

A photograph of a dirt road winding through a forest. The road is light brown and leads towards a bright light at the end of the path, creating a strong perspective. The trees on either side are tall and thin, with some showing autumn foliage in shades of yellow and orange. The overall atmosphere is serene and contemplative.

What is to be gained if we are so
intent in reaching out to the
unchurched that we then
unchurch the reached?

H. Stanley Wood

Reaching Out To The Unchurched:

Reaching Out to the Unchurched Douglas W. Johnson,1983 *Do They Run When They See You Coming?* Jonathan McKee,2004 This book educates youth workers and student leaders about teens that aren't making it to church for some reason or another and examines what they think of God of the church and of Christians It goes further to explore the needs of these individuals the subgroups they fit into and the ministry methods they actually respond to **The Courage to Be**

Protestant David F. Wells,2008-04 It takes no courage to sign up as a Protestant These words begin this bold new work the culmination of David Wells's long standing critique of the evangelical landscape But to live as a true Protestant well that's another matter This book is a jeremiad against new versions of evangelicalism marketers and emergents and a summons to return to the historic faith defined by the Reformation solas grace faith and Scripture alone and by a high regard for doctrine Wells argues that historic classical evangelicalism is marked by doctrinal seriousness as opposed to the new movements of the marketing church and the emergent church He energetically confronts the marketing communities and their tendency to try to win parishioners as consumers rather than worshipers advertising the most palatable environment rather than trusting the truth to be attractive He takes particular issue with the most popular evangelical movement in recent years the emergent church Emergents he says are postmodern and postconservative and postfoundational embracing a less absolute understanding of the authority of Scripture than traditionally held *The Courage to Be Protestant* is a forceful argument for the courage to be faithful to what Christianity in its biblical forms has always stood for thereby securing hope for the church's future *Sunday School That Really Excels* Steve Parr,2013-06-13 Adult Sunday school can effectively increase the health

of a church and foster community and spiritual formation among its participants *Sunday School That Really Excels* is a revealing look at actual churches with adult fellowships that not only survive but thrive No matter the setting or challenges facing your church this book is highly encouraging and practical Various authors contribute chapters that blend an illustration of an excellent existing Sunday school ministry with scriptural support and leadership principles to enhance your own church's ministry Chapters are devoted to particular situations faced by many churches such as Sunday school in a rural setting on the heels of a crisis in a multicultural community among transition to small groups revitalizing a long established ministry and many others Sunday school expert Steve Parr brings together lessons from the best of the best so that all Sunday school ministries can excel Reaching Out Through Christian Education Steve Clapp,Jerry O. Cook,1995-04

Sunday School That Really Works Steven R. Parr,2013-12-10 For those who declare it doesn't work here is a book that can stimulate encourage and hopefully correct the problem that many churches and pastors have declared to be the problem Many have prophesied the demise of Sunday school however in this resource Steve Parr encourages the church to utilize a tool it has used for over a hundred years to be intentionally evangelistic Fully inundated with proof that Sunday school can bring vitality to your church *Sunday School that Works* aptly charges the church with reengaging its Great Commission using

Senter III, 1997-03-05 Things have changed The Truth has not The 1950 s are gone forever The days of the Sunday school attendance award and the much loved Sunday school picnic have faded into oblivion Yet some youth ministries still operate as if today s kids are living in a vacuum unaffected by the changing morals of today s society How can we reach these kids with the truth of the gospel More than fifty of America s youth experts give advice and encouragement to those who long to see this generation know the love of Christ They help readers think through their philosophies of youth ministry break down barriers that impede progress and maximize their own gifts and the gifts of those who work with them They answer tough questions such as How can leaders build a relational youth ministry How can we find and support volunteers What are the issues women face in youth ministry How do we minister in ethnic communities How should we respond to popular culture How can we help hurting adolescents You can have a vibrant youth ministry even in these uncertain times You can reach this generation for Christ **The Unchurched Next Door** Thom S. Rainer, 2009-05-26 In a national survey conducted by author Thom Rainer and his staff eight out of ten unchurched men and women said they would come to church if only someone would invite them When and how is the next big question Rainer helps you figure out where your neighbors friends and coworkers are in their spiritual quest and how you can know who among the unchurched people in your life are receptive to Christ In this fascinating book Rainer identifies five faith stages that represent your running buddy your sister in law or your hairdresser A discovery we made is that reaching lost and unchurched people is not always best accomplished with some cookie cutter strategy Rainer writes The unchurched are different in how they respond to the gospel How different You will be amazed at the variables that exist when it comes to how open people are to the Christian message Open this book and open your mind and heart to the powerful new possibilities of reaching The Unchurched Next Door [Creative Bible Lessons in Galatians & Philippians](#) Tim McLaughlin, J. In and Out of Church Steven M. Tipton, 2024-09-16 Why are so many Americans leaving church Half no longer belong to a congregation A quarter now say they are unchurched up from one in six a decade ago and one in twelve a generation ago led by more than a third of young adults Where have they gone and what are they doing instead What moves them What should we make of it What can we learn as well from those who have stayed or returned and from congregations that have sparked their continuing commitment or renewed participation After decades of drift and several long years of grievous pandemic that shut church doors and crowded the internet the time has come to weigh these questions more closely and answer them more carefully We need to open a keener moral inquiry into the arc of spiritual change in America We need to probe a thicker cultural account of intergenerational religious influence and inspiration that we practice today in forms of ritual action sacred expression and moral community that reach far beyond the pews In and Out of Church tackles these tasks It's a book voiced by spiritually attuned morally articulate young adults adrift from the churches and temples of their childhood yet immersed in currents of spiritual practice and imagination now shifting the shape and course of American religion In heartfelt dialogue with their baby boom parents these Millennials ponder how and why they got here in terms that open up and deepen the spiritual but not religious story sketched by surveys of religious nones This book brings these numbers to life and makes moral sense of this story of individuals leaving church by setting it within the larger cultural drama of modern multiplex society and quicksilver selfhood in search of authentic fulfillment in caring community It takes the reader inside a mushrooming megachurch in Silicon Valley and three thriving mainline congregations in Atlanta to see how they reach out to unchurched young adults and hold onto their own as they come of age by putting belonging before believing and behaving They lift up spiritual experience above creed and code and they challenge conventions of organized religion in ways that many spiritual and religious churchgoers have now come to embrace

The Purpose Driven Church Rick Warren, 2007-09-04 The issue is church health not church growth if your church is healthy growth will occur naturally So how do we make healthy churches driven by purpose In order for any church to thrive it must be built around the five New Testament purposes given to the church by Jesus Christ In this classic of Christian church stability pastor and bestselling author of The Purpose Driven Life Rick Warren unpacks this proven five part strategy that will enable your church to grow Warmer through fellowship Deeper through discipleship Stronger through worship Broader through ministry Larger through evangelism Every church is driven by something Tradition finances programs personalities events seekers and even buildings can each be the controlling force in a church But Warren will show you how to concentrate on building people and let God build the church In other words healthy consistent growth is the result of balancing the five biblical purposes of the church And The Purpose Driven Church will show you how to do that The Purpose Driven Church has brought focus and direction to more pastors and church leaders than you can count What a gift John Ortberg bestselling author

Getting Students to Show Up Jonathan McKee, 2009-07-13 Whenever I talk with youth workers at big events I see the same look in their eyes It s the look of I want to pull off an event like this I regularly get phone calls from youth workers around the country saying We ve never done anything like this before but we wanted to do a big evangelism event At 80% of the events I speak at each year it seems as if the youth worker in charge expected large numbers only to get a fourth of his or her expectations The heart is there and the motives are pure but the experience and know how are in short supply Most youth workers would love to pull off successful outreach events if they only knew how Youth workers are only learning how to program outreach events by trial and error They need a resource to not only teach them the basics in programming outreach events but also give them tools and examples that actually work This book will help them understand the mindset of this outreach crowd and give them the tools to plan effective outreach programs The book will show them examples of how NOT to do it as well as giving them ready made events that work It will also provide the basics such as the importance of DRAW and aligning every single element with the events PURPOSE The

target market is all youth workers who want to plan weekly outreach programs big events or campus programs A secondary audience would be student leaders who want to learn how to run 20 minute lunchtime Bible Clubs geared for outreach Youth workers would be the gatekeepers to this audience because they are the ones who would purchase the books for their student leaders

Understanding the Principles of Church Growth Professor Isaac O. Ojutalayo, 2019-04-06 The author of this work Isaac Ojutalayo has done his research on the subject of leadership and church growth The contents of this book are the written evidence The eleven chapters embrace some of the most important and necessary things that leaders should learn and practise whether they are ordained ministers or lay workers in the church The principles he has written about can also be applied in circular organisation This book reveals Dr Isaac Ojutalayo s academic achievement and experimental development He has divided each chapter into readable sections that can be easily discussed and studied The book is suitable for individuals and groups who are called by God to lead His people Dr Isaac Ojutalayo is passionate that leaders be men and women of excellence whether the congregation they lead is large or small He stresses communication generosity honesty and continuing education with the highest level of trust all essential elements of church growth He points out repeatedly that the church and the world community are suffering from a crisis of leadership that bold and honest leaders are needed in the church and in the marketplace as well as in the home In my analysis he has called for transformational leaders to rise up and effect change It is very clear that he is saying that many leaders work within situations Transformational leaders change what can be talked about whereas many other leaders talk about pay offs Transformational leaders talk about goals Many leaders bargain whereas transformational leaders appeal to a common vision Dr Isaac Ojutalayo argues that desperately needed Christians and transformational leadership will not emerge until we have a model of a transforming leader I believe that Jesus Christ was and is the most effective leader the world has ever known It is with unreserved joy that I recommend this publication to those who are interested in church leadership Professor Clinton L Ryan ThD
