Reaching For The Reins

Reaching For The Reins:

Reaching for the Reins Tara Carlsen, 2013-10-21 Tara Carlsen wanted to help at risk students learn without relying on stale clinical teaching methods. Instead of trying to find solutions in the classroom, the mathematics teacher transplanted failing students from an alternative high school to a horse ranch. There she encouraged them to reach for the reins and she witnessed dramatic results. Students who could not relate to their peers or teachers could relate to horses and suddenly their futures looked a whole lot brighter. Carlsen and her students proceeded to take an inspiring journey learning the basics of horsemanship through equine assisted learning, a therapeutic approach to interpersonal development using horse related activities. After learning the basics, the students taught peers with special needs what they'd learned, drawing upon their own struggles and triumphs to help them achieve success. Punctuated with humor, heartbreak, and hard won triumph, *Reaching for the Reins* chronicles the struggles and successes of these students over five years. *Reaching for the Reins* Lou

Dean, 2000-11-01 Fifteen year old CJ, while trying to adjust to her parents' recent divorce, must face the reality that the boy she loves has been involved in a school shooting. She gets on her horse, takes her dog, and runs away from home to come to terms with the tragedy. The Book of Gideon Timothy Estorga, 2021-06-29 This story is not intended to demonize one side and glorify another, nor is it to romanticize death, for death is not romantic to those who stand face to face with it. It will simply try to tell of a generation of civilians caught in the middle of a war that lies just right outside their front door. Even though they may have escaped from the shells falling from above, they were devastated by it. Volume one of *The Book of Gideon* is told through the eyes of a French farming family trying their best to survive the very beginnings of the Great War.

Sarah M. Peale America's First Woman Artist Joan King, 2012-07-10 Practically every member of the Peale family contributed to America's early art and culture, and Sarah Peale was the first woman artist to have made a living from her work. Having learned to paint from her renowned father, she painted several famous people, including Lafayette, Andrew Jackson, Thomas Hart Benson, and Daniel Webster. Sarah was a passionate woman bent on being successful as an artist. She was also a woman of strong passion with a will to love and to be in love. Though unmarried, she nevertheless loved her men fiercely. As a respected artist in Baltimore and in Washington, Sarah can truly be considered America's first woman professional artist, her art work continuously being in demand during her days and now hanging on the walls of prominent American museums. Johnstone and J.A. For generations, the Maddox and Drew families have ruled the county.
