Being Here Manini Nayar, 2022-02-28 We are all now writing stories Sometimes in memory sometimes in air The wind lifts and passes us in gusts Our stories scatter over continents camouflaged histories we cannot share In Being Here Manini Nayar brings together a finely crafted collection of interconnected stories that follow the daily miracle of her characters inner lives Nayar brings to the forefront immigrant women making their way in the world as mothers as wives as outliers and as rebels She writes about their insistence on autonomy the absurdity of the struggles they face and their occasional triumphs These stories loop and double back across time and locales linking characters through memory while illuminating lives forever changed by an offhand phrase an act of will or an unsought encounter Readers will meet a wide array of characters but it is Nina with whom they will become most familiar as she appears throughout the collection first as a young wife brought to the US by her husband Siddharth Vellodi second as an older sister and third as a divorced mother whose daughter's fateful rebellion remains the mysterious and incandescent center of the stories Nayar's exploration of inward lives as the locus of dramatic action and events allows both characters and readers to grapple with simply being In doing so Nayar reveals the performative aspects of language particularly its ability to create destroy and heal connections In poetic and eloquent prose Being Here constructs a luminous collage of restless immigrants united by their shared deference to a brave new journey In their burgeoning voices another America is found both latent and radiantly alive Bardolomy Norbert Weissinger, 2022-03-21 Bardolomy tells the story of a man who travels to the stars in search of happiness and a new home Earth is flooded and Europa his workplace is a frozen world After a perilous journey he finds a world inhabited by intelligent beings that have created a model society Welcomed by a friendly race of evolved humans engineered by an AI he discovers the terrible secret to their survival The planet has such a hellish climate of storms torrential rains solar flares and searing heat from two suns that the people must hibernate underground during the Burn season He must either repair his ship and resume a possibly futile quest for a more hospitable planet or modify his genetic structure and transform into a different species In addition by bringing advanced technology and weapons he awakens an ancient interspecies rivalry that threatens to undermine the harmony of the civilization Combining philosophical speculation with a gritty survival tale Bardolomy takes the reader on an escapist ride into the future and a man's search for identity in an age of manufactured humans Lipstick

Jihad Azadeh Moaveni,2007-03-31 As far back as she can remember Azadeh Moaveni has felt at odds with her tangled identity as an Iranian American In suburban America Azadeh lived in two worlds At home she was the daughter of the Iranian exile community serving tea clinging to tradition and dreaming of Tehran Outside she was a California girl who practiced yoga and listened to Madonna For years she ignored the tense standoff between her two cultures But college magnified the clash between Iran and America and after graduating she moved to Iran as a journalist This is the story of her search for identity between two cultures cleaved apart by a violent history It is also the story of Iran a restive land lost in the twilight of its revolution Moaveni s homecoming falls in the heady days of the country s reform movement when young people demonstrated in the streets and shouted for the Islamic regime to end In these tumultuous times she struggles to build a life in a dark country wholly unlike the luminous saffron and turquoise tinted Iran of her imagination As she leads us through the drug soaked underground parties of Tehran into the hedonistic lives of young people desperate for change Moaveni paints a rare portrait of Iran s rebellious next generation The landscape of her Tehran ski slopes fashion shows malls and cafes is populated by a cast of young people whose exuberance and despair brings the modern reality of Iran to vivid life
