Lambshead Before Interwoven Frances Mayhugh Holden, 1982. The history of Lambshead Ranch, which is located in Throckmorton and Shackelford counties, Texas. The Lambshead Ranch area was occupied by several persons including Randolph March, Robert Neighbors and Jesse Stem, an Indian agent who established an Indian agency there. Stem was killed by Indians and his wife oversaw expansion of the ranch. The ranch is named for Thomas Lambshead, born in 1805 in England, who emigrated to Texas around 1847. Thomas bought land in the nearby Round Mountain Creek area. Whether Thomas ever lived on Lambshead is not known. John A. Matthews located on Lambshead in 1897 and brought his family to the ranch in 1915. Black Cowboys in the American West Bruce A. Glasrud, Michael N. Searles, 2016-09-28. Who were the black cowboys? They were drovers, foremen, fiddlers, cowpunchers, cattle rustlers, cooks and singers. They worked as wranglers, riders, ropers, bulldoggers and bronc busters. They came from varied backgrounds; some grew up in slavery while free blacks often got their start in Texas and Mexico. Most who joined the long trail drives were men, but black women also rode and worked on western ranches and farms. The first overview of the subject in more than fifty years, *Black Cowboys in the American West* surveys the life and work of these cattle drivers from the years before the Civil War through the turn of the twentieth century. Including both classic, previously published articles and exciting new research, this collection also features select accounts of twentieth century rodeos, music, people and films. Arranged in three sections: Cowboys on the Range, Performing Cowboys and Outriders of the Black Cowboys, the thirteen chapters illuminate the great diversity of the black cowboy experience. Like all ranch hands and riders, African American cowboys lived hard, dangerous lives. But black drovers were expected to do the roughest, most dangerous work and to do it without complaint. They faced discrimination out west, albeit less than in the South, which many had left in search of autonomy and freedom. As cowboys, they could escape the brutal violence visited on African Americans in many southern communities and northern cities. Black cowhands remain an integral part of life in the West, the descendants of African Americans who ventured west and helped settle and establish black communities. This long overdue examination of nineteenth and twentieth century black cowboys ensures that they and their many stories and experiences will continue to be known and told. **New Mexico Historical Review** Lansing Bartlett Bloom, Paul A. F. Walter, 1977. Falfurrias Dale Lasater, 1985-04-04. Like many pioneer western cattlemen, Ed C. Lasater was confident, optimistic and an aggressive user of bank credit. This history of the South Texas rancher and dairyman paints a vivid picture of frontier agriculture in an era that

featured some of the region and the nation's most progressive and most trying times Lasater born near Goliad in 1860 purchased extensive landholdings in South Texas in the late nineteenth century In 1904 he founded the town of Falfurrias The author a grandson of Ed C Lasater describes the settlers arrival near the Loma Blanca the area's principal landmark and the pioneering efforts of the families who moved to the developing region Falfurrias describes not only the development of Lasater's agricultural interests which included the world's largest herd of Jersey milk cows and a creamery whose brand name butter is still sold in the region today Lasater was also active in politics combating the early signs of bossism in South Texas counties He ran for governor on the Progressive ticket in 1912 and served as an appointee in the U S Food Administration in 1917 The West Texas Historical Association Year Book West Texas Historical Association,1977
