Rasa Bhava Darsana:

Rasa bhāva darśana Sajjana, Braja Vallabha Miśra, 1997 On the theories of aesthetic experience rasa with illustrations based on Natyasastra by Bharata Muni *I.A. Richards and Indian Theory of Rasa* Gupteshwar Prasad, 1994 Darshana International, 1980 Popular and Visual Culture Ricardo Campos, Rúben Pinho, Clara Sarmiento, 2014-10-02 Popular and Visual Culture Design Circulation and Consumption is a transnational project that fosters a dialogue with multiple origins both in geographical and academic terms From the onset this book questions the concepts of visual and popular culture terms which are currently applied both to describe scientific fields as operative concepts in theoretical discourse and to characterize specific cultural contexts The book's analysis and categorization of visual and popular culture pursues discourses and practices which mark different historical eras and shape social orders Because popular iconic and written productions are the outcome of a network of political economic ideological and social circumstances that are often hardly detectable and too taken for granted to be critically recognized even by those who draw paint or write and live under their influence That is why visual figurations of popular culture should be studied as the support of a deeply motivated symbolic discourse on the values shared by a community This book deals in a way or another with how popular and visual artefacts and sceneries are socially built preserved and or contested The volume brings together not only different disciplinary perspectives but also diverse empirical phenomena while approaching the wide subject of visibility and popular culture

Reflections of Indian Traditions D. Venkat Rao, 2021-09-30 This book focuses on the cohering elements across various texts and traditions of India It engages with several significant works from the Sanskrit tradition and emphasizes the need to move beyond colonial and postcolonial engagements with the enduring cultural pasts of India The chapters are grouped in three main parts accented rhythms dispersed mnemoscapes and inventive iterations It addresses questions such as what enabled cultural communication across very divergent geographical temporal locational contexts and among different cultural formations of India over millennia What is this shareable impulse that pulsates across the domains of dance sculpture painting poetry dharma music medicine the lore of rivers and the epics It explains how modern Indian languages and especially their creative and reflective nodes are unthinkable without the intricately woven textures of these interfaces and their responsive receptions This book is of interest to philosophers humanities students researchers and professors as well as people interested in exploring alternatives to European traditions of thought without an alibi *The Perfection of Shrimad Bhagwat Mahapurana* Swami Akhandananda Saraswati , Ultimate edition of Discourses by Swami Akhandananda Saraswati Ji Maharaj of Vrindavan on Shrimad Bhagwat Mahapurana *Sanskrit Non-Translatables* Rajiv Malhotra, Satyanarayana Dasa Babaji, 2020 Sanskrit Non Translatables is a path breaking and audacious attempt at Sanskritizing the English language and enriching it with powerful Sanskrit words It continues the original and innovative idea of nontranslatability of Sanskrit first introduced in the book Being Different For English readers this should be the starting point of the movement to resist the digestion of Sanskrit into English by introducing loanwords into their English vocabulary without translation The book presents a thorough mechanism of the process of digestion and examines the loss of adhikara for Sanskrit because of translating its core ideas into English The movement launched by this book will resist this and stop the programs that seek to turn Sanskrit into a dead language by translating all its treasures to render it redundant It discusses fifty four non translatables across various genres that are being commonly mistranslated It empowers English speakers with the knowledge and arguments to introduce these Sanskrit words into their daily speech with confidence Every lover of India s sanskriti will benefit from the book and become a cultural ambassador propagating it through routine communications *The Dangerous Lives of Public Performers* A. that the two phases of history like the two phases of Indian writing in English together represent the sociohistorical process of colonization and decolonization and the affirmation of identity

Audience Participation Susan Kattwinkel, 2003-08-30 Scholarly work on the impact of an active audience on theatrical and dance performance is a relatively new phenomenon one that until now has manifested itself largely in the form of scattered dialogue on the subject Audience Participation Essays on Inclusion in Performance serves as a corrective to this While the passive audience has long been acknowledged in works on response theory and audience studies for its contribution to the performance event performance styles that use the audience as an active contributing creative force have been appended to the studies as merely variations on a theme This anthology brings together essays on direct audience participation in the work of fourteen widely varied theatrical and dance artists covering performance genres of the past and present popular entertainment and high art Its comprehensiveness and uniqueness make it an important contribution to the literature on theater and its many forms and facets

to use atomic bombs against Japan In this carefully crafted volume Michael Kort describes the wartime circumstances and thinking that form the context for the decision to use these weapons surveys the major debates related to that decision and provides a comprehensive collection of key primary source documents that illuminate the behavior of the United States and Japan during the closing days of World War II Kort opens with a summary of the debate over Hiroshima as it has evolved since 1945 He then provides a historical overview of the events in question beginning with the decision and program to build the atomic bomb Detailing the sequence of events leading to Japan's surrender he revisits the decisive battles of the Pacific War and the motivations of American and Japanese leaders Finally Kort examines ten key issues in the discussion of Hiroshima and guides readers to relevant primary source documents scholarly books and articles **Mārg** ,1993

Theatre Theory and Performance Siddhartha Biswas,2017-08-21 Over the last few centuries the world as we know it has seen remarkable change and the arts including theatre have faced new challenges Theatre is now no longer a simple point of entertainment laced with instruction or dissent but is perceived as a more collaborative idea that looks at ever changing paradigms All over the world theatre now is a dynamic process that simultaneously retains tradition and delves into extreme experimentations This book represents a starting point for a much needed critical interrogation It looks at the constant features of European theatre and brings in some Indian elements positing both in their respective locations as well as looking at the symbiosis that has been functioning for some time **Bonding with the Lord** ,2021-12-30 Few other Hindu gods

guide a regional consciousness pervade walks of everyday life and define a collective psyche the way Lord Jagannath does in Odisha and its contiguous areas Jagannath is metonymic of Odisha and the Odia way of life arguably much more than any other god for a particular geography or its peoples While not derecognising the historical and the spiritual aspects of Jagannath *Bonding with the Lord* attempts to look at the deployment of Jagannath in contemporary cultural practices involving the sensorium in the widest sense The project of a cultural Jagannath not only materialises him in people's everyday practices but also democratises scholarship on him The expansion of the scope of research on Jagannath to cultural expressions in a more encompassing way rather than confining to elitist religious literary sources makes him an everyday presence and significantly enhances his sphere of influence Jagannath's tribal origin his association with Buddhism and Jainism and his avatari status make him an all encompassing multilayered symbol and a treasure trove for multiple interpretations
