**Real Aliens, Space Beings, and Creatures from Other Worlds** Brad Steiger, Sherry Hansen Steiger, 2011-05-01 Shocking true stories of those who walk among us. With the Kepler satellite observatory detecting new planets at an unprecedented rate and the powerful computers at NASA's Ames Research Center seeking signs of distant life will a breakthrough discovery happen shortly or has there already been a secret encounter with alien beings? Who might be coming next? And who walks among us today? Visits from otherworldly creatures, aliens living among us, abductions of humans to alien spacecraft and accounts of interstellar cooperation since the UFO crash in Roswell are thoroughly investigated in *Real Aliens, Space Beings, and Creatures from Other Worlds*. Paranormal researcher extraordinaire Brad Steiger, an author of thousands of books and articles on the mysterious and unknown, looks into a wide host of otherworldly encounters from alleged eyewitness accounts of extraterrestrial beings working side by side with human scientists to the uncomfortable accusations of alien abductions. Disquieting testimonials, enlightening news articles, informative historical accounts and documents: this book chronicles more than 300 examples of alien encounters, conspiracy theories and the influence of extraterrestrials on human events throughout history. This discussion of the theories and mysteries surrounding aliens is packed with thought provoking stories and shocking revelations of alien involvement in the lives of Earthlings such as Three Russian scientists who were monitoring the Apollo Moon Landing on July 20, 1969, claim that astronauts Armstrong and Aldrin were being closely observed by UFOs. Thousands of women all over the world claim to have been abducted for the purpose of bearing Hybrid Children. A family in Colorado repeatedly visited by aliens with physical evidence and photographs to prove their story. From cattle and human mutilations to missing time experienced by UFO experiences and from secret underground and even underwater alien facilities to government alien conspiracies, each astonishing report is detailed with thorough research and recounted with a storyteller's crafted voice. *Real Aliens, Space Beings, and Creatures from Other Worlds* will leave the reader wondering who has visited us, who's coming to visit next, and who walks among us.

**The Myth and Mystery of UFOs** Thomas E. Bullard, 2016-10-17 When United Airlines workers reported a UFO at O'Hare Airport in November 2006 it was met with the typical denials and hush up that usually accompany such sightings. But when a related story broke the record for hits at the Chicago Tribune's website it was clear that such unexplained objects continued to occupy the minds of fascinated readers. Why wonders Thomas Bullard don't such persistent sightings command more urgent attention from scientists, scholars, and

mainstream journalists The answer in part lies in Bullard s wide ranging magisterial survey of the mysterious frustrating and ever evolving phenomenon that refuses to go away and our collective efforts to understand it In his trailblazing book Bullard views those efforts through the lens of mythmaking discovering what UFO accounts tell us about ourselves our beliefs and the possibility of visitors from beyond Bullard shows how ongoing grassroots interest in UFOs stems both from actual personal experiences and from a cultural mythology that defines such encounters as somehow alien and how it views relentless official denial as a part of conspiracy to hide the truth He also describes how UFOs have catalyzed the evolution of a new but highly fractured belief system that borrows heavily from the human past and mythic themes and which UFO witnesses and researchers use to make sense of such phenomena and our place in the cosmos Bullard s book takes in the whole spectrum of speculations on alien visitations and abductions magically advanced technologies governmental conspiracies varieties of religious salvation apocalyptic fears and other paranormal experiences Along the way Bullard investigates how UFOs have inspired books movies and television series blurred the boundaries between science science fiction and religion and crowded the Internet with websites and discussion groups From the patches of this crazy quilt he posits evidence that a genuine phenomenon seems to exist outside the myth Enormously erudite and endlessly engaging Bullard s study is a sky watcher s guide to the studies stories and debates that this elusive subject has inspired It shows that despite all the competing interests and errors clouding the subject there is substance beneath the clutter a genuinely mysterious phenomenon that deserves attention as more than a myth

The CIA UFO Papers Dan Wright, 2019-09-01 The secret CIA papers that prove that the government has been tracking UFOs and extraterrestrials for over fifty years In autumn 2016 the CIA sent to its website a cache of electronic files previously released under the Freedom of Information Act but housed at the National Archives Among a variety of subjects were unidentified flying objects Finally a stockpile of reports and correspondences were available for serious UFO researchers to examine at home This book consists of selections from those secret files Dan Wright spent eighteen months selecting editing and organizing the 550 files that are relevant to UFO research and has produced a chronological collection of CIA documents spanning 1949 to 2000 Each chapter focuses on a particular year The summary of documents for each year is followed by a section called While You Were Away from Your Desk which provides historical and cultural context for the document summaries and examines other sightings and contacts that are not mentioned in the CIA files Among the fascinating tidbits are A memo to J Edgar Hoover about flying saucer reports The 1949 conference at Los Alamos that include Edward Teller upper atmosphere physicist Dr Joseph Kaplan and other renowned scientists in which the participants debated whether recent incidents were natural phenomena or UFO sightings This is a must have book for those fascinated by the history of UFO sightings and those interested in government secrets and cover ups

**Secret Life** David M. Jacobs, 1993-04-16 Revealing and unsettling interviews with over sixty real life individuals who claim they were abducted by aliens from the author of The UFO Controversy in America In Secret Life retired professor David M Jacobs takes us into

the private world of those abducted by aliens letting them describe in their own words what it is like to be abducted Based on interviews with sixty individuals and more than 300 independently corroborated accounts *Secret Life* presents the most complete and accurate picture of alien abductions ever compiled Dr Jacobs takes the reader on a minute by minute journey through a typical abduction experience and describes in detail the bizarre physical mental and reproductive procedures that abductees claim have been administered by small alien beings Jacobs draws from these interviews a profoundly unsettling reason behind the abductions aliens are conducting a complex reproductive experiment involving the conception gestation or incubation of human and alien hybrid beings *UFO Secrets Revealed* Phil Cousineau,1995 *UFOs and Government* Michael D. Swords,2012 Governments around the world have had to deal with the UFO phenomenon for a good part of a century How and why they did so is the subject of *UFOs and Government* a history that for the first time tells the story from the perspective of the governments themselves It s a perspective that reveals a great deal about what we citizens have seen and puzzled over from the outside for so many years The story which is unmasked by the governments own documents explains much that is new or at least not commonly known about the seriousness with which the military and intelligence communities approached the UFO problem internally Those approaches were not taken lightly In fact they were considered matters of national security At the same time the story reveals how a subject with such apparent depth of experience and interest became treated as if it were a triviality And it explains why one government the United States government deemed it wise and perhaps even necessary to treat it so Though the book focuses primarily on the U S government s response to the UFO phenomenon also included is the treatment of the subject by the governments of Sweden Australia France Spain and other countries This large format fully illustrated book is the result of a team effort that called itself The UFO History Group a collection of veteran UFO historians and researchers who spent more than four years researching consulting writing and editing to present a work of historical scholarship on government response to the UFO phenomenon Michael Swords was the primary author of the United States chapters The work was coordinated and edited by Robert Powell Clas Svahn Vicente Juan Ballester Olmos Bill Chalker and Robert Powell contributed country chapters Jan Aldrich was the primary content consultant with additional content consultation and writing coming from Barry Greenwood and Richard Thieme Steve Purcell was the primary photo illustration editor From the foreword by Jerome Clark While *UFOs and Government* revisits an often unhappy history the reading of it is far from an unhappy experience The authors eloquent intelligent sophisticated and conscientious provide us with the first credible comprehensive overview of official UFO history in many years Most of the current volume deals with U S military and intelligence responses to the UFO phenomenon but it also features richly informative chapters that expand the story across the international arena If you re looking for an example of a nation that dealt productively with the UFO reports that came its official way you will take heart in the chapter on the French projects From here on every responsible treatment of UFOs and government will have to cite *UFOs and Government* prominently among its sources this is

the real story as accurately as it can be reconstructed in the second decade of the new century I expect to keep my copy close at hand and to return to it often While it cannot be said of many books UFO themed or otherwise this is among the essential ones Stray from it at your peril
