacks And as white settlers prospered they in turn altered the relationship of Indians and African Americans

with the land The transformation of Oklahoma Territory was a protracted power struggle with one people's relationship to the land rising to prominence while banishing the others from history Red Earth provides a perceptive look at how Oklahoma quickly became homogenized mirroring events throughout the West to show how culture itself can be a major agent of ecological change *Federal Register*, 2012-12 **Dust Bowl** Donald Worster, 2004-09-16 Personal recollections recreate experiences of two Dust Bowl communities Biennial Report Kansas State Historical Society, 1891 **History of Kansas Newspapers** Kansas State Historical Society, William Elsey Connelley, 1916
