El-Hi Textbooks & Serials in Print, 2005, 2005 *Multicultural Issues in Literacy Research and Practice* Arlette Ingram Willis, Georgia Earnest Garcia, Rosalinda B. Barrera, Violet J. Harris, 2014-04-04 This volume brings together researchers and participants from diverse groups reflecting the different ways in which the field of multicultural literacies has been interpreted. A common theme across the chapters is attention to the ways in which elements of difference—race, ethnicity, gender, class, and language—create dynamic tensions that influence students' literacy experiences and achievement. The hope of the editors is that readers will build on the experiences and findings presented so that the field of multicultural literacies will have a greater impact of literacy research, policy, and practice.

Multicultural Literature and Response Lynn Atkinson Smolen, Ruth A. Oswald Ph.D., 2010-12-22 This compelling book emphasizes the critical role of quality multicultural literature and reader response in today's schools and libraries. All students need access to books in which they can see themselves, not just their physical appearance but their culture and language as well. *Multicultural Literature and Response: Affirming Diverse Voices* was written to help teachers and librarians find and use the best multicultural books in the service of reading comprehension and more. Underscoring the necessity of selecting quality literature that authentically, sensitively, and accurately portrays different groups, the book defines multicultural literature and provides a strong argument for its importance in schools and libraries. Expert contributors guide users to multicultural authors and illustrators who portray U.S. ethnic and cultural groups and they suggest ways to integrate this literature with writing fluency development, storytelling, and audiovisuals. Extensive lists of books and websites that feature multicultural literature as well as of authors, illustrators, and publishers of multicultural literature make it easy to include such works in programs across the curriculum.

Resources in Education, 1999-04 *Raising Multicultural Awareness in Higher Education* Ana Maria Klein, 2012-05-24 *Raising Multicultural Awareness in Higher Education* is written for teacher candidates who are becoming culturally responsible and informed reflective practitioners. It is divided into eleven chapters and follows an organic exploration of theory and practice. The individual chapters of the textbook are broken down into two parts: 1 theory and 2 practical applications. These two distinct parts evolve as explorations of 1 self and other and 2 teaching and learning. As readers explore the contents of the textbook and carry out the suggested teaching and learning exercises, they will find themselves equipped with a toolkit for addressing multicultural education concerns.
